

# Two Tyner Men Sentenced In Illicit Booze Case

Two Tyner men were given active prison sentences in District Court here Tuesday after being convicted of manufacturing illicit liquor.

Kermit Ray Smith, 28, and Johnnie Mack Hendrix, 25, were given identical sentences of 18 months on the road by Judge Fentress Horner of Elizabeth City. Smith and Hendrix gave notice of appeal to Chowan County Superior Court and their bonds were set at \$500 each.

The state placed the two men at a still site in the Ryland community the night of January 23.

Deputy Sheriff Troy Toppin said he, Deputy Glenn Perry and ABC Officer L. R. Bridges went to the site of a distillery late in the afternoon in question. He said he and Bridges went into the woods and when they started out they saw a car coming down a woods path.

They saw two subjects get out of a car and go to the still. Later they went back to the car and it was here

that the officers arrested Smith and Hendrix.

Bridges testified that when he first went to the site he noticed a shovel. Following the arrest of the defendants he again went to the distillery and found that the shovel had been moved. It was wet.

The officers testified that in their opinion the two men had gone to the site to start the fermenting mash.

Deputy Toppin described the outfit as having a 35-gallon copper still, a five gallon doubler, and a five gallon cooling box with an auto radiator in it. The mash was fermenting in 55 gallon metal drums.

Solicitor Wilton Walker took a nol pros with leave in cases where Charlie Haywood Jernigan, 33-year-old Negro, 217 North Oakum Street, and Carolyn W. Raines were charged with cohabitation and prostitution or aiding and abetting in prostitution. The two defendants were arrested by Edenton police the night of February 13, 1966.

A nol pros with leave was also taken in the case where Harlie Brickhouse was charged with passing a worthless check.

Curtis Etheridge, 30, South Oakum Street, waived preliminary hearing on a charge of bigamy.

Judge Horner allowed a defense motion for non suit at the conclusion of the state's evidence in cases where Mitchell Gardner and Linda Stallings were charged with occupying a motel room for immoral purposes. The state took a nol pros in the case where Gardner was charged with obtaining lodging with intent to defraud.

Other cases called by Solicitor Walker included: William P. Bembry, failing to have his vehicle inspected, costs.

Sanders Norman, assault with a deadly weapon, nol pros and prosecuting witness ordered to pay costs.

Jimmie C. Keeter, following too closely, costs.

Alvin Alexander, failure to comply with a former order of the court, costs.

Sarah Gibson Tysor, failing to have vehicle inspected, nol pros.

Jessie Fleming, failure to comply with a former order of the court, capias ordered.

J. R. Pledger, worthless check, called and failed, capias ordered.

Joseph R. Wilson, failure to have vehicle inspected, costs.

William W. Perry, non support, nol pros.

Leman R. Brickhouse, convicted of speeding, gave notice of appeal.

Ernest Holley, larceny, 18 months. In another case of

damage to public property he was given six months, to run consecutively with the other sentence.

Henry Lewis, assault with a deadly weapon and larceny, 60 days.

## Membership Drive Underway

The first local women to join the Chowan Hospital Auxiliary during the 1967 membership campaign were announced this week by Mrs. Robert J. Boyce, president.

The drive, which will be conducted for the next few weeks, gives local people an opportunity to support this organization which lends assistance to the local hospital.

Mrs. Boyce said the \$1 membership fee does not obligate the member to attend the monthly meetings or participate in club projects, although they are encouraged to do so.

Money collected through memberships, as well as various benefits, over the year has purchased many life-saving machines and other items for the hospital. The equipment list, which grows each year, included: delivery table, X-ray machine, as well as numerous items for the convalescent home.

W. P. (Spec) Jones states that "without the help of our fine auxiliary, Chowan Hospital could not operate with its present efficiency."

Mrs. Boyce is seeking to make the 1967 drive a record-breaker and encourages all women in the area to support the membership efforts.

Members include: Mrs. Lena Leary, Mrs. Barbara Elmore, Mrs. Albert Ward, Mrs. Lynn Bond, Mrs. Jessie Porter, Mrs. Frederic Drane, Mrs. John Wood, Mrs. Val Patterson, Mrs. E. L. Ward, Mrs. B. G. Willis, Mrs. Margaret Davis, Mrs. Roland Vaughan, Mrs. C. T. Dixon and Mrs. Joe Thorud.

