

## Enterprise HD Club Publishes Cook Book Favorite Recipes

Are you one of those women who likes to try a new recipe? The Enterprise Home Demonstration Club has compiled a book of famous recipes by famous people in public life, as well as a special section of cooking "secrets" submitted by the famous cooks in Enterprise Club. The two features combined become a "treasure-chest" for good eating.

The section of recipes by famous people includes, among others, such dishes as President Eisenhower's favorite old-fashioned beef stew. Mrs. Elmer E. Robinson, wife of the Mayor of San Francisco, Calif., contributed a mouth-watering Chocolate Walnut Layer Cake recipe.

Under the direction of Mrs. Gus Spruill, former president of the club, the members submitted their favorite recipes for the publication. All of these recipes are home-tested by the cooks who contributed them. Ads were sold to local business concerns for the publication of the book.

Mrs. Fred Bunch, president, states that the sale of the book has been most successful, with only a few copies still available. Comments indicate that those who purchased books are well pleased with its contents.

One of the recipes to be found in the book, from the kitchen of Mrs. George A. Byrum, is a "Chicken Casserole," as follows: 2 1/2 or 3-lb. chicken, flour, salt, pepper, 1 teaspoon paprika, 1 cup cream of mushroom soup, 1/2 cup milk or water. Cut chicken into serving pieces. Season flour with salt, pepper and paprika. Place in paper bag; add pieces of chicken and shake until chicken is well coated with flour. Brown in hot fat. Place pieces of chicken in casserole. Thin soup down with milk or water and pour over. Bake 350 deg. F. 2 to 2 1/2 hours. Delicious and easy.

A recipe that is now "in season" is for "Watermelon Rind Pickle," which Mrs. H. C. Goodwin, Sr., states that she has not disclosed to anyone before this publication. Soak overnight about 10 pounds watermelon rind cut in desired size pieces in cold water in which you have dissolved 1 package Lilly's Lime Powder (about 1/2 oz.). Drain, wash, cover

with salted water and let come to boil, boil 10 minutes. Make syrup of: 3 qts. vinegar, 7 1/2 lbs. sugar, 1/2 pkg. pickling spices (tied in cheesecloth bag). Drop watermelon rind in syrup and cook until tender. Pack at once in jars, cover with syrup, seal and store.

There are many other recipes for mealtime dishes, cookies, breads, cakes, frostings, pies, salads, custards and miscellaneous dishes included in this book. These have been submitted by Mrs. Byrum, Mrs. Goodwin, Mrs. John F. Perry, Mrs. L. C. Bunch, Mrs. Melvin Forehand, Mrs. Rodney Harrell, Mrs. Russell H. Byrum, Mrs. Gus Spruill, Mrs. Marian Judd, Mrs. E. E. Harrell, Mrs. David Goodwin, Mrs. Scott Harrell, Mrs. West Byrum, Jr., Mrs. W. H. Hollowell, Sr., Mrs. J. Wallace Goodwin, Sr., and Mrs. Robert Harrell.

## Advance Local 4-H Club Votes Meet Twice A Month

The Advance Community Local 4-H Club continues to be very active. The regular meeting time for this club is the first Monday night of each month. Meetings are usually held at the Advance Community Building, which the 4-H boys helped build and landscape. Organized recreation was held after the meetings.

At the most recent meeting on Monday night, July 1, the club members voted to meet twice a month instead of once. The second meeting will be held on the third Monday night of each month during the remainder of the summer months. The agents explained to the group that the local leaders should always be present at their meetings, particularly when the agents are not. It will be rather difficult for the agents to attend two meetings per month of his club, therefore, the local leaders are expected to assume the second meeting of each month. Local leaders of this club are Mr. and Mrs. Bristow Perry, and Mr. and Mrs. Jarvis Skinner. They have done an excellent job and can be depended upon to continue their good work. Mr. and Mrs. Perry were particularly helpful in planning and executing the 4-H Church Sunday program which was held on May 26.

**PRESERVED IN WATER**—The new German Navy's first training submarine, UW 20, floats in the Kiel harbor after lying 28 fathoms deep in the Baltic Sea for 11 years. The sub, which never fired a shot or a torpedo at an enemy vessel, required a year of renovation after it was hoisted and raised from its watery resting place.

## 60 - SECOND SERMONS

FRED DODGE

TEXT: "A difference of opinion makes horse races."

—Mark Twain.

The Inspector on a reservation felt that he should explain the law to a certain Indian.

"See here," he said, "it is against the law to have more than one wife. The law must be obeyed. When you get back home, you tell all your wives, excepting one, that they can no longer look on you as their husband." The Indian was quiet for a moment. Then he suggested, simply, "You tell 'em."

It is easy to tell others what they should do. Yet this habit sets up more friction than any other act.

Here in our country, we do

most of our fist-shaking at those who say that our government should force everyone to have the same attitudes toward everything for the "good" of all. We each want our freedom to choose what we feel is good for us, personally. The same is true among nations. Should we expect other countries to embrace our customs and laws because we think they are "good"? It could be that the people of other nations are as fierce-ly independent as you and I. It could be that they resent us telling them how to think and act. Yes, it could be.

applicants will be ordered to Pensacola, Florida for flight training duration of 18 months.

If not selected for flight training due to quota limitations, enlistees will be ordered to school in accordance with current program. They may subsequently become eligible for one of the Navy's other officer programs.

### ACCIDENT FACTS

Rateign—breaking a traffic law is one sure way to an accident. But in a study by the State Department of Motor Vehicles of last year's fatal auto accidents, it was learned that death sometimes struck during a lawful maneuver. For example: Ten drivers were involved in fatal accidents when passing another vehicle, 23 when avoiding another vehicle, 11 when avoiding a pedestrian, 58 when their vehicles skidded, one when struck by a driverless vehicle, and five when backing up.
