

## Council Hears Good Reports

Dr. Johnnie H. Horton, acting chairman of the Edenton - Chowan Good Neighbor Council, Monday said he is well pleased with progress being made in the community in the realm of race relations.

After hearing various reports at the council meeting in the Municipal Building, Dr. Horton, local Negro dentist and community leader, said recent action shows the community is moving in the right direction.

Eleven of 13 council members were present to hear that work has started on a sidewalk from North Broad Street at George Chevrolet Company down Oakum Street to D. F.

Walker High School. The council recommended some time ago that this sidewalk be constructed. Last month Mayor John A. Mitchener, Jr., asked Town Council to underwrite the cost of such a project.

The recent developments centering around the Negro Boy Scout troop were also discussed. It was reported that the troop in past years has been sponsored by D. F. Walker High School but this is no longer possible. The troop, according to Supt. Hiram J. Mayo, can meet at the school but cannot be sponsored by the school. The council agreed to actively solicit a sponsor for the troop.

Thomas Sharpe reported that he recently visited in the State Good Neighbor Council office in Raleigh and state officials asked the local council to work in behalf of a merger of the school administrative units of Edenton and Chowan County.

During a discussion concerning Vine Oak Cemetery, the council was told that the town is currently maintaining the North Granville Street cemetery.

George Alma Byrum, chairman of the Equal Employment Committee, asked council members if they had received any complaints of unfair employment policies in the area. There was no such information available.

I'm rich, these common things are mine  
Like flowers and birds and the sun that shines.

I'm rich with beauty that money can't buy,  
It's my Father's world, He reigns on high!

It is truly a beautiful world, even in the midst of sadness. Each new day brings a measure of exciting things, unexpected happenings, each day nearer Spring and the wonderful beauty of the great outdoors.

I am very sad this week because of the death of my friend Esther Hobowsky. It was not my privilege to know Esther for very long. However, the short time friendship meant a lot to me. To me, she was a kind, sweet person, asking nothing for herself, but was very faithful to her family, her mother especially, who needed her so very much. I'll remember her much longer than I knew her.

We've been enjoying one of my very favorite foods this week, fresh Spring watercress. My friends at the P & Q have been trying to get this delicious salad green for weeks and finally last weekend it came in. It grows only under cold spring water and is harvested in the spring of the year by raking it out of the water. Perhaps they will have some this weekend again and if they do, try it as a salad green such as lettuce or endive. Good with a homemade dressing made with one egg, one tablespoon vinegar and one tablespoon sugar. Beat to

### Talented Miss

Sailor — I suppose you dance?

Babe — Oh, yes, I love to.

Sailor — Great, that's better'n dancing!

### Beauty Hints

Navy blue mascara makes the whites of the eyes look larger.

Each night when cleaning the face, pay special attention to the neck and throat. Clean them thoroughly, then apply a moisturizing lotion to soften and lubricate while you sleep.

### Helpful Hints

Drop lemon rind into the cooking water of frozen peas, carrots or broccoli to brighten the flavor.

To enhance the digestibility of beans, French chefs always add a carrot to the water in which beans are cooked and to bean soup.

For a tired voice, the best remedy is to swallow three tablespoons of honey. After dicing apples for fruit salad, place them in

slightly salted water for 10 minutes, then rinse in cold water before adding them to the salad and they will not turn brown.

Those insulated bags that ice cream comes in are fine for heating rolls in your oven.

Try using a teaspoon of baby oil in your bath water for a smoothing effect

on the skin.

After waxing your car, dip the polishing cloth lightly in flour before rubbing and you'll get a streakless finish.

A little turpentine in the bottom of your outdoor garbage can will eliminate bad odors and keep away insects.

### MERRY HILL ITEMS
