

Memorials Given To Heart Fund

Dr. Ed Bond, Chairman of the Chowan County Heart Committee, announces that increasing numbers of individuals and organizations are remembering the dead and giving comfort to the living by contributing through the North Carolina Heart Association to a fund for scientific heart research.

To make a memorial gift, the check should be written to the Treasurer, George Hoskins, of the Chowan County Heart Fund, and the donor should state the name of the person in whose memory the gift is made, and the name and address of the next of kin to be notified of the gift. These gifts are acknowledged promptly, both to the donor and to the next of kin.

February Quiet Days In Episcopal Churches

Episcopal women will observe February Quiet Days in the Diocese of East Carolina, as follows:

February 16, St. Paul's Church, Greenville; February 17, Saint Mary's Church, Kinston; leader, the Rev. George B. Holmes, rector of St. Paul's Church, Edenton. Mrs. W. B. Rosevear of Edenton is Diocesan president of the Woman's Auxiliary.

Mrs. John K. Hoyt, of Washington, Diocesan Chairman of Devotions, has announced that a celebration of the Holy Communion will be held at 10 o'clock each day and the first address will begin at 11:15; luncheon at 12:45, with each woman bringing her own lunch. A beverage will be served by the hostess Auxiliary. The Quiet Day observance will be concluded at 2:30.

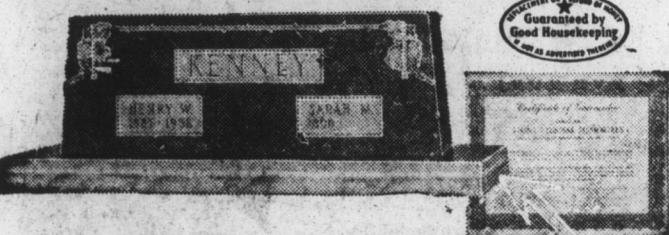

R. F. TUTTLE CRITICALLY ILL

Friends will regret to learn that R. F. Tuttle is in a very critical condition at a nursing home at Hampton, Va. On Tuesday hope of his recovery was rapidly fading.

Permanence!

The desire for permanence is a deep, inherent quality that exists in every woman. That is why the guarantee of the everlasting qualities of a Stone Eternal has such an appeal because it is a guarantee not only for this generation but for the generations to come... enshrined in memory for time immemorial.

A memorial to honor... to perpetuate in memory... is a fitting gesture only if it has meaning for the future as well as the present.

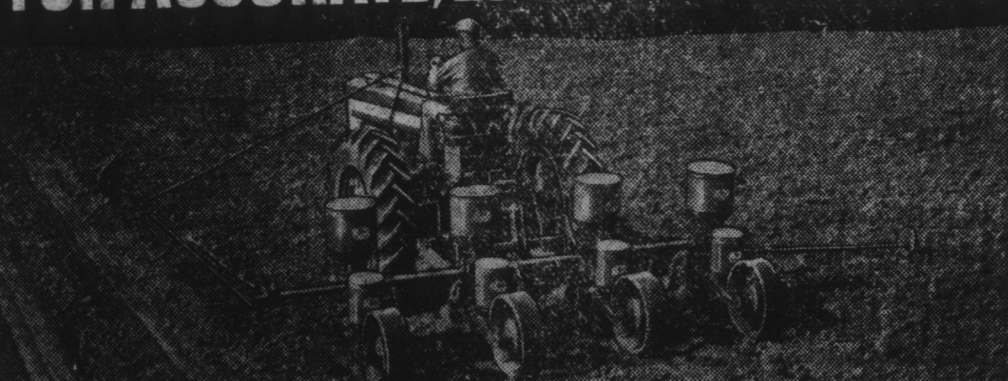

To keep alive the memory of the goodness... the greatness of a personality... let your memorial be one that carries with it the certificate of permanence... the Stone Eternal.

FOR ACCURATE LOW-COST DRILLING

Use a 23-B UNIT PLANTER.

Modern as tomorrow, the John Deere 23-B Unit Planter is a money-maker through and through. It just can't be beat for accurate, low-cost drilling of corn, beans, and many other seeds. The 23-B is a planter that will fit right into most any farming operation, large or small. You buy this practical planter in single units, attach as many units as you

like (depending on tractor power and tool bar length) to any 1 3/4- to 2 1/4-inch square tool bar. It even fits some cultivator rear rigs.

Right now is the time to be thinking about getting up-to-date planting equipment. Stop in and see us the next time you're in town. We believe you'll agree the John Deere 23-B is the planter for you.

Farm Equipment Needs Is a Lifetime Job with Us

ETERNAL PROMISE—Even as the bleakness of this winter scene is softened by the dormant buds of the old tree, with their promise of spring, the Cross in the roadside shrine in West Germany gives promise of Easter and a new religious awakening after the austerity of Lent.

