A LIFT FOR TODAY

Every man shall receive his own reward according to his own labor.—1 Cor. 3:8
We all play parts toward establishing justice and good will for all men by seeking the path of service and steadfastly following where it leads.
Bless all who labor in Thy vineyard, O God, that their work may be done for Thine honor and glory.

Your Duty To Vote

Next Saturday, May 30, voters will have an opportunity to cast their ballots for both state and county officials. This will be not only an opportunity but rather a privilege and in fact a duty which every qualified voter should perform.

All too many people take voting too lightly and by comparing the number of those voting in elections with the number of qualified voters, it is easily seen that far too many people fail to exercise their right to have a voice in selecting those charged with the responsibilities of the various offices.

Much has been said and printed regarding the candidates for Governor of North Carolina and it is to be regretted that some tactics akin to mud-slinging have been employed in an effort to gain votes. There is nothing wrong with a hard-fought campaign for any public office, but when mud-slinging is brought into play, it is doubtful if this method of politicking has much weight in winning votes.

The average voter has or should have read and heard the records of the three leading candidates for Governor. The average voter, too, has or should have enough intelligence to determine for himself or herself which candidate is best qualified to fill the highest public office in the state. Being properly informed, every voter should give serious thought as to which candidate will receive his ballot.

This little piece is written not for the purpose of influencing any voter how to cast his or her ballot, but rather to point out the importance of every voter going to the polls Saturday and take part in the election of officials.

In Chowan County there are very few contests. In fact, there are only two contests, both of these being for offices in the Second Township. For County Commissioner of that township there are three candidates, T. O. Asbell, C. M. Evans and Palmer Tynch.

The other contest is for representative on the County Board of Education. For this office there are also three candidates, O. C. Long, Marvin L. Evans and Garland H. Asbell. Contrary to previous elections, voters in the county as a whole will decide the winners in both instances.

The polls will be open in the various townships from 6:30 A. M., to 6:30 P. M., and again this newspaper urges every qualified voter to cast a ballot for the candidate he or she deems best qualified to fill the office. Be sure to vote.

Wear A Poppy Saturday

"Wear A Poppy" will ring on Broad Street in Edenton and across the nation Saturday when all will be asked to don the bright red memorial blossoms in honor of those who gave their lives in three wars to protect and secure our freedom. The annual Poppy Day sponsored by the American Legion Auxiliary is a fitting tribute to those who died defending the way of life in which all true Americans believe so fervently. Everyone of us, grateful for the privilege of our freedom of speech, freedom to do as we believe best, our freedom to speak out against injustice, our freedom to declare our allegiance to those things in which we believe, should wear a poppy on this special day of tribute to our fallen defenders in two World Wars and the Korean conflict.

It is appropriate that the symbol we wear as a visible token of our tribute to those who have given their lives on the battlefield for those ideals in which we all believe, should be fashioned by the disabled veterans who survived these mighty conflicts. The small red flowers, shaped by the hands of these veterans from countless yards of paper and wire, carry a many-faceted message of gratitude to those who have served so well in the past.

The coin boxes which all volunteers carry offer another means of showing our appreciation of veterans who are disabled. Dimes and dollars given on this day are a major source of support for a continuing pro-

Heard & Seen By Buff

A new look is taking place at the foot of Broad Street which is greatly enhancing the appearance in that neck of the woods. As this column is being written Wednesday morning a crew of carpenters are nailing down lumber for the roof of the new Municipal Building. The building is gradually shaping up and should be quite an asset to the town when it is completed. All of which brings to mind an ambition of Ernest Kehayes when he was Mayor of Edenton some years ago. Mr. Kehayes tried his darndest to build a new Municipal Building—but he just couldn't get anywhere with one of his pet projects. Anyway, when the building is complete here's one who hopes the Town Councilmen will not be required to wear high silk hats and stuff.

Frank Roberts recently became the daddy of his second son and, of course, dropped in the office Monday to "pay up". Frank was a little late and gave a bit of advice: "Better smoke that cigar real soon, for I've had it for quite a while and it might get stale." Come to think about it, maybe he paid up for the first son, for I don't remember being "paid" for that one.

It is interesting to note that Bill George, a member of the Chicago Bears professional football team and brother of our own Nick George, has been named to the "Illustrious Eleven". The choice for this honor is made by 53 of the nation's leading professional football writers and broadcasters. Bill led all the middle linebackers in the voting of the writers and broadcasters and again led his perennial rival, Joe Schmidt of Detroit by 12 votes. Bill also tied with his teammate, Larry Morris, for fourth place in the voting for the National Football League's most valuable defensive player. Bill has many friends in Edenton and many local eyes will be focused on him when his team appears on television come football season.

An interesting visitor to The Herald office Tuesday afternoon was Mrs. Richard Reeves of Stratford, New Jersey. Mrs. Reeves is a daughter of Mr. and Mrs. T. O. Asbell and one of three daughters, Miss Sarah Margaret Asbell, a home economics agent at Jacksonville, N. C., and Mrs. Howard Jordan of Virginia Beach. All three are college graduates and from a brief conversation with Mrs. Reeves it is easily gleaned that all three sisters are very proud of their parents and greatly appreciate what they have done for them, especially the sacrifices which were necessary to provide them with a college education. There is little which can take the place of real appreciation on the part of those who have been benefitted, but all too often the kind leads and sacrifices made by parents are just taken for granted by children and a sense of appreciation is very hard to detect. And, now, after writing this paragraph, Mrs. Reeves might show a lack of appreciation if and when she sees me again.

Just a few more days remain in the Chamber of Commerce spring fishing contest. Here's one who realized it the other night and tried to persuade my fishing partner—the Missus—to try our luck about 10:30 o'clock last night. Well, the moon was shining bright, the weather warm and I had an urge to fish—so why not? But the best I could do was try to go to sleep and imagine I could see the cork bobbing. At any rate, not so many big ones have been reported to date, so that here's still a chance for those who have the time to try their luck.

Without doubt, the busiest place in Edenton about noon Sunday was the lunch room at John A. Holmes High School. The Band Parents Association served a "Sunday Dinner" and in the neighborhood of 400 appetites were appeased. A group of men were on hand to assist the ladies and for a buck one could not have secured a better meal. And a sign in the lunch room read, "Attend the band concert at 3 o'clock—it will aid digestion." Well, the meal was very good and no reason to have indigestion, and so was the band concert, but there was not as many at the concert as there was at the dinner.

Chowan County Democratic Women will employ a new wrinkle in Saturday's election. Some of the Democratic Women will be at the six precincts in the county Saturday and as each person votes, the ladies will pin on a little sign: "I Have Voted—Have You?" The purpose is to help get out a large vote in the election and here's one who hopes their efforts will be successful.
