## A LIFT FOR TODAY

I was envious.—Psalms 73:3.  
As a moth gnaws a garment, so doth envy consume a man.—Chrysostom.  
Cleanse our hearts of bitterness and envy, and fill them with love and faith, we pray, Master.

## "No, Thanks, I'm Driving"

With the Fourth of July holiday at hand, North Carolina highway patrolmen will exert every possible effort to help reduce highway accidents. In this connection, a timely article appearing in a recent issue of The Elkin Tribune is reprinted:

"Prolonged studies and intensive research over many years show quite conclusively that our greatest highway menace isn't the individual you may think it is. It isn't the staggering, bleary-eyed, incoherent drunk.

"No, rather it's the person who Paul K. Kearney of the National Safety Council describes as 'the typical social drinker of acceptable status who rarely, if ever, gets crocked' who is accountable for more tragic auto accidents than all other causes combined.

"That is, by any standard, a very frightening thought. The American Association of Motor Vehicle Administrators last year told that alcohol is the single largest factor in our motor car accident situation." Speaker was Dr. Horace E. Campbell, chairman of the Colorado State Medical Society's automobile safety committee.

"We don't have to take Dr. Campbell's word for it either. Autopsies performed on drivers fatally injured in traffic accidents grimly confirm his assertion. To cite only a few: that our 'In Montana 55 per cent had sufficient alcohol in the blood to impair the driving of the average individual. In Nassau County, New York, it was 50 per cent, in Grand Rapids, Michigan, it was 60 per cent, and in Baltimore, Maryland, the percentage was 52. There were 69 drivers killed in New York City in 1957—and medical analysis showed 38 of them had been drinking just prior to their demise.

"With the highway death toll continually rising—and little indication, unfortunately, that the incidence of traffic accidents will lower—'No, thanks, I'm driving' needn't be said apologetically.

"Next time we're prone to imbibe to the point where our driving abilities are hampered, let's ponder this:

"In November of 1958, a Detroit, Michigan, driver snuffed out seven lives. Investigating officers in their reconstruction of the tragedy from the accounts of eye witnesses, reported he was driving the wrong way on a divided four-lane super-highway in Ohio when he smashed head-on into another vehicle while traveling at a high rate of speed.

"The driver was reliably reported to have had 'only a few for the road.'"

## No Diluted Patriotism

Endurance is a test of greatness. For our nation, the test began 186 years ago in Philadelphia when 56 American patriots signed the Declaration of Independence. From that historic moment on, the bells of freedom in our land have rung loud and clear—a triumphant message to a troubled world that America is indeed a beacon of hope for oppressed, freedom-loving people.

On the anniversary of that auspicious occasion we should give humble thanks to God for the spiritual heritage won by these men of destiny. Our freedom, prosperity and stature as a world power are attributes to their far-reaching efforts. We should rededicate ourselves to the constant support and eternal preservation of the self-evident truths which were so dear to them.

Unfortunately, in some circles today the apologetic approach to patriotism is becoming fashionable. The faith and principles which withstood the ravages of wars, subversion and crime over the years are almost passe. Any exhibitions of national pride and reverence for the American flag are merely by rote. The burning

## Heard & Seen By Buff

One fishing contest entry blank had an affinity to another piece of paper one humid day the first of May. It turned up again last week and brings about a correction as to the final winner of the rock fish division of the Chamber of Commerce fishing contest. The actual winner, Jimmy Byrum of Tyner with a 24-inch 7 1/4-pound entry caught while trolling in the Chowan River with a Pet spoon. This displaces the previous announced winner, Alva Bunch with a 6-pound fish. We are sure that Mr. Byrum will be pleased with this correction and Alva Bunch vice versa. Good luck to both contestants in the next fishing contest.

Comment in this column last week regarding lightning striking the dome at Providence Baptist Church apparently was interpreted more or less derogatory in character on the part of some readers. This surely was not the intention of the writer. The church, to be sure, has had a great deal of misfortune but despite this turn of events, the congregation has met last week squarely in the face and is to be complimented upon the progress made in dealing with this misfortune. The latest damage apparently is not as great as the writer believed, and I'm informed that the damage is totally covered by insurance.

A rather unusual sight in Edenton can be seen at the home of Mrs. M. L. Flynn. About 12 years ago Mrs. Flynn's mother, Mrs. N. L. Ward, sent her a palm tree from Orlando, Florida, in a shoe box. Mrs. Flynn planted the tree, which thrived and is now showing its first bloom. Mrs. Flynn says it's unusual to see a palm tree blooming in this neck of the woods, and she invites people to drive by her home and look at it. Wonder if the tree will produce any coconuts.

