Haskett Resigns From Health Board

Members of the District Health Department accepted Mr. Haskett's resignation with regret. Dr. Isa C. Grant, District Health Director, informed Mr. Haskett that she personally regrets that it was not possible for her to serve with him any longer and that he would have been pleased at the warm feeling the group manifested toward him at their last meeting. "While I understand your desire to be relieved of extra duties," said Dr. Grant, "we shall miss you at future Board of Health meetings."

Dr. Grant was instructed to send Mr. Haskett a resolution of regret on the part of the Health Department, which is as follows: Be it resolved that whereas Mr. L. H. Haskett has ably served the Board of Health for ten years, and Whereas he was faithful in his attendance, and Whereas he contributed excellent judgment to questions of public health, and Whereas he offered honesty and devotion to his duties, A motion was made, duly seconded and unanimously carried by the Board that we send him our wholehearted gratitude for his contribution to public health in the community.

H. A. REID, Chairman.
DR. ISA C. GRANT, Secretary.

Jerry Yarborough On Dean's List At State

Jerry Yarborough, a freshman at North Carolina State College, has made the Dean's List for the first semester.

Jerry's mother, Mrs. Opal Wood, last week received the following letter from R. E. Fadum, dean of engineering:

"Professor Karl Hanson, who is in charge of our Freshman Engineering Division, informs me that Jerry made an academic average of 3,000 during the first semester of his freshman year. This is a weighted '13' average, and we are very gratified that he has been so successful in starting his engineering education. We are very pleased to have Jerry as a student. His progress thus far indicates that he has a real opportunity for the successful completion of his engineering course with an admirable record. We shall make every effort to encourage Jerry to continue his academic studies and maintain this high standard of excellence."
