### Edenton Aces Run Rough Shod Over Williamston 45-6

#### Entire Edenton Team Plays Superbly With Carroll Forehand In The Limelight Again

Williamston's Green Wave was no match for Edenton's Aces Friday night in Williamston when the Aces walked off with the long end of a 45-6 score. The Aces were superior in every department of the game, so that the game was not very old before the outcome could be predicted.

The Aces scored the first time they got possession of the ball when Carroll Forehand grabbed a Williamston punt and, assisted with good blocking, raced 67 yards for a touchdown. Just about a minute later Forehand tore through the line for 37 yards for the second touchdown and with such electrifying suddenness, the Green Wave more or less wilted and apparently the Aces could score almost at will. Forehand chalked up four touchdowns during the night, while Richard Dixon, Douglas Sexton and Joe Mitchener each made a touchdown.

Forehand again was easily the star of the game, but the entire team played a good brand of ball. The entire Edenton line was a veritable brick wall for the Green Wave ball carriers, who were held to practically no gain the entire night. The Edenton linemen not only stopped the offense cold, but tore gaping holes for the Edenton ball carriers.

The Green Wave, however, had the satisfaction of scoring a touchdown during the slaughter. Late in the fourth quarter Sessoms struck Rogerson for two successive beautiful pass plays, which resulted in the score.

It was the Aces' 17th consecutive victory over a two-year period and the fourth thus far. **Continued on Page 1, Section 3**

### 20 Years Ago

As Found In The Files Of The Chowan Herald

Edenton citizens were no little bestirred regarding a statement in the Raleigh News and Observer to the effect that the N. C. Highway and Public Works Commission would consider a request, principally from Washington County citizens, to designate the highway across the Albemarle Sound bridge as U. S. 17-A. Following many telegrams and telephone calls, The Herald was notified by Carroll Wilson, First District Commissioner, that the Commission had rejected the alternate route after a thorough discussion of all angles concerned.

Following newspaper stories about sturgeon being caught in Albemarle Sound, Deputy Fish Commissioner C. G. Hayman made an announcement that it is unlawful to catch or have in possession of sturgeon in the Albemarle Sound. **Continued on Page 6—Section 1**

The exact date has not been released, so that The Herald greatly regrets the error in specifying October 4 as the date of the show.
