

Negro Home Demonstration News

By MRS. ONNIE S. CHARLTON, Negro Home Demonstration Agent

Yesterday we completed our 4-H club meetings for May at White Oak Consolidated School, St. John and Edenton High Schools.

In these meetings we studied a serious problem under Health and Sanitation, on "Get Rid of Flies and Mosquitoes," that I would like to discuss today. The County Agent, J. B. Small, gave a demonstration on "How To Make A Window Screen" and I a demonstration on "How To Prevent the Breeding of Flies and Mosquitoes." In general here are points we discussed. We trust parents will work with 4-H club members on these.

Three Ways To Control House Flies

1. Home must be screened. All windows and all outside doors.

2. Destroy breeding places by cleaning up all filth. Keep home, yard, toilet, stables, etc., clean.

3. Kill all flies with swatters or sprays as soon as they get into the house.

What The 4-H Club Member Can Do To Prevent The Breeding Of Mosquitoes:

1. Drain all standing water.

2. Fill depressions in the ground that hold water.

3. Apply kerosene or No. 2 fuel oil to collections of ground water that cannot be eliminated by drainage, such as stagnant ditches, clay pits, ponded areas, privy pits and hog wallows.

4. Eliminate unnecessary receptacles that hold rain water, such as tin cans, old rubber tires, discarded buckets, fruit jars and bottles.

5. Keep roof gutters free of trash, such as tree leaves, and maintain them in such a manner that they do not sag and hold water.

6. Drain watering troughs, bird baths, flower vases and other unprotected water containers once a week. Allow them to dry thoroughly before refilling.

7. Keep 16-mesh wire screens over barrels and other containers used to save rain water.

8. Mosquito-proof the home by putting snug-fitting screens and exhaust fans. Sub-standard homes with holes in the floors, roofs or outside walls require additional mosquito proofing by patching over such places. Porches and chimneys with open fireplaces should also be screened in areas where mosquitoes are abundant.

9. Apply residual sprays of DDT or other approved chemicals to out buildings, porches and screens. In homes that are not mosquito-proof the interiors should also be treated.

Home Improvement Tours

Cisco home demonstration club held its tour Tuesday and Edenton on Wednesday of this week. Today (Thursday) White Oak Club women will have their tour. Monday, May 20, Paradise Road will make inspection and Tuesday, May 21, Hudson Grove will meet at the hall at 1:00 P. M., to start their tour.

4-H Leader Meeting

Six 4-H Club leaders met Saturday, May 11 at the home agents' office. Plans were worked out for 4-H club meetings to be held in June. Leaders will have charge of these meetings, giving the demonstration "How To Can Tomatoes and Fruits." Leaders were trained in giving this demonstration by the agent. Those present were Mrs. Rosa Overton, Warren Grove; Mrs. Olivia Wiggins and Mrs. Evalina Harris, St. John; Mrs. Arizona Fleming and Mrs. Mamie Felton, Center Hill and Mrs. Clara Newby, Triangle.

Operation Remember" Hails War "Greats"

A long delayed tribute will be paid to fifty of America's top retired World War II Admirals, Marine Generals and its most decorated Naval and Marine enlisted personnel on May 1st, 2nd and 3rd by the Navy League of the United States in celebration and gatherings to be held in both Annapolis and New York City, reports the New York Convention and Visitors Bureau.

In a series of events, dinners and parades, that has been aptly titled "Operation Remember," these former Naval and Marine "greats" will receive the homage and honor they so richly deserve and is far overdue.

Starting with a regimental review of Cadets at Annapolis, the entourage will fly to New York as guests of the Navy League and New York City where they will be greeted by Mayor Robert F. Wagner, following the traditional parade up the canyons of lower Broadway.

Also honoring the distinguished visitors during their New York sojourn will be elements of the Fleet and Air Arm to include the famed "Nautilus," the Regulus II guided missile, and the A4D, Navy's fastest jet combat plane, which will all be open for viewing by the general public.

Topping the honor list in "Operation Remember" will be such noted wartime figures as Admirals William D. Leahy; Chester W. Nimitz; William F. "Bull" Halsey; Raymond A. Spruance; Thomas C. Kincaid, and Marine Generals Alexander A. Vandergriff; Clifton B. Cates and Lemuel C. Shepard.

Trailways Adds New Trips To Norfolk

Effective May 15 through September 15, Trailways will operate an additional bus trip daily from Edenton to Norfolk, W. G. Humphrey, traffic manager of Carolina Trailways, has announced.

This extra summer service leaves Edenton at 6:20 A. M., and arrives in Norfolk at 8:40 A. M., permitting a full day's shopping in Norfolk or a visit to nearby Virginia Beach, before the return through coach leaves Norfolk at 5:45 P. M., arriving here at 8:05 P. M. For a longer Norfolk or beach stay, there is also a return schedule leaving Norfolk at 10:15 P. M., getting here at 12:18 A. M.

With the increased summer service, Trailways now provides six trips daily from Edenton to Norfolk, with additional service Saturday afternoon and early Sunday morning. The regular 8:40 P. M. bus from Edenton, Humphrey explained, is the through-liner going to New York, providing no-change enroute.

Minutes Of County Board Of Education
