

The Chowan Herald

Published every Thursday by The Chowan Herald, a partnership consisting of J. Edwin Bufflap and Hector Lupton, at 423-426 South Broad Street, Edenton, North Carolina.

J. EDWIN BUFFLAP, Editor
HECTOR LUPTON, Advertising Manager

SUBSCRIPTION RATES:
One Year (outside North Carolina) \$3.50
One Year (in North Carolina) \$3.00
Six Months \$1.75

Entered as second-class matter, August 30, 1934, at the Post Office at Edenton, North Carolina, under the act of March 3, 1879.

Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rate.

THURSDAY, AUGUST 13, 1964

A LIFT FOR TODAY

The rich and the poor meet together; the Lord is the maker of them all.—Proverbs 22:2.

All men are by nature equal, made all of the same earth by the same Creator, and however we deceive ourselves, as dear to God is the poor peasant as the mighty prince.—Plato.

Hasten the day, O Prince of Peace, when all nations shall come together in Christian brotherhood and worship of Thee, the Father of Mankind.

Chowan County Honored

It is interesting to note that "Chowan County Night" will be observed at the showing of "The Lost Colony" on Roanoke Island Saturday night, August 22. Information about the county, which was furnished by the Edenton Chamber of Commerce, will be included in the programs, so that the county will get a nice slice of publicity.

Naturally, it is hoped that many from Edenton and Chowan County will attend this special event. As an incentive to attract a large local attendance, cards have been distributed (and some of them are in The Herald office) which will reduce the admittance from \$3.00 to \$2.00.

Another reason for local interest is the fact that an Edenton girl, Miss Jean Goodwin, is listed among the cast of characters. Miss Goodwin, daughter of Mr. and Mrs. W. P. Goodwin, plays the role of one of the colonial women.

With the vacation season rapidly nearing the end, it would be a splendid idea for many people from Edenton and Chowan County to attend the showing, which was planned to pay tribute to Chowan County.
Curtain time is 8:45 P. M.

Splendid Record

That the Pettigrew Regional Library is serving a good purpose is reflected in the fact that, according to a report just released, a total of 162,854 books were circulated in the region during the fiscal year which ended June 30. The report, released by Mrs. J. Robert Campbell, chairman of the board of trustees, also shows that more juveniles read library books than adults. During the year 94,991 books were loaned to juvenile readers and 67,863 to adults readers. This is a healthy situation wherein young people take an interest in beneficial and worthwhile reading material.

Bookmobiles play an integral part in book distribution, going to many out-of-the-way places, where books are read by many who otherwise would be unable to secure reading material.

It is also interesting to note that a total of 51,676 volumes are now included in the library region, which provide books of just about any nature desired. The region is also very fortunate to have competent and well trained librarians who are eager to be of service and many times go far beyond their line of duty to help library patrons.

Efforts are now under way to secure enough local funds to add to an available federal grant to construct a new library building for Edenton. The Shepard-Pruden Memorial Library is now temporarily operating in a dwelling house, so that, taking into consideration the value of a modern library and the benefits derived by both adults and young people, every effort should be made to provide a library befitting Edenton.

Will History Repeat Here?

The average age of the world's great civilizations has been 200 years. These nations progressed through this sequence:
From bondage to spiritual faith—
From spiritual faith to great courage—
From courage to liberty—
From liberty to abundance—
From abundance to selfishness—
From selfishness to complacency—
From complacency to apathy—
From apathy to dependency—
From dependency back again to bondage.
In 46 years our United States will be 200 years old. This cycle is not inevitable—it depends upon YOU!

—Reprinted from Manage Magazine, Jan. 1961.

There can be no cooperation between men or nations, if one gives orders that others must follow.

The old advice, "work hard and pay your debts" can be reduced to "pay your debts"—you'll have to work hard.

Heard & Seen By Buff

It's not exactly football weather, but even so Coach Jerry McGee has called for Aces' recruits to report for the first practice Saturday morning, August 15 at 9 o'clock. It will be tough going for boys who want to make the team, but it is this phase of the sport on which depends a rugged football team. The boys will practice morning and night in order to get in proper shape, so that any boy who cannot "take it" might as well drop out early for the lack of proper training will show up later in the gridiron games. Coaches McGee and Billy Hardison have a good nucleus around which to build a strong team this year with 16 lettermen back and a string of very promising boys coming up from the junior varsity. The first game will be on home soil with the Gates outfit on Friday night, September 4. Here's hoping the Aces, the band and cheerleaders all will be ready to give us a lot of good entertainment to open the 1964 football season.

And speaking about the band, Sanfra Ange and Johnetta Davenport attended a baton twirlers' school last week at St. Andrews College. The girls drilled 5½ hours a day for five days, so they should be able to step high at the football games. The girls spent the week-end with Miss Sally Lytch's parents. Major and Mrs. W. D. Lytch at Laurinburg. Miss Lytch is coach of the girls' basketball team at John A. Holmes High School. The welcome mat was extended the girls at the Lytch home and added to their pleasure was a plane ride home. Dr. Richard Hardin and Howard Ange flew to Laurinburg to pick up the girls. Sandra and Johnetta thoroughly enjoyed the flight, during which Dr. Hardin discussed many interesting things about flying.

