### Water Tank Now Being Painted

Continued from Page 1, Section 1

The Board solicits the cooperation of all the patrons of the Department and Town and wishes to assure them that the inconvenience to the public will be kept at a minimum.

There is no reason to believe that the majority of the water users will be able to see the difference. However, business and manufacturing interest having sprinkler systems should pay close attention to this equipment during this period.

The Board of Public Works regrets this inconvenience and assures its patrons it wishes to assist them in every way possible.

Should anyone wish further information or assistance, they are requested to telephone 2224.

### Churchwomen Will Meet September 19
