

SOIL CONSERVATION NEWS

By G. SAMUEL COX, Work Unit Conservationist

M. E. Copeland and J. E. Copeland are planning to dig an open ditch between their farms. This ditch will serve more purposes than one. It will remove surface water, provide an outlet for tile drainage and will also serve as a permanent property line for the two farms.

After the farmers had staked the center line, giving and taking to straighten the ditch, the Soil Conservation Service technicians staked and surveyed the ditch. The ditch as designed to the correct size, bottom widths, side slopes and grade to carry the water that would fall on the watershed that had been determined. Open ditches are one of the many practices and problems that technicians assigned to your Soil Conservation District can help you with. For help with your conservation problems contact one of your local district supervisors or SCS technicians.

The district supervisors for Chowan County are L. C. Bunch, Fahey Byrum and J. A. Webb, Jr. The SCS technicians are G. Samuel Cox, Guy Ledbetter and G. A. Conner.

Chowan PTA Holds Interesting Meeting

The Chowan High School Parent-Teacher Association met on Monday night, March 5, at 7:30 o'clock. Mrs. Will Elliott led an interesting devotion which included three selections of the Youth Choir of Happy Home Church, reading an editorial column "Does America Take Too Much For Granted?" and reading a patriotic poem, Whitman's "I Hear America Singing."

Miss Marian Robertson, librarian of Shepard-Pruden Memorial Library, gave an interesting as well as enlightening talk on the books which are in the Edenton library.

In the business meeting a motion was made and carried that the association begin work toward getting a bill in the Legislature which would make college expenses deductible from income taxes. Other PTA associations are to be contacted and urged to begin immediately to work toward this end.

Ink Spots Secured For Edenton's Trade Fair

Continued from Page 1, Section 1 the signs across Broad Street and in front of the armory and for providing a special refreshment booth where hot dogs and drinks will be served at 5 cents each which approximates the actual cost. There will be no charge for admission to the Edenton Trade Fair at the armory, thanks to the cooperation of the individual merchants paying for exhibit space inside and outside the armory.

The Edenton Trade Fair's opening and closing hours will be 1 P. M. to 11 P. M. The Fair is sponsored by the Merchants Committee of the Edenton Chamber of Commerce.

Henry Quinn, finance chairman, states that his committee has had a sell-out already of the 19 booth spaces inside the armory. Plans are being made to handle six to eight exhibitors outside the armory if funds permit renting tents or tarpaulins to house the exhibits in addition to auto, boat and farm implement displays.

Girl Scout Week March 11 To 16

Continued from Page 1, Section 1 the Girl Scout movement.

In Edenton the four troops participating are democratic working groups, in which the girls elect their own officers, make their own plans and accept responsibility for carrying out these plans. They have been an active group in community life, growing to become responsible citizens in their homes and nation. Troop leaders this year include Mrs. Edward G. Bond, Mrs. Carlton Jackson, Mrs. L. A. Dees, Mrs. Roy Spruill, Mrs. Robert Powell, Mrs. Bruce Jones and Mrs. Elton Forehand. The Girl Scout movement in Edenton is sponsored by the Edenton Woman's Club.

RED MEN MEETING

Chowan Tribe of Red Men meet Monday night, March 12, at 7:30 o'clock. Obed Lee, sachem of the tribe, is very anxious to have a full turnout of members.

Tile Drainage

Now is the time to start staking tile drainage to be installed before the next crop season. Although it is too wet on most soils in Chowan County to be installed at the present, it can be staked out and the tile laid out so that when soil conditions are ready it can be installed. Technicians for the Soil Conservation Service staked a tile system for V. E. Jordan last week. Since the tile is already staked Mr. Jordan knows exactly how much tile to order for this and can make final plans to put it in.

To date the SCS has 18 requests for tile this spring through the ACP program. This is in addition to the request for ponds, open ditches, etc. These requests are serviced on a first come, first served basis as soon as technicians can get to them. If anyone that has applied through the ACP program has not contacted the SCS they should do so as soon as possible and schedule a date to stake and survey their tile so they will be ready to install it when soil conditions are favorable.

COMMISSIONERS APPROVE FIREWORKS AT FAIR

Chowan County Commissioners at their meeting Monday morning granted the American Legion permission to stage a fireworks display at the Chowan County Fair in the fall. The Commissioners did, however, specify that the display must be under proper supervision.

TRAINING AT LAKEHURST

Marine Lance Cpl. James R. Harrell, son of Mr. and Mrs. James Harrell of Route 2, Coletrain, is undergoing training at the Parachute Rigger School at the Naval Air Technical Training Unit, Lakehurst, N. J.

As a part of the 16-week basic course, each student has already made one voluntary jump with a parachute he has packed.

The course covers the servicing of survival equipment such as aviators' life rafts and life jackets as well as parachute packing.

LIONS MEET MONDAY

Edenton's Lions Club will meet Monday night, March 12, at 7 o'clock at the Edenton Restaurant. President John Mitchener requests a 100 per cent attendance.