Major Bill Whitchard was a visitor to The Herald office early this week and forked up a good cigar, on account of he was very happy. Bill is the father of two daughters, but on Friday morning his wife gave birth to a son (just what Bill wanted). As can be expected, Bill has named the 7-pound, 5¼-ounce newcomer "Little Bill".

Howard Jackson was just a little too critical last week. He recently renewed his subscription to The Herald and last Thursday morning he dropped in the office and complained as to why his paper was cut off. He was not cut off and was given a copy of the paper but when he arrived home a little later he met the mail man, who delivered his Herald.

Quite a bit of commotion took place Wednesday afternoon of last week at the home of Mr. and Mrs. J. W. Winborne at Merry Hill. (Mrs. Winborne is The Herald's correspondent). Zacariah James and family, who were working in a tobacco field, started to the house to get water when a large rattlesnake crossed the path in front of them and ran into a rose bush. They called for a hoe to kill the snake, but "Skimp" Winborne had other ideas. He got a cane pole and with strong twine made a loop on the pole and with the help of the colored folks he managed to get the string around the rattler's head and caught it alive. The snake was four feet long and had 10 rattlers. With the help of J. D. Barnhill of Edenton, they put the snake in a large container, cut holes in the top and fastened it down. Later the snake was turned over to George Burdick, a wildlife biologist, who said he planned to place it in a zoo somewhere. The Merry Hill crowd didn't object, for all they wanted to know was that the snake was nowhere around.

Just for the information of motorists in Edenton, the penalty for over-parking will be boosted next Saturday, August 15. On and after the 15th the penalty for over-parking will be two bits instead of a nickel for the first hour, which has been in force ever since parking meters were installed in Edenton.

The Bufflap neighborhood will not be the same due to the fact that Mrs. Ida Mae Roberson will be missing. Having Mrs. Roberson as a neighbor for so long here's one who feels as though he has known her since boyhood. Mrs. Roberson is a sick woman and has had her share of heartaches. She left Wednesday morning and will in a day or two enter a Raleigh hospital. Mrs. Roberson has been a splendid neighbor over many years and her departure leaves a void akin to losing a dear member of a family. She was always very friendly, jolly and enjoyed joking with her next-door neighbor. Here's one who hopes her health will improve and that it is not too optimistic to hope that she will some day return to the Edenton she loved. And in that connection, Mrs. Roberson's granddaughter, Miss Ida Smyer, deserves a great deal of credit, for a great responsibility has

been thrust upon her just as she is beginning her career after graduating from college. She worked hard to complete her college education, during which her mother died very suddenly. Her half sister and three half brothers were left with their grandmother, who was physically and financially unable to properly care for them, so that they entered the Methodist Orphanage at Raleigh. Now Miss Smyer's grandmother will be hospitalized, so that she has enough trouble for many a young lady to throw up her hands in despair. But she has gone through it all in a marvelous manner and plans to each school in Florida. She's a fine young lady and here's one who hopes her pathway in the future will become more rosy. However, the neighborhood will not be the same with Mrs. Roberson and the children gone, as well as Ida.

20 YEARS AGO

Continued from Page 1, Section 1
That their son, Woodrow Berry, a member of the U. S. Army Medical Corps, was killed in action while stationed in France. He was Chowan County's seventh boy reported killed or missing in action.

Faced with many complaints about dogs for several months, Town Council adopted an ordinance in the hope that many stray dogs would be eliminated and that those who desired to own dogs would purchase the proper license and have dogs vaccinated.

Mrs. W. I. Cozens received the Purple Heart, awarded posthumously to her son, Private First Class William I. Cozens, who was killed in action with the U. S. Army in France.

W. J. Taylor was appointed by the County Commissioners as school attendance or truant officer for Chowan County. It was pointed out that during the school year there were 10,000 absences, about half of which were unnecessary.

Edenton Rotarians and Lions appointed committees to conduct a newspaper and magazine drive to bolster the serious shortage facing the nation.

Cotton prices again declined, according to reports received from the War Food Administration.

ENROLLED IN COLLEGE

A record enrollment of 250 students is expected at Mount Olive College when the college opens for its eleventh academic year on September 2.

Included in the list of students who have been admitted to Mount Olive College is Dorothy Campen of Edenton.

Post Office Of Future Is Feature Of World's Fair

J. L. Chestnutt, Postmaster, Points Out Number of Outstanding Devices

Visitors to the New York World's Fair from Edenton have an unusual opportunity to see a post office of the future, according to Postmaster J. L. Chestnutt.

