

Aces To Play Indians Friday

Coach Marion Kirby isn't looking for another dramatic grid contest finish such as was the case last week when the Edenton Aces rode to victory over Bertie on the foot of Matt Neipraschk. Neipraschk, the soccer-type booter, split the uprights to knot the score at

14-10 after the Aces had come from behind all night. Then with two seconds on the clock, the nifty place kicker booted a 30-yard field goal to keep the Aces undefeated in 2-A Albemarle Conference play.

Sutton then went 39 yards on a double reverse to the Bertie 35. It took the Aces four plays to get a first down and Bill Wallace, the dependable, knocking runner, kept them in the game. **Kat-**

Homecoming Set

The annual Homecoming festivities at John A. Holmes High School will be staged Friday, climaxed by the Edenton-Perquimans football game at Hicks Field.

Students at the school will select a homecoming queen and princess by popular vote prior to the game. The winners will be announced at halftime.

Prior to the grid classic, the candidates for both queen and princess will ride in a parade up Broad Street.

The parade will be led by John A. Holmes High School Band and it will include the Varsity and Jayvee cheerleaders and the majorettes.

Miss Sanfra Ange, 1967 queen, and Miss Hettie Wallace, 1967 princess, will crown the new queen and princess.

Candidates for queen have been selected from the three top classes at the school. The contestants, their grade and escort are: Patricia Ashley, 10th Grade, **Continued on Page 4**

Friday night the Aces play host to winless Perquimans County High School in a homecoming match at Hicks Field. Gametime is 8 P. M.

Coach Kirby said his team was not as sharp last week due to an open date the week before. However, they showed determination and a fighting spirit to win at Bertie, 17-14.

The Aces are heavy favorites to keep Perquimans in the cellar of the conference.

Neipraschk missed three straight extra points in the Pasquotank Central game the opening night of the season. Since then he has booted 11 consecutive points after.

Bertie got on the scoreboard early in the first period. A 65-yard drive by the Aces, spotlighted by two Frankie Katkaveck to Quinton Goodwin passes, put them into a 7-7 tie.

The Falcons scored again in the second period to go into intermission with a 14-7 lead.

With 4:31 minutes on the clock, Edenton mounted the drive to knot the score. Their drive was set when John Sutton intercepted a pass on the Edenton 26.

Matt Neipraschk

HOMECOMING ROYALTY—John A. Holmes High School will have homecoming Friday night and students representing grades 10 through 12 are seeking the crown of Homecoming Queen. First row, left to right, candidates for the coveted honor are: Patricia Ashley, 10th grade; Debby Adams, 11th grade, and Jean Trexler, 12th grade. Standing are Homecoming Princesses. They are, in the same order: Katherine Forehand, Seventh grade; Julie Habit, Eighth grade, and Kim Easterling, Ninth grade.

Miss Bishop Recognized

RALEIGH—Edna Bishop of Edenton, North Carolina's first area home economics Extension agent, has been named the recipient of a high national honor from the National Association of Extension Home Economists.

She will receive the Florence Hall Award Wednesday evening, October 25, during the annual national meeting in Jackson, Miss.

This award is given in recognition of outstanding work in the adult home economics Extension program.

Described as "a home economist with vision," Miss Bishop will be honored for her success in developing and carrying out a home industries project in the 10-county Albemarle area, including Perquimans County.

The idea for the project came in 1965 when Miss Bishop was home economics Extension agent in Pasquotank.

It was designed to meet four needs: (1) to help families in the Albemarle area increase family income, (2) to help creative persons realize and develop their potential, (3) to provide intangible benefits, such as personal satisfaction, to participants, (4) to provide tourists and others who buy with a quality product.

To make it a reality, Miss Bishop provided the leadership needed to help create an interest in home industries among the Extension agents and leaders in the Albemarle area.

She held annual district crafts workshops and instilled in participants a respect for creativity and quality in their work.

As another important step, she helped organize the Albemarle Craftsmen's Fair, an event where area craftsmen could **Continued on Page 4**

Goodwin Presented Vietnam Honor

Bill Goodwin, Jr., son of Mr. and Mrs. W. P. oGodwin, 214 East Eden Street, has been notified that the Republic of Vietnam has awarded him its Navy gallantry medal with silver anchor.

A citation accompanying the medal commended Goodwin for his actions in command of assault boats during Operation Beaver Cage, an amphibious raid in Vietnam last April.

At the time Goodwin was a lieutenant (junior grade) on active duty in the Naval Reserve on the USS Point Defiance, a landing ship dock whose home-port is Long Beach, Calif.

He commanded all assault boats of the

The Public Parade

Move With Dispatch

Edenton Police Chief James H. Griffin leaves Friday to assume command of the Sanford Police Department. Mayor John A. Mitchener, Jr., has designated Capt. J. D. Parrish as acting department head until a new chief can be named.

Mayor Mitchener, Town Administrator W. B. Gardner and Councilman Tom Shepard are to screen applicants for the job and present three to the council for consideration.

Capt. Parrish has demonstrated exceptional ability in his present position and will do a good job of running the department until a new chief is selected.

However, for the good of the Town of Edenton it is hoped that the council will not unnecessarily delay selection of a replacement for Chief Griffin.

Good, fair, impartial law enforcement is more essential now than ever before. Qualified administrators aren't plentiful nor do they come cheap. Council will have to establish a salary for the position attractive enough to keep the right man in Edenton.

As we said, the least amount of time should lapse before this vacancy is filled.

Democrats Limber

Democrat hopefuls from various parts of Tar Heelia are limbering up their vocal cords as well as their writing hands. They are getting in line for the May, 1968, primary election.

