

Letter To Editor

To the Editor: When writing last week about the proposed desecration of Church Street, I purposely presented only part of my plan for an east-west route through Edenton, thinking that offering only the eastern sector would focus attention on the more immediate problem of saving Church Street.

For the balance of the east-west route you continue west from Broad Street over Freemason with two alternatives; the first is to revive the old railroad right of way to the recently widened part of West Queen Street, then out over U.
