

# BROAD STREET BULLETIN

By KATE

The "Flu Bug" is biting all my friends  
And it looks like winter never will end.  
But the jonquils bloom and the red bird sings,  
And the calendar says it'll soon be Spring.

The recent trouble in Alabama and in many other sections of our country, deplorable though they may be, is responsible for one particularly good thing. It has given more food for thought and made more people analyze themselves regarding their standing and understanding of Christianity. It is said that something good can be realized even from the worst of situations. Maybe it's brotherhood!

The Order of the Eastern Star had installation of officers for this year on Monday night and for those of us who are members it was, indeed, a beautiful and inspirational occasion. The principles and high ideals for which we aspire are equal to those of most church organizations. We should be very proud to have this group in our community.

They tell me that the BPW gals had a grand time at the State House last week. In fact, they were one of the largest groups of delegates attending Legislative Day and the Salute to Working Women of our state. Our own Representative, "Jimmy" Earnhardt, presented each of the ladies from Chowan County with a lovely corsage which they wore to a tea given by the Governor and Mrs. Dan Moore at the Governor's mansion. This very thoughtful gesture was a surprise and greatly appreciated by all attending.

And while on the subject of legislative bodies, etc., this brings to mind the question: Why not elect a woman or women to our local governmental body? I'm sure there are quite a few local ladies qualified for seats in the Town Council and NOW IS THE TIME!

Did you know that March has been proclaimed as "Egg Month"? Eggs are ideal for Lenten menus. Among the sources of protein suitable for main-dish use during Lent are eggs, fish and cheese. All three offer seasonable low-cost entrees, eggs being rated as top choice.

There must be something to that color key to personality, as I've read this week if your favorite color is red, you have a dynamic personality, emotion comes before logic and you won't hesitate to wear a controversial fashion. You make quick decisions about your friends, yet you are understanding about the problems of others. If you prefer green, you are an organizer and a hard worker, your fashions are timely, but never faddish. Best

of all, you are an easy person to get along with in business and personal life. And, if pink is your color, you make life-long friends, are even tempered and warm loving. You like feminine things and prefer soft, casual styles. More later . . .

A nice gal to know is Betty Bissett, wife of George Bissett of the local Veterans Employment office. Betty is such a sprightly, busy person and quite capable. Besides being the mother of three girls, she secretaries for Rev. George B. Holmes, works in Scouting, is active in the women's organization of the Episcopal Church and in the near future she plans on taking a course or two at the College of the Albemarle. Besides all of this, she's just naturally pretty.

**Did You Know That—**  
By covering the nozzle of your vacuum cleaner with a piece of cheese cloth, held in place with a rubber band, you can clean button boxes, dresser drawers etc., without disturbing the contents? You can use pin curl clips to hold back curtains when cleaning, or when your windows are open and the clips will not mark the curtains.

Cream cheese piped through a pastry tube makes an attractive garnish for cold baked ham. Salads, too, can be made more attractive when fluted with cream cheese.

Separate ground beef when cooking with a potato masher when you need it for chili or spaghetti sauce.

Use an electric mixer for making dry detergent suds for shampooing furniture, rugs, etc.
