

Adult Classes Start At Brown-Carver Library

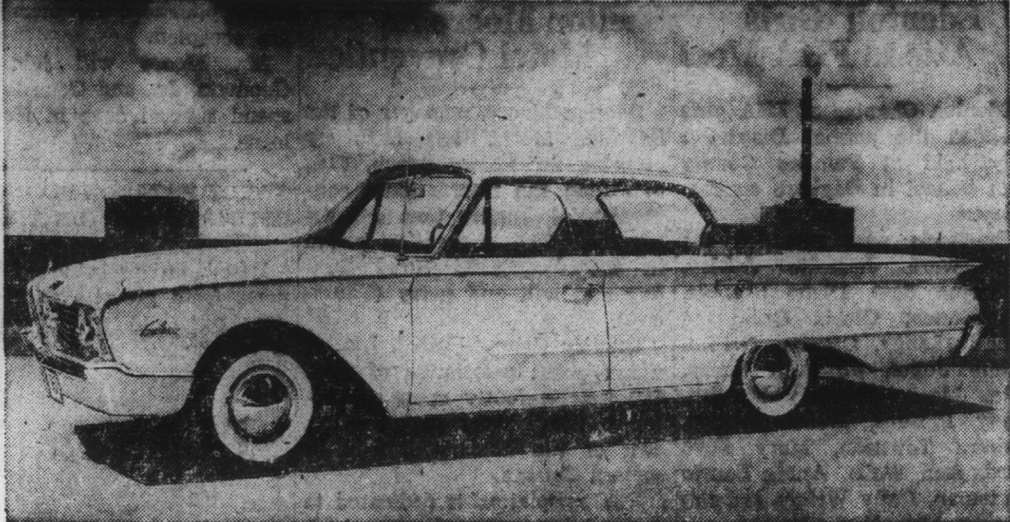

Classes in adult education are being organized at Brown-Carver Public Library. All interested should contact the library. The instructor is W. D. Fuller of Edenton and the sponsor is the Pettigrew Regional Library. After the organizational meeting which was held Tuesday, October 13, plans will be completed as to what subjects will be taught. Elementary reading and grammar are on the agenda for beginning classes but others may be added depending upon response and demand. Instruction and materials are free and all interested are urged to attend. The next meeting will be Tuesday, October 20, at 8 P. M., at Brown-Carver Library.

Tobacco Crop Down 30 Million Pounds

Production of flue-cured tobacco in North Carolina is estimated at 725,525,000 pounds on the basis of information from growers and warehousemen as of October 1. This latest forecast, published by the North Carolina Crop Reporting Service, is 30,150,000 pounds, or four percent below the September 1 forecast. As the season has advanced, marketings in the Old, Middle, and Eastern Belts have continued to weigh out lighter than producers originally expected. The crop as currently forecast falls short of the 1958 flue-cured crop of 736,855,000 pounds by 1.5 percent, and it is 15 percent below the 1948-57 ten-year average production of 851,836,000 pounds.

1934 Aces Reunion An Enjoyable Affair

pressing regret that they could not attend. At the dinner, Coach Bill Billings welcomed the boys, after which he left to get ready for the football game. Mavor John Mitchener then extended a cordial welcome and called on John A. Holmes to take charge. Mr. Holmes, who was gleaming with joy to see his boys together once again, gave a brief resume of the 1934 team and its enviable record in which the Aces went through the season undefeated, unscored on and never allowed an opponent to get closer to their goal than the 15-yard line. Mr. Holmes also called on all the 1934 boys to tell about some of their experiences during that memorable season which brought

This 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. The new Galaxie is one inch lower than the 1959 model, but has more interior room for six big persons than ever before. The Galaxie also is available as a two- or four-door sedan. All Fords for 1960 have the slim-line, forward sloping front roof pillar that eliminates the "dog leg" for easier entry.

out many interesting reminiscences. Coach House, Hiram Mayo, principal, and Bill Cozart and J. Edwin Bufflap, members of the press, were also called upon for a few remarks. After the football game the group gathered at the Triangle Restaurant, where they reminisced. All appeared to greatly enjoy the reunion, most of whom said they never expected to see so many of them together once again.

Woman's Day At Pleasant Grove

Sunday, October 18, will be observed as Woman's Day at the Pleasant Grove A. M. E. Zion Church on Carteret Street. At the 11 o'clock worship service the speaker will be Mrs. Dorothy Coston Council, wife of the Rev. Richard Council of the Metropolitan A. M. E. Zion Church in Norfolk. There will be a talent program at 7 o'clock. This program will include some of the talented women in Edenton. The public is cordially invited to attend these services.

Contract Awarded For Water Line

to complete the sewage improvements, and that at this time the surplus money should be used to decrease the amount of the bonds. The motion also suggested that Town Council consider adding a sufficient amount to the bond issue to cover the proposed building program. James Edward Privott was granted a request to operate a taxicab for Charlie Jernigan. The Council approved the application of W. P. Jones to sell beer off and on premises at the Sinclair Service Station. The application was approved sub-

ject to the State Alcoholic Beverage Control Board.

With reports concerning parking on Blount Street, the Councilmen gave some consideration to permitting parking only on the south side of the street. No action was taken, however, but an ordinance will most likely be passed to that effect at the next meeting.

George Alma Byrum reported that a nursery representative will be in Edenton Friday to consider planting more trees to replace some which have been taken down. A survey will be made to determine where and the kind of trees to be planted.

The Councilmen were held in session until almost the midnight hour.

A Country Home

There may have been a time when it was the part of wisdom to leave the country for the city. The time is here when the city is only for the young and those who have a business, a paying job or have plenty of money well invested. It is no place for the man or woman who is past middle age and are poor.

The years tell on the man or woman who is past middle age. The first question a person who is seeking work is their age. Only when workers are sorely needed will workers in the older brackets be employed. When unions go out on a strike and go back to work if there are any who are not reemployed it will be among the older workers.

In the city the turn of a spigot, the pressing of a light button, the kindling of a fire, every move costs money. Expense will not down in the city.

Mr. and Mrs. are often interested in DIFFERENT kinds of news. But BOTH turn to the newspaper as their fastest, most reliable source of information. And when it comes to matters that directly and importantly concern themselves, they count on the newspaper to give them the FACTS they need in order to make wise decisions and take effective actions.

Freedom of choice is basic to the American way of life. Freedom of the press is basic to freedom of choice. Without the accurate information on which to choose wisely and well, freedom of choice is meaningless. Your newspaper dedicates itself to keeping your channels of information forever open . . . keeping you up-to-date on everything on the local, county, state, national and international scene that affects your interests. It is, in fact, "freedom's textbook," providing the sinews of public debate and discussion on which democracy thrives.
