

SOCIAL SECURITY Questions and Answers

George Dietrich, field representative of the Social Security Administration, is in Edenton every Thursday in the Court Room in the Chowan County Court House.

The postman always rings twice, so the saying goes. Before he can ring at all when he delivers your social security checks, he has to know where you are. If you are receiving monthly social security checks and you move, it is important for you to act twice.

First, let the Social Security Administration know your new address. Second, notify the Post Office of the change so they can forward your check in case the notice to the social security office is too late to change your address on your check.

How should you let the social security office know? Fill out the post card form they gave

office, the important thing is to get it there soon.

In addition, before you move, let the Post Office know your new address. They have a form that you can fill out—do it before you move. You can get the Post Office form from your mailman.

To get your checks on time, act in time. Notify your social security office at 205 Boyd Avenue, Greenville, North Carolina, and your Post Office before you move.
