**BUILDING ON HOPE**—Weather or no, Chicago wants to be ready, whether or not the Windy City is chosen as the site for the 1960 Republican National Convention. Workmen, above, step up construction on a new lakefront convention hall.

**HINTS TO Homemakers**  
BY RUTH CURRENT  
STATE HOME DEMONSTRATION AGENT

**Washing Care Means Longer Wear**—Home economists give us these hints for home laundering. Read the manufacturer's instructions to determine if the item is washable, as new finishes for fabrics are constantly appearing on the market. New fibers—Dacron, Orlon, dynel, Acrilan, Vicara, acetate, nylon and rayon—are now used alone, in combination with each other, or with the more familiar fibers such as cotton, wool, and silk. As a result of this, more and more articles of clothing are found to be washable by hand or by machine.

John J. Ross, Tom H. Shepard, Mr. and Mrs. W. B. Shepard, R. M. Smithson, E. W. Spires, Roy H. Spruill, E. K. White, T. B. Williford, Jesse M. Wilson, Dr. Frank Wood, J. G. Wood, Jr.

loose from curtains and repair weak spots before washing. Curtains should be soaked half an hour in suds. White or color fast curtains can be washed in hot water, otherwise lukewarm water is recommended.

**Stain Removal:** First rule for success in removing a spot to do it when the spot is fresh. Many fresh spots can be washed out in lukewarm water. The method to use depends on the kind of spot and fabric. For detailed information on stain removal, order Farmer's Bulletin No. 1474, "Stain Removal from Fabrics—Home Methods," from U. S. Department of Agriculture, Washington 25, D. C.

**Hand Wash Lingerie**—The general rules for hand washing of colored garments such as hosiery, socks, lingerie, blouses and scarves are quite simple:

1. Use lukewarm water.
2. Use mild soap or detergent to prepare suds.
3. Wash quickly (do not soak) and gently squeeze suds through and through the fabric. If badly soiled apply soap or detergent right to spots with fingertips, or

Woolen Blankets. Avoid excessive washing action, either by machine or by hand. Extreme agitation causes shrinkage in woolens. The procedure is similar for either hand washing or machine washing. Since wet blankets are bulky and heavy to handle the use of a machine is suggested. Lukewarm water is best since wool dyes are not always completely fast.

Let the blankets soak in suds for 15-20 minutes without washing. Then, machine wash for not more than one to two minutes. Use lightest wringer pressure, or if the washer uses the spin-dry method, use the full spin period. Rinse in clear water. Avoid over handling during rinsing.

Curtains: Do not let curtains get heavily soiled. It is very important to always shake dust

repeat washing with a second fresh water.

4. Rinse thoroughly; squeeze out excess water.
5. Smooth to shape and hang to dry (or roll in a turkish towel) to prepare for immediate ironing if pressing is needed.

It is true that hot water cleans faster than warm, but for fabrics which are not strictly color fast, warm water is safer. The lower temperature is recommended for all colored fabrics which are not guaranteed fast color. Some white fabrics, silk, wool and some of the new synthetics also need the protection of warm water as they are inclined to become yellow at high temperatures.

**Slips**—Don't let your slips get so dirty that they need to be scrubbed. Even dark slips need regular washing. It is safe to soak white slips in lukewarm water and suds, but dark ones should be washed quickly. After washing and rinsing, hang evenly on line or rod to hasten drying. Nylon slips rarely need pressing, but others may need smoothing with an iron. Have these slightly damp. Press on the

wrong side with a moderate iron. Place a folded towel or soft cloth under lace or embroidery to make the pattern stand up nicely.

**VFW MEETING**  
William H. Coffield Post No. 9280, Veterans of Foreign Wars, will meet Tuesday night, March 3, at 8 o'clock. Harold Langdale, commander, urges a full attendance.

**Scotch Triumph**  
Polly—When Jim and Elizabeth came back from their bridal trip he still had \$2.50 in his pocket.  
Peggy—The stingy thing.