Lt. Gov. Bob Scott is making speeches from Manteo to Murphy as he prepares for a formal announcement early in 1968. He admits he has his eye on the Governor's Mansion.

In an interview here recently while doing some limbering up exercises along The Public Parade, the lieutenant governor likened running for political office to going fishing.

"You spend some time getting your gear ready," he explained. "There is a lot of hopeful anticipation and then on the day you are to go you look out and take a look at the weather. If it is fair you go."

While every day or so a new trial balloon is put aloft, Bob Scott still has the inside track. **Continued on Page 4**

amphibious ready group of the U. S. Seventh Fleet during the operation south of Da Nang, South Vietnam.

During the operation his boat group came under fire from Viet Cong snipers on the beach near the landing spot, and he was left in command of the waterborne operation one afternoon when the attack ships went to sea to refuel.

U. S. Marines who stormed ashore during Operation Beaver Cage killed about 280 Viet Cong.

A 1965 graduate of the University of North Carolina at Chapel Hill, Goodwin was released from the Navy this past June. He is now a reporter for the Atlanta Journal in Atlanta, Ga.

MISS CHOWAN HIGH SCHOOL—Fellow students have elected Linda Berryman to the coveted post of Miss Chowan High School for 1967. Miss Berryman, a senior, will represent the school at many functions during the current school year. Balloting in the Miss C. H. S. contest was held Friday and results announced at an assembly program by Principal Kenneth L. Stalls.

Adult Education Classes Underway

Adult education classes are currently underway at John A. Holmes High School and two of the five classes are filled to capacity.

Principal Cecil W. Fry announced today that no more students can be accepted for bookkeeping and sewing. There are 44 in the sewing class with 24 currently enrolled in the bookkeeping

class. However, there are openings in adult basic education, high school equivalency, and typing. There are a total of 109 students in these three classes.

Fry said some interest has been expressed in starting classes in plumbing, welding, drafting and blueprint reading and small engine repair. There must be at least 15 students to start a class, therefore, anyone interested in any one of these courses should contact Fry.

Students will be accepted in other open classes Monday night at 7 P. M. A student cannot register for class after that time.

State Fair Entry

A series of five educational exhibits by Home Demonstration Club women will be presented at the 1967 N. C. State Fair this year.

These exhibits will show how each phase of homemaking can contribute to raising the levels of living. Each is equally important in the development of the well balanced home.

Although these exhibits are not competitive, each receives a meritorious award of \$300.

Lenoir County will present the home management exhibit. Mrs. Charles Livick is county council president.

The nutrition exhibit will be shown by the Orange County Club, directed by Mrs. Bill Dorsett, County Council president.

The Polk County Club, with Mrs. Minnie Greene as president will present the clothing exhibit.

Family life will be presented by Chowan County. Mrs. C. W. Overman is County Council president in that club.

Guilford County will present the Home Furnishings exhibit. Mrs. A. G. Greeson, Jr., is president of that club.

Board Seeks Food Expert

Edenton-Chowan Schools will hire a food service specialist to supervise operation of the five school cafeterias.

The board of education last week approved employment of someone to fill the newly created position after Supt. Bill Britt reported considerable deficits in the operation of three of the lunchrooms during September.

Supt. Britt explained this week actually no money was lost during the month since each cafeteria had an operating balance. He did say continued deficits would soon deplete these funds.

The superintendent said each cafeteria operates individually and unless a better coordinated and more economical operation can be established then tax money will be needed to support the program.

Currently funds for operation of the lunchrooms in the system come from the sale of lunches plus federal reimbursement per plate. This ranges from 13 cents to four cents per plate served to students.

Expenses in three of the five cafeterias for September were more than \$3,000 greater than income. "We cannot continue to operate in this manner," he said.

The problem is that labor costs as well as food costs have increased while the schools are trying to feed children at the same price as five years ago, the superintendent said.

He believes a competent supervisor working with all cafeterias in areas of personnel training, menu planning, buying, etc., can keep this \$150,000 department operating in the black.

During September an average of 2,245 students were fed in the system or 72 per cent participation. Individual school participation ranged from a low of 53 per cent to a high of 97 per cent.

The board of education is also studying insurance on school buildings. They were told by West Byrum, Jr., representing local insurance agents, that insurance now carried with the State Fund is not adequate.

Byrum said while the schools are insured for \$2,746,600 with an annual premium **Continued on Page 4**

Fall Festival Set

The Center Hill Community Development group will have a Fall Festival October 28 at the community building. It will begin at 10 A. M.

On sale for the day will be coffee, soft drinks, cakes, pies and all kinds of goodies for the sweet tooth, country produce, canned goods, clothing, millinery, jewelry, all types of needlework, aprons, etc.

Lunch will include collard and ham plates, as well as chicken pot pie and jam plates. Hot dogs and hamburgers will also be on sale.

Dinner will include chicken plates, served from 5:30 P. M., to 7 P. M. Tickets may be obtained by calling Mrs. J. Cameron Boyce, 221-4374; or Mrs. B. P. Monds, 221-4402.

Free entertainment is planned for the evening with door prizes to be given away.

Proceeds from the Fall Festival will go to benefit Center Hill Community Center.

Demonstration

It takes a special breed to be a fireman. Why?

Members of Edenton Fire Department will show you tonight (Thursday). They plan a public demonstration of many of the challenges they face in the course of their work.

Fire Chief W. J. Yates said the demonstration will begin at 7:30 P. M., and practice by regular and volunteer firemen will include many fire services.

There will be ladder practices, tower demonstration, small pit fire, auto fire, large pit fire, house rescue and house fire.

Most of the fire fighting equipment in the department will be demonstrated during the evening as firemen go through the various drills.