Question: Has science developed any practical way to determine the size of a potential, steak chop in the live animal?

Answer: A machine that uses ultrasonic (very high frequency) sound waves to determine the depth of back fat and depth and width of loin eye muscles in cattle and hogs has been developed recently. USDA scientists think the machine will be particularly useful in both livestock marketing and breeding work.

Question: Is it important to get hogs calmed down before killing for home meat supply?

Answer: Yes. Try to avoid getting hogs excited before killing.

Question: What are classes of milk?

Answer: They are a method used to divide the available supplies of milk for the purpose of paying dairy farmers and are determined according to the product which is made from the milk. In North Carolina Class I milk is used to make homogenized and pasteurized bottled milk, multiple vitamin and vitamin D milk, chocolate milk and cream; Class II milk is used to produce butter, milk and skim-milk; Class III is used to produce butter, cheese and cottage cheese, milk powders, etc.

Question: Since controls have been voted out, how will the new corn program work?

Answer: Under the new program, there will be no allotments or commercial corn counties. All corn-producing areas will receive the same support prices. The supports will be set at the average national price paid for the three preceding crops, or 35 per cent of parity, whichever happens to be higher. For example, No. 2 yellow corn which was supported in commercial corn counties at \$1.49 in 1958, and \$1.12 per bushel in non-commercial counties, will be supported at \$1.28 per bushel in all counties in 1959. Under the new program, however, prices will be adjusted each year.

Question: Does it pay to fertilize forest trees? If so, what

kind of fertilizer should be applied?

Answer: These are questions scientists are not prepared to answer at the present time. A large number of studies are under way to obtain information on forest tree fertilization. It may be 10 years, however, before any conclusive results are obtained. The scientists must first figure out the mineral requirements of each tree species, and then decide if the application of these minerals will be economical.

Question: Does it pay to clip the udder and flanks of a milk cow?

Answer: Yes, say dairy specialists for the N. C. Agricultural Extension Service. The clipping saves time in milking, as well as time in cleaning the udder before milking. This is especially true during cold weather when the hair is long.

Lenten Services At St. Paul's Church

rector of Saint Thomas' Church, Windsor; "A Rule Of Life," February 19, by the Rev. Richard Ottaway, Trinity Church, Chocowinity; "The Devotional Life," February 26, by the Rev. John Broome, Saint James' Church, Belhaven; "The Prayer Book Way Of Life," March 5, by the Rev. John J. Ormond, Church of the Advent, Williamston; "Witness," March 12, by the Rev. Raby Edwards, Saint Christopher's Church, Havelock; "The Christian Soldier's Commission," by the Rev. John C. Owens, Saint Thomas' Church, Ahoskie; "The Lord's Supper," Maundy Thursday, by the Rev. George Holmes. All are cordially invited to attend.

Band Members Win High Rating At Clinic

Continued from Page 1—Section 1

In addition to the playing members of the band, each band sent a number of observers to observe rehearsal techniques and watch the band work out. Bob Powell, John Marshall, Vern Goodwin and Douglas Sexton were observers from the Edenton Band. Vern Goodwin, the band's drum major and exhibition twirler, also received some nine hours of private instruction from Robert Ellwanger of the East Carolina Band, who is recognized as

FACES AND FEET—Appropriate facial expressions are apparently just as much a part of the tango as footwork, judging by the way Abbe Lane and Paul Valentine go at it in New York. They were rehearsing for parts in a new Broadway musical, "Oh Captain!"

being one of the best exhibition baton twirlers in the country. He was high in his praise of the capabilities of Goodwin, stating that he showed more promise than any one student he had ever worked with.

Day Of Prayer Will Be Observed Friday

Continued from Page 1—Section 1

leads her subjects in prayer. Throughout the day observances are held in 144 countries, ending with the setting sun on St. Lawrence Island, Alaska.

The purpose of the day is to unite all Christians in a bond of prayer, to pray for all the peoples of the world, and to make an offering for Christian missions at home and abroad.

Each year the service comes from a different country. The service for 1959 comes from Christian women in Egypt.

the cost of promotion and extension has been met. All are cordially invited to attend and participate in not only this community, but world affair.

The Chowan Herald

Good Morning
An American traveling in Italy stopped at a small inn for the night and instructed the native courier who accompanied him to enter his name in accordance with the local police regulations. Later in the evening he asked the servant if he had complied with his orders. "Yes," was the reply. "How did you write my name?" asked the American. "Well, Signor, I can't pronounce it," was the reply, "but I copied it from your portman-teau." The American could not remember having affixed his name to his luggage, but being very tired, decided not to press the matter. The next morning he saw the light, whereupon coming downstairs he was greeted by the desk clerk with "Good morning, Signor Warranted Solid Leather."
