

WITH THE FARM WOMEN

By VIRGINIA M. NANCE, Extension Home Economics Editor

Seven Women Save \$70

An estimated \$70 was saved on dresses made by seven Contentnea Home Demonstration Club women. The homemakers modeled these dresses at a recent club meeting.

According to Mrs. Elizabeth W. Jones, home economics agent, Mrs. Enoch Dickens made the dress most expensive to construct. Her dress, a winter cotton with beautifully bound button holes, cost \$5. It was valued at \$20.

The least expensive dress to make was a black cotton broadcloth with a wide collar and white piping, constructed by Mrs. Roy Murphy. Total cost—\$3.50. Estimated value—\$10.95.

Other club members: Mrs. Carl Sutton, Mrs. C. H. Harpen, Jr., Mrs. Tom Dawson, Mrs. William Uzzle and Mrs. E. E. Croom all completed lovely dresses and participated in this project.

Ten Copper Planters

Ten beautiful copper tooled planters were the results of recent Chowan County craft workshop, sponsored by the Ryland Home Demonstration Club. Mrs. Eugene Jordan was their instructor.

Each of the women selected her design. It was traced on the copper and the work began. The women had little trouble in learning tooling techniques and thoroughly enjoyed their experience.

Miss Maidred Morris, home economics agent, said that the total cost of each planter was \$2.85.

Furniture Arranging

Moving furniture may be a standard joke among husbands. But, not to the Granville County Home Demonstration Club women. They have been alerted to making their homes convenient and comfortable for every member of their family.

Mrs. Dorothy Wilkinson, home economics agent, says constant re-arranging as the result of recent demonstrations may be ample cause for the husbands' re-

marks.

New Home With Conveniences

A life-time of "doing work the hard way" ended when Mrs. D. G. Shelton, Tusquitee community, Clay County, moved into her modern new home.

The attractive five-room home has a magnificent view of a peaceful valley and distant mountains. Mrs. Shelton is especially proud of the many windows both for the good natural light and enjoying the beautiful view.

Saves Almost One Half On Clothing Bill

A Bertie County homemaker is busy at her sewing machine. During a recent visit by Miss Susie Parsons, assistant home economics agent, Mrs. W. W. Daniels of Cooper's Landing displayed many garments she had made for her three children.

"It is possible to cut the cost of children's clothing almost in half," says Mrs. Daniels. "When I make clothes rather than buy them ready-made."

A garment she had made recently was a pair of dungarees for her little girl. They were made from two old pairs that had belonged to the oldest son.

Storage Problem Solved

"I can get my work done in half the time now that my equipment is conveniently placed," said Mrs. A. M. Chesson, Piney Grove Club member from Washington County. Mrs. Frances Darden, home economics agent, reported her storage problem was solved when she added a utility room.

Sure Cure

Salesman: "Your wife used to be so nervous. Now she seems quite cured."

Feed Dealer: "She is. The doctor told her her nervousness was a sign of old age."

MONUMENTS MARKERS MAUSOLEUMS

Permanence!

The desire for permanence is a deep, inherent quality that exists in every woman. That is why the guarantee of the everlasting qualities of a Memorial has such an appeal. Because it is a guarantee not only for this generation but for the generations to come... enshrined in memory for time immemorial.

A memorial to honor... to perpetuate in memory... is a fitting gesture only if it has meaning for the future as well as the present. To keep alive the memory of the goodness... the greatness of a personality... let your memorial be one that carries with it the certificate of permanence... the Certificate of Guarantee.

The Seal, etched on the base of a monument, is your assurance that it conforms to the highest standards of excellence in design, workmanship and quality and that it is backed by a written Certificate of Guarantee.
