Rector Writes Book About His Great Grandfather

The Rev. George B. Holmes, rector of Saint Paul's Episcopal Church, has written a book about his great-grandfather entitled "The Life and Contributions of George Frederick Holmes, Scholar, Teacher and Writer".

It all began when he took weekend classes at Virginia Polytechnic Institute in Virginia and used a sketch of his ancestor for a Master of Science thesis. He was asked to add several chapters under various titles and the thesis became a book. Mr. Holmes will appear before a board of six men and women Thursday in Blacksburg, Virginia, for official acceptance of the work.

The research actually required 13 years and involved nearly 200 people, necessitating visiting 17 libraries from Mississippi to New York City and from London to British Guiana. Mr. Holmes has personally done all required research except what was found in Georgetown, B. G.

His great-grandfather is known as the American Father of Sociology, author of a number of textbooks known as the Holmes' Readers, Histories, Spellers, Grammars, etc., and was a collaborator with such men as Maury, Venable, McGuffey, and a correspondent and acquaintance with many well-known men and women of the nineteenth century.

GET SCISSORS AND FOLD SOME PAPER—You'd have to be pretty good to come up with a string of paper dolls as fetching as these pictured in the surf at Daytona Beach, Fla. They may look like figures cut from paper, but closer inspection reveals that the pretty Cypress Gardens Aquamaids are real, living dolls.

Humpty-Dumpty is no tragedy at all if he falls into the hands of a homemaker. For an egg is both good eating and good nutrition.

March has been designated as "Egg Month". We should look for new recipes and try to serve eggs in many new ways during March.

From the dietitian's standpoint, an egg is a combination of proteins (all the amino acids needed for growth and body maintenance); essential fats; vitamins A, B1 (thiamine), B2 (riboflavin), niacin, D, E, and K; and the minerals—iron, phosphorus and calcium. All this... in one of the neatest food packages ever designed.

From the gourmet's standpoint, the egg is indispensable to meals and meal preparation. It is served not only as the main dish, but is an important ingredient in a myriad of prepared dishes.

Eggs make fine dishes for breakfast, lunch, dinner or later suppers. They make healthy children, contented husbands, and enthusiastic guests. Serve some every day. Eggs will be an unending pleasure with the wide variety suggested in the modern homemaker's cookbook.

Why not try these new recipes on your family during the month of March?

Philip S. McMullan Speaker At Rotary

Philip McMullan was in charge of last week's Rotary program, at which time he gave a brief history of the Fifth Battalion in World War I. His remarks had to do with the organization of the outfit at Camp Belvoir, Va., training and equipping for overseas service and activities in France from 1917 to 1919.

Mr. McMullan's outfit returned home May 20, 1919, landing at Brooklyn, and in two days, Mr. McMullan said, the company officially disappeared from the army lists and its members scattered to the four corners of America.

"The outfit had about a year and a half of perhaps the most varied military service that ever came to a unit of the American Army," said Mr. McMullan. "At the front, in the lines of communication down on the Loire—lumbering, roadbuilding on two continents, in contact with all service branches, the 15th company had its share."

Errol Flynn and Jack Hardison, Edenton seniors, attended the meeting as Junior Rotarians. Col. Jay McDonald was also inducted into the club by John A. Holmes.

LIONS MEET MONDAY

"KING OF BASKET BALL"...

FIVE THOUSAND TIMES FIRST—Jockey Johnny Longden, astride "Benjie," returns from the finish line at the Santa Anita race track in California recently, after riding his 5,000th winner, the most in history. The 47-year-old jockey achieved the mark after riding in more than 25,000 races over a 30-year span. He has won over 16 million dollars in purses, accounting for his "Mr. Moneybags" nickname.

HAD TO HAPPEN—Women have been jamming so much into their purses all these years that it isn't the least surprising to find one that can hold the whole woman. English film star Susan Beumont smiles prettily from her position inside this six-by-two-and-one-half-foot leather purse at Leather Goods Industries' Fair in London.
