Rotary Governor Visits Edenton

Continued from Page 1, Section 1 members, President Richard Atkinson said, being those employed on the staffs at Rotary International headquarters in Evanston, Illinois and Zurich, Switzerland.

Altogether, it was learned, world-wide there are 11,021 Rotary Clubs with a membership in excess of 510,500 in 123 countries or geographical regions. Dr. Spencer was the guest speaker at the weekly noon meeting of the Edenton Rotary Club at the Parish House. In the main, his brief talk at the luncheon was devoted to Rotary business and in meeting the individual members and various committee chairmen of the Club who were at a club assembly meeting later in the day.

At the Rotary Club assembly held at the Edenton Restaurant, Dr. Spencer reviewed the work of the Edenton Club and was high in his praise of the many services performed in the community.

Dr. Spencer not only boosted the morale of the Edenton Rotary Club by his official visit but contributed a number of worthwhile suggestions to committee chairmen to assist them in fulfilling the motto of all Rotarians, "Who Serves Best Profits Most."

Governor Spencer has served in Rotary for the past eleven years, having been a president of the Wilson Rotary Club and serving on its board of directors for a number of years. He is a practicing obstetrician in a partnership which operates the Wilson Clinic in Wilson. He is a graduate of Johns Hopkins University and has been active in the civic life of his city for the past decade winning the Jaycees DSA award in 1955.

Before the District Governor's departure from the club assembly meeting, he reminded members of the fourth object of Rotary—The advancement of international understanding, good will and peace through a world fellowship of business and professional men interested in the ideal of service.

Another Cancer Clinic Scheduled March 2nd

The Northeastern Cancer Clinic will be held on Friday afternoon, March 2, with registration beginning at 1 o'clock. A chest X-ray will be given to anyone wishing it along with the examination of the five areas of the body where cancer is most easily found and cured.

There are no limitations as to sex, race, physical or economic status at the center. However, women should be 35 or more; men should be 40 or over unless referred by a doctor, or unless one of the "Seven Danger Signals" or "symptoms" are present.

Only 30 people can be seen at the Center each month due to limited facilities, so it is suggested that anyone who wishes to be assured of an appointment should write the Cancer Center, Health Department, Elizabeth City, N. C., for a priority. Examinees are asked to bring a robe or housecoat with them.
