

# The Last Days

By Terry Jones

"And what I say unto you I say unto all, Watch." (Mark 13:37)

The Bible tells us many times that one day when we least expect it Christ shall break through the clouds and descend to earth. This is known as the second coming of our Lord. Also we are told by the Scriptures that after Christ arrives the dead shall rise and all nations shall be judged. But we are not told in exactly what order and at what time these events will occur. I'll leave that argument to the theologians. The important matter for us is that Christ is coming and we should be prepared for His coming.

Some say that we are in the last days right now. Let us search the Scriptures and see what they have to say. Christ said, "But as the days of Noah were, so shall also the coming of the Son of Man be." (Matt. 24). He said that in the days of Noah people were marrying and giving in marriage and living a life of ease. He said again, "There will be signs in the sun, and in the moon, and in the stars, and upon the earth distress of nations, with perplexity. The sea and the waves roaring, men's hearts failing them for fear, and for looking after those things which are coming on the earth; for the powers of Heaven shall be shaken." (Luke 21). Daniel,

the prophet, spoke of the coming of Christ as a time when men will be running to and fro on earth and knowledge shall be greatly increased. Peter, the disciple, said that in the last days there will be scoffers walking on earth after their own lusts.

I ask you, does this sound like ancient Scriptures written hundreds of years ago or does this sound like the morning newspaper? There is no doubt that we are in a time of perplexity and tribulation today when the great powers of the earth threaten each other with the atomic bomb. Never has there been a time when knowledge has increased so fast as in the past two centuries. And certainly the world today is full of scoffers crying, "Where is God?" One would certainly think from reading the Scriptures that we are in the last days right now, but still the words of Christ must be remembered and held true. "But of that day and that hour knoweth no man, no, not the angels which are in heaven, neither the Son, but the Father. . . . Take ye heed, watch and pray: For ye know not when the time is." (Mark 13).

# Frankly Speaking

By FRANK ROBERTS

Well, it's all over 'til November, at which time Judge Dan K. Moore is expected to win easily over Republican candidate Gavin for the Governor's chair—or is he? As the runoff proved, anything can happen in the game of politics. So far as Chowan County is concerned, Moore got the nomination over Preyer by 45 votes, with Scott easily winning over Blue, but by a smaller margin than previously. Now it's time to remove stickers from cars, pins from suits and advertisements from store windows and billboards. Come to think of it, though, those Moore billboards might as well stay up there. One more thing on the election. I asked a local integrationist if one of the reasons for Moore's overwhelming victory wasn't a protest against renewed integration activities in the Tar Heel State. He thought not, but I feel that it was a definite sign of hostility against the civil rights movement.

One of the happiest people in town these days is Eleanor Powell's momma, since her lovely daughter came back to the states after a stint in Germany, where her husband was stationed.

With school out for the summer, some gals headed to Hedges. We've also got a couple of local young ladies performing in "The Lost Colony" in Manteo.

One of the happiest couples in town and two of my favorite people are Jack and Dot Habit. Both give a lot of time for the betterment of their community, church and family. Both maintain a youthful exuberance that is envied by many.

Did you ever stop to realize, that with very few exceptions, the downtown merchants go a long way to make shopping in Edenton a happy affair? In the food line, Henry Quinn and Ernest Kehayes are two very nice, very thoughtful people; and across the street the vibrant and warm Mrs. Margaret Phthisic. From time to time, might mention a few others in various lines of endeavor.

Edenton is the only town for miles around that will have their stores open on July 4th. Monday, though, most will be closed.

New voice you hear quite often on WCDJ belongs to a very personable, handsome young redhead named Morris Parker. He commutes regularly from Williamston where his dad owns a grocery store. He worked at the Williamston station, but wanted to join WCDJ. He graduated from high school this past May and right now helps to enhance the airwaves from the 1260 spot on the dial. For a 17-year-old he has exhibited an excellent grasp of current affairs and does beautifully with his record show. Handles himself like a pro.
