**Need For Elementary, Special Teachers Noted In Report**

**RALEIGH** — The latest study of teacher supply and demand in North Carolina reveals a critical need for more elementary school teachers and for high school teachers in such fields as

science, mathematics and foreign languages.

**BETTER FUTURE**

Education, job-training and increased food production are major goals of CARE's Self-Help Program, which gives needy people tools and equipment to help them feed and otherwise support themselves in the future.

**FOR QUICK RESULTS TRY A HERALD**

There would be no teacher shortage in the schools of our state if prospective teachers were preparing to teach in the areas of critical needs and if all those being prepared to teach sought and accepted teaching positions within the state," said Dr. Charles F. Carroll, State Superintendent of Public Instruction.

The 19th annual study of Teacher Supply and Demand, just released by the Division of Professional Services of the State Department of Public Instruction, indicates that North Carolina institutions of higher learning are producing one elementary school teacher for each 1.30 needed in the state's public schools and they are producing 1.97, or nearly two, secondary school teachers for each one needed.

The chronic shortage of adequately prepared teachers at the elementary school level is expected to continue, with no prospect of relief in sight," said J. P. Freeman, director of the division. "For the first time in our history there is a special focus on the young child." The implementation of Public Law 89-10, plus the implications of the Economic Opportunity Act, Project Head Start, and possible further federal legislation, in an added dimension in the demand for adequately prepared elementary teachers to meet the educational needs of small children."

Colleges in North Carolina graduated a total of 5,447 teachers during the 1964-65 academic year—1,992 elementary school teachers and 3,455 secondary or special subject teachers. For the current school year North Carolina public schools hired 4,329 "new" teachers (those who had not taught during the 1964-65 academic year) but 2,571 of these were employed as elementary school teachers while only 1,758 were secondary or special subject teachers. The 1966 college graduating classes in North Carolina are expected to produce 1,961 new elementary school teachers and 4,005 secondary school and special subject teachers. This indicates a decrease of 31 in the number of new elementary school teachers available for the 1966-67 school year and an increase of 550 new secondary school teachers.

148 are teaching this year in North Carolina schools.

In the foreign language field 172 new teachers were prepared last year of which 84 are teaching in the state, 45 are teaching outside the state, nine are in non-teaching jobs, nine are taking graduate work, one woman became a homemaker, and there was no information on 18 other women.

The study indicates that 60.89 per cent of the elementary teacher graduates of 1965 and 43.62 per cent of the high school graduates are currently teaching in the state's public schools. Public colleges prepared 63 per cent of them and private colleges prepared 37 per cent.

Private enterprise took 33 of the 295 math high school teachers prepared by North Carolina colleges last year. 56 took teaching positions outside the state, 16 are taking graduate work, five are in military service, three women became homemakers, and information was not available on 34. A total of

Of 37 new chemistry teachers prepared last year, only 16 are teaching in North Carolina schools this year. Seven went to schools out of the state, four are with private enterprises, four are taking graduate work, two are in military service and information was not available on three.

**shopping with you in mind**

By KATE

There's still plenty of summer season coming along and the Western Auto Store urges you to take advantage of their remaining summer bargains. For instance, there is a Briggs & Stratton Rider Mower, 25-inch cut, making lawn mowing a pleasure. Imagine this machine being only \$189.88! For you sportsmen (and sportswomen) there is plenty of good fishing equipment left and supplies for skiers and surfers. And by the way, on request of many of their customers, you can now get those Polyethylene golf tubes to protect the individual golf clubs from the Western Auto Store.

The P & Q Super Market wants you to know that although due to the extremely dry weather, the usual bountiful supply of produce may be scarce, they are doing their best to provide their customers with fresh green vegetables "in and out of season." And, as always, in their meat department, the P & Q Super Market will give you the best buys in the fresh cuts of meats. This week there's specials on steaks, sirloin, T-bone and chuck and on boneless chuck and rib roasts. In a "honey" place to shop—the P & Q Super Market.

