## SUNDAY SCHOOL LESSON

Continued From Page 7

"He made from one every nation of men to live on all the face of the earth, having determined allotted periods and the boundaries of their habitation." (Amos 2:26). The truth of this statement can best be adjudged by a study of history. Many nations have climbed to

great heights, and whether they have stayed there, or for how long, has been determined by their conduct, both towards themselves and towards others. It is not too hard to see that when they have consistently fallen from grace their downfall has been inevitable. It is all part of God's plan in this universe of his. It, therefore, does not take too analytical a mind to realize that the downfall of many countries has come about when those countries sinned

against the moral laws of the Creator.

And, while it is our right to wax lyrical over our accomplishments as a nation, or to criticize, if we so wish, we must remember that in the final analysis it comes down to each of us as an individual—this image that America presents to the eyes of the world. Are we leading a true Christian life—both privately and nationally? Are we making God proud of us as a nation?

as a nation?

# BEVERLY LAKE SAYS...

Here Are The Facts Every Citizen Should Know About The Civil Rights Bill.

Beverly Lake

A long-time Professor of Law at Wake Forest College, Beverly Lake is opposed to the Federal Government usurping powers in violation of the Constitution. ## THE CIVIL RIGHTS BILL

- ... IS NOT A "MODERATE" BILL
- ... IT HAS NOT BEEN "WATERED DOWN"
- ... IT CONSTITUTES THE GREATEST GRASP FOR EXECUTIVE POWER CONCEIVED IN THE 20th CENTURY

### The Socialists' Omnibus Bill of 1963, Now Before the Senate

The American people are being set up for a blow that would destroy their right to determine for themselves how they will live. What is being piously presented as a humane effort to redress past wrongs — the "Civil Rights" bill — is, in fact, a cynical design to make even the least of us, black and white alike, subject to the whim and caprice of government bureaucrats.

Unless American workers, farmers, business and professional men, teachers, homeowners, every citizen awakens now, harsh Federal controls will reach into our homes, jobs, businesses, and schools, into our local and State elections, and into our municipal and State governments.

### You Should Know -- Through This Bill Your Tax Money is to be Used as a Weapon Against You

That is the meaning of the Civil Rights bill.

- (1) It would amend every Federal law (hundreds of them) that deals with financing so that each Federal Department or agency could make its own regulations to manipulate Federal funds: Each Federal department or agency would define for itself what is "discrimination" and apply its own penalties (Sec. 601-602).
- (2) It would empower Federal political appointees—through the use of the blacklist, cancellation of contracts, foreclosure, and other punitive means—to use almost \$100 billion a year to force our people to knuckle under Executive dictation (Secs. 601-602). You should know this.

### Total Federal Control

The bill now pending in the United States Senate would

- (a) Allow people to be jailed without trial by jury (Titles I, II, III, IV, and VII). It would
- (b) Allow the government to hold Star Chamber sessions and to imprison those who disclose, without permission, what went on behind its closed doors (Sec. 501). It would
- (c) Deny an individual the right to freely seek employment without Federal interference as to race or religion—it would deny this right (Titles VI and VII). It would
- (d) Deny the employer the right to hire, fire, promote and demote without Federal interference as to race or religion—it would deny this right (Titles VI and VII). It would
- (e) Deny to School Boards (public and private) and to colleges the right to determine, unhampered by the Federal government, how their students and teaching staffs should be handled—it would deny this right (Titles IV, VI and VII). It would
- (f) Take from local and State officials their right, without Federal interference To handle local and State elections (Title I); To regulate local parks, swimming pools and other recreational facilities (Title II); To regulate hotels, restaurants, motion-picture houses, stadiums, etc. (Title III); and To regulate employment practices (Titles VI and VIII).

### The Mystery Word: "Discrimination"

The bill now pending in the United States Senate would:

- (a) Allow each Federal department and agency to determine for itself what is and what is not "discrimination" (Titles V, VI, and VII—the bill itself, does not define the word.
  - (b) Allow each Federal department and agency to determine for itself what is and what is not "race" and "religion" (Titles IV, V, VI and VII)—the bill, itself, does not define either word.
- Therefore, there would be no uniformity of interpretation. What might be classified as a "discriminatory practice" by one agency, might not be so classified by another agency.

### Dictatorial Attorney General

This bill would make the Attorney General a virtual dictator of America's manners and morals. It would grant him unprecedented authority to file suits against property owners, plain citizens and State and local officials, even though the supposed grievant has not filed suit. The Attorney General would become the grievant's lawyer at the taxpayer's expense. The grants to the Attorney General—

- (1) The unprecedented power to shop around for a judge he prefers to hear a voting suit (Title I).
- (2) The right to sue an owner of public accommodations before the owner is accused of a "discriminatory practice" (Title II).
- (3) To sue State or local officials concerning public facilities without an individual having filed suit. (Title III).
- (4) To sue local school boards, although no suit has been filed by any school child or other person. (Title IV).
