Up to 20% more output with a NEW JOHN DEERE combine

Get in and get out faster . . . bin more bushels, pick up more acres each day with a new John Deere 55, 95, or 105 Self-Propelled.

The new cell-type separating grate separates more grain before material ever gets to the walkers. Consequently, you can speed up 1/2 to 3/4 gear without losing any more grain, without a single penalty.

Other new features you'll like include: bigger grain tanks, faster unloading . . . new safety shields that cover both sides of the separator . . . new operator's platform . . . new cutting and pickup platforms with 20-inch auger. Stop in soon for the full story on these new combines.