I can tell you fishermen, the place to go to get that fishing equipment repaired is at **Bel's Shop** on East King Street. I've had several experiences with messed up reels, missing parts, etc., and Mr. Bell straightens 'em out in no time. He has the parts for most any kind of reels, spinning and otherwise and your reel will be like "new" again when it's repaired at **Bel's**.

There's always new and exciting bargains at **Gene's 5c and 10c Store** and this week there's a good variety of summer specials. Ladies' shorts have been reduced, one lot from \$1.98 to 99c and another from \$2.98 to \$1.49. Bell bottom trousers in white with red belt have been marked down from \$2.98 to \$1.49 and Capri pants from \$2.98 to \$1.49. There's a good buy on boys' shorts, too, reduced from \$1.98 to 99c and boys' Henley shirts from \$1.57 to 99c. Shop at **Gene's 5c and 10c Store** for these terrific sales.

Do you ever wonder what to take to a friend who is a hospital patient or who is ill at home? At **Mitchener's Pharmacy** there's a wonderful selection of gifts, quite appropriate to make their day a little brighter. For instance, there's bath powders, colognes, magazines and story picture books for

children. By the way, a new shipment of Hollingsworth candies, including milk chocolates, pecan rolls, mints and hard candies at **Mitchener's**.

Authentic Early American at its best is found at the **Quinn Furniture Company**. If you'll look in their show windows, you'll see such attractive and well-made Early American dining room suites of hard rock maple, lovely bedroom suites with canopy beds and colonial looking living room furniture with foam cushioned sofas and chairs, the ultimate in luxurious living. For fine furniture in authentic Early American, be sure to shop at **Quinn Furniture Company**.

It's not really necessary to suffer from the hot summer weather, when you can get an RCA Whirlpool air conditioner from the **Western Gas Service Store**. And they're such good buys, too, at only \$149.95, installed, and that is extra cheap for the comfort it gives, believe me. So stop in at the **Western Gas Service Store** and let them help you with your problems in air conditioning.

You'll find lots of "good buys" at **Tarkington's** summer clearance sale this coming week. The name-brand White Stag ladies' shorts and shirts have been reduced one-third of the original price. Many other lines in children's and ladies' shorts, shirts and beachware have been reduced to one-half price. Look ahead, buy now for the rest of this year and next at **Tarkington's**.

I had a most interesting jaunt yesterday out at **Morgan's Park** housing development, just to see one of their newly constructed homes and like most women, I got a thrill out of just thinking and planning how nice it would be to own one of these modern, well planned homes. Just think, three bedrooms, two ceramic tile baths, very modern paneled kitchen and den, living room with a "real" fireplace, an attractive foyer and a double carport with cemented floor. I could go on and on, but go out there and see it for yourself at **Morgan's Park** on Highway 17.

It's really a good feeling when you want a beautiful floral arrangement to be able to call **Pate's Florist**, knowing they will try to please you in every way, according to your particular needs. They are always ready to help with flowers for weddings and other special occasions, especially too, with flowers for funerals. So call **Pate's Florist** at 482-2246 for "Saying it with Flowers".

Just what you've been waiting for: the winners of the **LUCKY TIGER SWEEPSTAKES** at the **Bridge-Turn Esso Service Station**. The names of the holders of the Lucky Tiger Sweepstakes winners will be posted at the **Bridge-Turn Esso Service Station** this week-end, so while you're filling your tank with that famous Esso gasoline, ask about their "Kool

Cushions" which are on sale, special this week. And don't forget to see if your lucky number is posted at the **Bridge-Turn Esso Service Station**.

**Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain**

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called **Preparation H**. At all drug counters.

**Six Simple Things To Remember**

1. Your Savings are insured by Federal Savings and Loan Insurance Corporation.
2. All funds placed with us by the 10th of any month earn dividends from the first of that month.
3. No hidden restrictions. Every Account receives exactly the same dividend rate.
4. You may open or add to your account in any amount at any time.
5. Your funds are always available. No waiting period required.
6. You can save by mail. Service is at your nearest mail box.

... when you make a regular savings plan a part of your living plan. Start now with a systematic savings plan and watch your money grow with our higher-than-average current dividend rate.
