## how is your rib roast trimmed?

That depends upon where you buy it.

At A&P, we sell only short-cut, oven-ready Ribs of Beef.

We remove the excess Short Ribs and sell them separately at the lower Short Rib price. We never tuck them under and charge the Rib Roast price.

We remove the back-strap for easier carving.

We remove the excess wasteful chine bone.

Is all this trimming important to you? Well, on an average four-rib roast, we trim up to 1½-lbs. of excess fat and bone. At Rib Roast prices, that adds up!

Next time you buy a Rib Roast, think about these things.

And then think, shouldn't A&P be your store?
