HERE'S WHY THE REVOLVING AGITATOR LAUNDROMAT IS BEST

Washes Cleaner!
There's no old-fashioned center-post. Clothes go inside the Revolving Agitator which lifts, turns, plunges them 50 times a minute. Washes all the clothes all the time.
THE SAND TEST PROVES IT!

Rinses Better!
Revolving Agitator lifts clothes while soil and dirty water drain away from (never back through) them. Center-post machines strain it all back through the clothes.
THE SAND TEST PROVES IT!

Cleans Itself!
Because of its patented design, the Laundromat cleans clothes better, then automatically cleans itself—ready for the next load. All sand, sump, lint go down the drain.
THE SAND TEST PROVES IT!

SAVES HALF THE DETERGENT, UP TO 23 GALS. WATER PER LOAD
Patented Weighing Door is actually a scale; weighs clothes and indicates exact setting for Soap 'N Water Saver. Then your Laundromat measures out the precise amount of water needed for the load. Saves soap or detergent, too!
