"The Disability Decision" is the title of a new 30-minute film which was recently produced by the Social Security Administration in cooperation with the American Medical Association to explain what physicians need to know about filling out a medical report for their patients who apply for disability benefits. To arrange for a showing of this film to your group, get in touch with the social security district office in your community. A member of the district office staff will be glad to show the film and provide further information about the social security disability provisions.

UNDERSTANDING

Suppose you were given keys that would unlock the mysteries of the universe. With them, you could answer the "whys" that plague all of us You'd know what was going to happen to you and those around you tomorrow-next monthnext year.

Would you use them?

Of course, you say! Think again. And, once you've thought, you might shake your head, hand them back, and say, "No thank you."

Common sense tells us that man was not meant to understand every mystery of life. The reasons "why" remain as they are because our Creator in His wisdom thoroughly knows just how much man can both stand and understand.

God has a greater gift for you than these, or any other keys . . . the gift of Faith. You will find it by going to church regularly.

THE CHURCH FOR ALL . . .

The Church is the greatest factor on earth for the building of charac-ter and good citizenship. It is a storehouse of spiritual values. With-out a strong Church, neither de-

out a strong Church, neither de-mocracy nor civilization can sur-vive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake: (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