Also, Mrs. J. L. Forehand, Mrs. G. A. Byrum, Mrs. Thomas Shepard, Mrs. Warren Twiddy, Mrs. Tom Cross, Mrs. Polk Williams, Mrs. Rebecca Warren, Mrs. Richard Hardin, Mrs. John Lavezzo, Mrs. Boyce, Mrs. Pansy Elliott, Mrs. Virginia Wood and Mrs. J. D. Leary.

## Health Fair Set March 16-18

A North Carolina Health Fair to promote public interest in medical and hospital care will be held in Goldsboro March 16 through 18.

Sponsored by Health Careers for North Carolina, a statewide recruitment activity, and the Wayne County Medical Society, the Health Fair will feature sixty exhibits by national, state and local health and professional societies, educational institutions, manufacturers and the armed forces.

Promotion of the Health Fair is planned to attract health personnel, students and the public. Admission will be free.

The 1967 Health Fair will be the second to be held in North Carolina, the first statewide Health Fair having occurred in Durham in 1964. Staged in Duke Indoor Stadium, it was sponsored by the Durham - Orange Medical Foundation, a charitable trust established to produce the fair.

The Goldsboro fair will contain exhibits ranging from the beginning of life to health problems of the aging and will include the struggle against disease and the workings of the human anatomy and its vital functions. Other subjects to be covered are nutrition, physical fitness, radio-active drugs, space medicine, community health

services, the rising costs of health care and health careers available to young people. Tents containing a military operating room and surgical ward will be erected by the U. S. Air Force from Seymour Johnson Air Force Base.

Members of the Health Fair Executive Committee are: Dr. James M. Lancaster, President, Wayne County Medical

Society; Elisha M. Herndon, President, N. C. Health Council; Dr. Frank W. Jones, President, Medical Society of the State of N. C.; Dr. Jacob Koomen, State Health Director, State Board of Health; William F. Henderson, Executive Secretary, N. C. Medical Care Commission; Dr. J. H. Guion, President, N. C. Dental Society; Dr. Eloise R. Lewis, President, N. C. State

Nurses Association; J. Grayson Brothers, President, N. C. Hospital Association; Mrs. Leon W. Robertson, President, N. C. Medical Auxiliary.

The fair will be located at the armory of the 105th National Guard in Goldsboro.

Who can remember the old religious camp meetings?

## PIPE CLEANER ROUNDUP

How many uses can you think of for the lowly pipe cleaner? Here are a few to start you thinking: Hold parts of rod together when disassembled. Keep line from unwinding on reel. Nook and cranny oiler. (Can also be used to clean pipe).

## LEADED GUN BARRELS

Mercury can clean lead out of shotgun barrels in a day or two. Plug end of barrel, fill with mercury. Pour out and wipe clean after two days. Barrel looks like new. Your druggist has the mercury.

## BAKED BATTERIES

Heat flashlight batteries over your camp fire for a few more hours of light.

## EASY LACES

Char ends of rawhide boot laces and they'll be easier to slip through eyelets.

## PAINT 'EM UP

A few stripes of fluorescent paint on spoons will add to their attractiveness for pike and muskies. Increases the wobbly effect.

## NO-SCENT TRAPS

Boil your traps in a solution made of a half cup of

bark from cottonwood, willow, cherry and beach trees and a few bows from a cedar for about an hour. Foxes will never smell them.

## YELLOW JACKET TRAP

Hang a fish near camp and put a pail of water under it. Yellow jackets gorge themselves on fish until they can't fly, fall into water and drown.

## LANTERN LIGHT

Bend a piece of aluminum foil around your gas pressure lantern to focus (and increase) light and heat. Foil is fireproof.

## PLUMBER'S FRIEND

Work your boot up and down your ice fishing hole like you work a plumber's friend in a stopped john. It clears ice and slush away by drawing warm water into hole.

## RAZOR'S EDGE

Trappers carry a supply of single-edged razor blades to make the first slits in skinning. Tough hide of animals dulls regular knife quickly.

## MILK CARTONS

Milk cartons make good freezer boxes. Fill with game, fill with water, freeze and store in freezer.