Sgt. H. J. Lupton of the Edenton Police Department has a police dog, "Shep," which did a nice piece of police work the other day. Robert Sutton, 4-year-old son of Willie Sutton, who lives on West Carteret Street, suddenly disappeared from his home about 6:30 P. M. and a full-scale search effort to find the child failed. About 10 o'clock Willie went to the police station to seek help from the police. Sgt. Lupton was on duty and decided to enlist the help of "Shep." Going to the Sutton home, it was but a very short time until "Shep" trailed the boy to a vacant lot, where he was found fast asleep. It's not the first piece of police work "Shep" has done and Sgt. Lupton is very proud of the dog. And who owns a good dog of which he is not fond and proud of? But anybody owning a "good" dog should list it for taxes and have it vaccinated against rabies. It would be very interesting to know just exactly how many dogs are in Edenton and Chowan County and then check to see how many are listed on the tax books. The idea of a dog warden in Chowan County is a very good one and it should be started before somebody contracts a case of rabies or some farmer realizes a severe loss due to a pack of dogs roaming around like wolves and killing valuable livestock. There's just too many dogs running loose which would be better for the community to have 'em penned up in a dog pound and humanely disposed of if the owners do not want to claim 'em, have 'em treated against rabies and list 'em on the tax books. If some dogs would be picked up by a dog warden, maybe the owner could be found more easily.

A brief letter arrived this week from Mrs. L. E. Davenport who, with her family, is enjoying a trip in the Northwest. Said Mrs. Davenport, "We are enjoying our trip. The World Fair is wonderful. But do we miss Edenton and all our friends? Don't realize how much The Chowan Herald means until you can't get it. We'll be looking forward to catching up on news in it when we return. Tell everyone hello and we'll see them around July 20." They're not staying "put" long enough for me to send 'em a paper.

Going to press early this week in order to provide a Fourth of July holiday for The Herald crew, some news items arrived too late for this issue. Among 'em was Frank Roberts' column. Then a piece on Bill Billings by Bill Goodwin was crowded out. We're sorry!

zeal of patriotism which was in the hearts of the Men of '76 in many instances has turned to selfishness, apathy and indulgence.

There were no diluted patriotism at Independence Hall nor were there any combat "turncoats" at Valley Forge. These are latter-day by-products of decadent thinking. They represent a compromise of the moral and spiritual issues so vital to our survival. There can be no compromise where the cause of freedom is concerned.

As patriotic Americans, let us not fail the test of greatness. On the contrary, let us assure that this nation, under God, shall remain free, and that our government of the people, by the people and for the people will endure.

## Rinky Dinks Come Near to Realizing First Softball Loss

### Harvey Point Outfit Throws Big Scare In Camp of Undeclared League Leaders

Harvey Point scared them on Thursday night, but the Rinky Dinks remained undefeated by the skin of their teeth in the only night's action in the local softball league last week.

The Varsity Club moved into a second place tie with the Jaycee Tigers with a 17-9 win over the Red Men after the Rinky Dinks had extended their league lead to a full game by beating Harvey Point, 17-16.

Activity Tuesday night had the Red Men playing Harvey Point and the Varsity deciding second place with the Tigers. Tonight (Thursday) the Jaycee Cubs meet Harvey Point and the Rinky Dinks play the Red Men.

Tuesday night of next week the Cubs take on the Tigers and the Varsity Club gets a crack at the Red Men.

Harvey Point managed to stay ahead of the Rinky Dinks for most of the game Thursday night, but the leaders tied it in the seventh inning and Billy White slammed a home run to win it in the eighth. The game went the full hour and 30 minutes time limit.

Bobby Ashley had two homers for the Rinky Dinks and Robert White also had a circuit clout. Manager Frank Bunch hit two doubles. For Harvey Point, Jack Sawyer knocked a triple.

Winning in relief of Bill Bootwright was Ashley, forcing his record to 2-0 for the year. Dave Morgan was the loser.

The Varsity Club trailed the Red Men until they exploded for four runs in the fourth and six in the fifth. Tom Bass, Alvin Bunch and Zackie Harrell, all Rocky Hock Orioles in their spare time, each blasted homers for the Varsity.

Joe Thorud ran his pitching record to 3-1 with the victory over Jack Bunch, who was making his first mound appearance.

Leading hitters in the softball league as of Tuesday morning, based on six times at bat, were: Moore (Harvey Point).....750  
B. White (Rinky Dinks).....714  
Cobb (Rinky Dinks).....700  
Lewis (Varsity).....666  
George (Varsity).....600  
Nelson (Harvey Point).....571  
LaVoie (Tigers).....555  
Gould (Harvey Point).....555

Nine men were tied for ninth place with 500 averages.

Standings in the league through last week's action were as follows:

	W	L	Pct.
Rinky Dinks	4	0	1.000
Tigers	3	1	.750
Varsity Club	3	1	.750
Red Men	1	3	.250
Harvey Point	1	3	.250
Cubs	0	4	.000

## Corvairs - Rotary Tied For Top Spot In Little League

### Joe Stokley Continues To Lead In Hitting Department In Six Team Circuit

The Little League played three games between rains last week, and the Corvairs and Rotary won one apiece to remain tied at the top of the standings.

Joe Stokley maintained his position as the league's most consistent hitter, but by a scant .002 points over Phil Lassiter. Buddy White and Henry Wells were the only newcomers to the list of top ten batsmen.

