

## Cotton Referendum Is Scheduled To Be Held December 12

### Farmers on Same Day Will Have Opportunity to Vote on Peanuts and Tobacco

The cotton quota vote coming up on December 12 will mark the ninth consecutive year in which growers have voted on marketing quotas for their upland cotton crop, according to A. C. Griffin, Chairman of the Chowan County Agricultural Stabilization and Conservation Committee.

"Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quotas for each year's cotton crop," he stated. "In the vote last year, on quotas for the 1961 upland cotton crop, 96.6 percent of the growers voting approved the quotas."

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1961-62 supply of upland cotton exceeds the estimated normal supply by 2.5 million bales.

For 1962, Griffin says, Chowan County has a total of 2688.4 acres available for allotment to growers on which to grow their upland cotton crop. This represents Chowan County's share of the national allotment acreage of 18,101,718 acres, which includes 100,000 acres from the national acreage reserve to take care of minimum farm allotments.

Individual farm allotments will be available to producers in advance of the December 12 referendum.

"If at least two-thirds of the growers voting in the referendum approve quotas for the 1962 upland cotton crop, price support will be available to growers who comply with their farm allotments at the full effective level, and marketing quota penalties will apply to any 'excess' cotton produced on a farm.

If more than one-third of the voters oppose quotas for the 1962 crop, the allotment program will remain in effect, and price support will be available to cooperators at 50 percent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1961 are eligible to vote in the December 12 referendum.

On the same day referendums will also be held for tobacco and peanuts. If there is any farmer who feels that he is not adequately informed on either of the issues, he may contact his county agent or his ASC Office Manager who have complete details available for him.

### John Donald Parrish Edenton Patrolman

Edenton's Police Department is now up to full strength with the appointment by Chief of Police Leo Lavoie of John Donald Parrish as a patrolman. Parrish is 23 years old, son of Mr. and Mrs. J. L. Parrish of Route 1, Edenton. He is married and is the father of one child.

Parrish attended Chowan High School and served in the U. S. Navy until September, 1959. He has already assumed his new duties.

## Postgraduate Medical Courses Scheduled Be Held In Edenton

The second postgraduate medical course of the academic year will be given by the University of North Carolina School of Medicine in Edenton and Wilson, beginning January 17-18.

Two lectures will be given in Edenton each Wednesday over a six-week period. The same two lectures, and the same lecturers, will be given in Wilson during this same period on Thursdays.

The courses are sponsored by the UNC School of Medicine, the UNC Extension Division and local medical societies. The Edenton course is co-sponsored by the First District Medical Society. The First District Society is composed of the following counties: Beaufort, Bertie, Perquimans, Chowan, Gates, Hertford, Martin, Washington, Tyrrell, Northampton, Pasquotank, Dare, Camden and Currituck counties.

### Hollowell Receives Federal Appointment

Continued from Page 1, Section 1 Recorder's Court and wishes for his success in his new position. Following the ceremony a reception in his honor was held at the Colonial Motor Court.

Mr. Hollowell's resignation was received by the County Commissioners at their meeting Monday and was accepted with regret.

Mr. Hollowell's letter of resignation read as follows:

"Inasmuch as I have accepted an appointment by the federal government as an assistant U. S. District Attorney for Eastern North Carolina, it now becomes necessary for me to tender my resignation to the office of judge of Recorder's Court for Chowan County. This resignation is tendered with a feeling of regret, since it has been my privilege to serve Chowan County for so many years in an office of public trust and enjoyed the confidence of so many friends. However, I feel that the opportunity has prevailed itself and presented a challenge which I must accept. Therefore, your acceptance of my resignation will be appreciated."

After accepting the resignation the County Commission-

The Wilson course is co-sponsored by the Wilson County Medical Society.

The physicians who give the lectures will be from the UNC School of Medicine as well as from a number of other medical schools of the eastern United States.

Those from the UNC School of Medicine will include Dr. John T. Sessions, Jr., and Dr. Allan Downie.

Other speakers will be Dr. Oscar Swineford, Jr., University of Virginia School of Medicine; Dr. Howard H. Steel, Temple University Hospital, Philadelphia; Dr. Doris A. Howell, Duke University School of Medicine and Dr. Robert W. Kistner of the Harvard Medical School. Physicians who desire additional information on these courses are asked to write the UNC School of Medicine, Chapel Hill.

ers appointed William Privott, the prosecuting attorney, to succeed Mr. Hollowell as judge. They also appointed John Shackelford to succeed Mr. Privott as prosecutor. Both conducted a session of Recorder's Court Tuesday morning.

Both also took the oath of office at the Commissioners' meeting, which was administered by Mrs. Lena Leary, clerk of court.

### Dale March Of Dimes Chairman

Continued on Page 1, Section 1

of discovering preventives and cures for these diseases," says Dale. "This is the program that developed first the Salk vaccine and then the Sabin vaccine—exclusively with March of Dimes funds. And we must continue our program of training vitally needed medical and scientific personnel through National

Foundation fellowships and health scholarships.

"Perhaps even more important at the moment, we must aid those already stricken by these crippling March of Dimes funds are being used now by chapters in many parts of the nation to establish or support special treatment centers and evaluation clinics where specialized treatment and diagnosis can be given," Mr. Dale declared.

"Chapters with available funds are also authorized to aid victims of all types of birth defects where such help is needed.

"Of course, The National Foundation is still meeting its responsibilities to aid past and

present victims of paralytic polio.

"We are faced with a big job, but you can be sure your dime will do it again if during this coming January you say 'yes' to the New March of Dimes," Mr. Dale promised.

### Philadelphia Negro In Auto Accident

Walter W. Jones, 37-year-old Negro of Philadelphia, narrowly escaped serious injuries Monday when a Chevrolet convertible he

was driving overturned near the Pembroke Creek bridge.

According to Chief of Police Leo Lavoie, Jones' car left the road near the bridge, ran down the embankment and overturned. Damage to the car was estimated at nearly \$400.

Jones was charged with driving on the wrong side of the highway.

Our repentance is not so much sorrow for the ill we have done, as fear of the ill that may happen to us in consequence. —La Rochefoucauld.

# HOTTEST NOVEMBER IN FORD HISTORY!

## And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. ■ Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. ■ There are four magic reasons why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced dickerly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. ■ Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations . . . The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality . . . most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

## NOW THERE ARE FOUR CLASSES OF CARS . . . AND ONLY FORD HAS ALL FOUR!

**COMPACT CLASS:**

FORD FALCON

This class includes cars with 106- to 114-inch wheelbases. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced \* 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon.

**FAIRLANE CLASS:**

FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compacts and big cars . . . you get big car room, ride and performance . . . compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxies.

**FULL-SIZE CLASS:**

GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxie—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

**LUXURY CLASS:**

FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-size luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling set the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.