A carefully-chosen group of 80 employees from New York area post offices man the facility which handles all the Fair's mail and some from Flushing, New York, area. The outside mail is used to keep the highly mechanized devices operating at "full tilt".

The post office handles approximately 250,000 pieces of mail each day. Postcards to friends and relatives back home are a big item. About 30,000 are mailed from the Fair each day. One-third of these are addressed to persons overseas.

Foreign visitors have no trouble understanding U. S. postal operations. The facility has staff members who speak twenty languages.

Postmaster Chestnutt notes that residents of Edenton who attend the Fair and wish to try out their foreign language ability can either talk with the multilingual window clerks or listen to a tape recorded presentation in the post office lobby which features individual earphones for those who speak Japanese, French, German, Italian and Spanish.

New equipment on hand includes an experimental Pitney-Bowes Centrifed which spins envelopes rapidly around a wheel-like mechanism and places them upright on their longest side. Then they move into a machine which cancels stamps and postmarks envelopes at a rate of 500 letters a minute.

Letters are sorted to go all over the world by machines which position mail so that the addresses are visible to an operator who sits in front of a keyboard similar to a typewriter. By pressing the correct buttons, 100 letters a minute are automatically directed to bins for 50 different destinations.

A larger device, the Burroughs sorter, drops letters and cards into 131 different bins at a rate of 58 letters per minute for each of the twelve operations.

The work area is surrounded by a ramp and gallery for visitors which is open from 11 A. M. to 6 P. M., seven days a week. Tape recorded vignettes explain the action on the work floor and describe the operations of each

machine.

Mr. Chestnutt suggests that Edenton area visitors to the Fair express their comments on a new stainless steel box being tested by dropping a note addressed to "Superintendent, World's Fair Post Office" through the modernistic mail slot. Postage is not necessary. If they wish, visitors may discuss their reactions with clerks at the post office building.

Outstanding Players At St. Paul's Church

Continued from Page 1, Section 1
simple country girl who through the inspiration of her own faith, crowns a king and saves France for its historic identity. Fearless when she believed she was serving God's purpose on earth, she led her nation to victory and herself to martyrdom. The light of her brilliant achievements has shown through the centuries as an inspiration to anyone whose concern with conscience becomes a motivation in life.

The Bishop's Company, founded in Los Angeles in 1952 by Phyllis Beardsley Bokar, has achieved the enviable record of 12 years of consecutive national touring bringing fine drama into the houses of worship in the 50 states and five provinces in Canada. It has appeared in over 6,000 churches of all denominations and has a performance record of only two performances missed (because of weather) in its nearly one million miles of touring.

The coveted role of Saint Joan will be played by Renee Rozan. Sharing honors for the evening will be Clifton Scott and Paul Caruso.

New Camp Cale Dedicated Aug. 16

Continued from Page 1, Section 1
were needed for the first summer of operation. Recognition will be given to these persons.

The Rev. Rodney Beals, chairman of the Association's Camp Council, will preside at the service. He will be assisted by R. C. Bunch, chairman of the Campsite Development Committee. Wayne Jones, director of camping for the Norfolk Presbytery of Churches, will be the guest speaker. Also present will be James Cale, who donated the site to the Association, as well as other members of the Cale

JOE THORUD OF

Attention Nationwide Life Policyholders

NATIONWIDE has introduced a revolutionary new life insurance plan. It offers an exclusive benefit for present policyholders.

Now, for the first time, most Nationwide Life Insurance policies bought since 1948 can be revised and updated to meet your current needs.

You can add as many as 9 different "Benefit Riders" to your present policy. This eliminates the necessity of buying new policies as your needs change. It makes it a lot easier to get exactly the insurance you want — and for less money than ever before. Call today for complete details.

family.

According to Bob Harrell, Superintendent of Missions and Supervisor of Camps for the Association, a total of 71 boys and girls and staff members attended Camp Cale during the four weeks it was operated this summer. Living in hogans and eating under a large tarp shelter, staff and campers enjoyed a full program of activities including swimming, sailing, canoeing, nature hikes, campcrafts, handicrafts, mission study, Bible study and worship. Many of the facilities were constructed by the campers themselves such as the outdoor showers, tables and log benches, the cookout area, and the worship area. Breakfast was prepared in camp. The other meals were prepared by Elliott's Cafe in Hertford and transported to the camp. It is to be hoped that the facilities can be expanded next year so as to double this year's enrollment.

The Association also sponsored a week of camp at Chowan College this summer with 154 campers and staff enrolled. Under the direction of the Rev. Paul Faircloth, pastor of the Calvary Church in Elizabeth City, the program of activities included mission study, Bible study, crafts and recreation.

Through the development and use of Camp Cale and the camps at Chowan College, the Chowan Baptist Association is attempting to perform a specialized ministry to the youth of the Association during the summer months. The Association is, indeed, grateful to all who have had a part in making this summer's camping program such a spiritually profitable one for the boys and girls who attended.