The Falcons and pitcher Mike DeBlois were the unfortunate losers of all three games played last week. They were beaten by both the Rotary and Corvairs and lost a close one to the Masury Indians.

Action in the Little League last week went as follows:  
Monday—The Corvairs downed the Falcons 8-4 behind the pitching of Ronnie Harrell. This put the Corvairs in the lead.

Wednesday—The Rotary evened the standings by beating the Falcons 14-9. Phil Lassiter was the winning pitcher.

Thursday—The Masury Indians made it a clean sweep of the Falcons and DeBlois by edging them 12-11 in a real thriller. Buddy White won his own game by blasting a home run in the bottom of the seventh and last inning.

In the Colt League, the Tigers and Cubs split two games that were played, leaving the Tigers ahead by their two-game lead of last week.

Leading hitters in the Little League as of last week, based on 16 times at bat, were:

	AB	H	Pct.
Joe Stokley	19	10	.526
Phil Lassiter	21	11	.524
Mike DeBlois	28	13	.464
Ronnie Harrell	18	8	.444
David Copeland	21	9	.429
Buddy White	19	8	.421
Henry Wells	24	10	.417
Louis Harrell	16	6	.375
Curtis Leary	19	7	.368
Robert Smith	28	10	.357

	W	L	Pct.
Corvairs	4	2	.666
Rotary	4	2	.666
Masury Indians	3	3	.500
Falcons	2	6	.250

	W	L	Pct.
Tigers	6	4	.600
Cubs	4	6	.400

## 3,386 Families In Area Development

Continued from Page 1, Section 1  
than 3,000 families within our 10-county area will be striving to improve their communities by attempts to increase standards of living in the Albemarle area.

The executive committee was meeting for the first time at night in an attempt to spur attendance, but only seven members were on hand. Despite the poor showing, the committee will meet again on August 2 at 7 P. M. at the Edenton Restaurant.

The association lost a committee chairman when Allan W. Mills of Hertford resigned as head of the Hertford Chamber of Commerce. Mills will leave the area on August 1. On the other hand, Mrs. J. E. Winslow of Nags Head agreed to remain as chairman of the travel and recreation committee until a survey of the area is completed, probably by Labor Day.

An individual breakdown of counties participating in the community development contest showed Chowan in second place with 637 families to first place Perquimans' 944 families. A complete listing of counties giving white and Negro communities and total families, is as follows:

	W.	N.	Total
Camden	0	3	138
Chowan	4	7	637
Currituck	3	2	250
Dare	1	0	156
Gates	0	4	212
Hyde	1	0	92
Pasquotank	3	5	618
Perquimans	6	6	944
Tyrrell	3	0	200
Washington	3	0	139

Each county with three white or Negro communities participating is eligible for area awards.

## Highway Patrolmen Checking Violations

stalled and will be out in great numbers until Sunday. Selected points on the road where accident hazards exist, particularly on the routes to the area's beaches, will be heavily watched. The troopers are working with the Jaycees of the three local communities in passing out safety literature to motorists who are passing through the area.

Miss Pauline Calloway was present to give the demonstration on "Dessert Planning" which proved very interesting. She pointed out that desserts should be planned very carefully and that desserts could fit in the basic food groups to enable the family to have more milk and proteins and also in using fruit desserts with less calories per serving.

Plans were made for the picnic in August and the group was adjourned with the Club Collect.

during the holiday.  
As part of the patrol's "See and Be Seen" program, marked patrol cars will travel the area's main highways with instructions to concentrate their efforts on hazardous moving violations. Motorists and pedestrians will be stopped at a rate that will be noticeable.

## Students Reading Important Books

Students who read last week's books at the Shepard-Pruden Memorial Library which are suitable for book reports, among which were many classics, are as follows:

Joyce Alexander, Jean Goodwin, Pat Waff, Joe Conger, Roger Lamb, Phyllis Twiddy, Marion Bunch, Carolyn Griffin, Ellen Basnight, Nancy O'Neal, Amy O'Neal, Norfleet Pruden, Gail Hare, Anne Jenkins, Pat Penny, Brenda Penny, Barbara Wallace, Barbara Layton, Pat Bunch, Alyson Ward and David Bruce Ward.

## Lupton Reappointed ABC Board Member

At a joint meeting of the Chowan County Commissioners and the County Board of Education held Monday morning, Hector Lupton was reappointed as a member of the Chowan County ABC Board.

Mr. Lupton's term expired June 30 and was reappointed for another three-year term. There were no other applications for the position. Mr. Lupton is serving as secretary-treasurer of the local board.

## CENTER HILL CLUB MEETS

Center Hill Home Demonstration Club met on Tuesday night, June 26, at the home of Mrs. Henry Napier. Mrs. J. C. Boyce, president, called the meeting to order with a devotion from Matthew and Mrs. Melvin Byrum led the group in prayer.

Miss Pauline Calloway was present to give the demonstration on "Dessert Planning" which proved very interesting. She pointed out that desserts should be planned very carefully and that desserts could fit in the basic food groups to enable the family to have more milk and proteins and also in using fruit desserts with less calories per serving.
