**CCC Used Bins For Sale**  
There are still some used CCC Bins in North Carolina. The State ASC Committee has set one price for single row bolt bins and one price for double row bolt bins. The single row bolt bins can be purchased for \$24.00 and the double row bolt bins for \$474.00. Producers who may want to purchase a bin and receive a CCC loan can do so if they expect to participate in the 1968 Feed Grain Program. Although there are no bins on hand in Chowan County, a producer in this county can receive a loan through this office if he purchases a bin from one of the other counties.

He should contact this office before he purchases a bin. Bins are presently located in the following counties and the above prices will be effective through February 2, 1968.

**Single Row Bolts - 30 Bins Available:** Hyde, Pitt, Randolph, Robeson, Rockingham.

**Double Row Bolts - 171 Bins Available:** Bladen, Brunswick, Columbus, Duplin, Edgecombe, Montgomery, Moore, Northampton, Pender, Randolph, Robeson, Sampson, Surry, Tyrrell, Wilkes, Yadkin.

**1968 Feed Grain And Cotton Programs**  
Producers will be mailed a notice showing yields and payment rates within the next two weeks. The sign-up will begin Monday, February 5 and go through March 15, 1968.

Soybeans on diverted acreage will not be permitted under the 1968 programs. All small grains on diverted acreage must be destroyed by May 31, 1968. At the present time we do not know whether advance payments will be made at the time of sign-up or not.

**Lease And Sale Of Peanut Allotment**  
Recent legislation permits the owner and operator of any farm for which a peanut allotment is established to transfer by sale or lease peanut acreage allotment to any other owner or operator of a farm in the same county. More details may be obtained through the ASCS office.

**Reminders**  
February 1—Final date to return peanut marketing card to County Office.

March 22—Final date to release cotton.

April 1—Final date to lease or transfer tobacco allotment.

Notify County Office of any change in farm operations as soon as possible after change.

Premeasurement rates for 1968: \$3.00 plus 80c per acre for all allotted crops and land uses with a \$7.50 minimum per farm.

## Catholics Plan Open House

On Thursday of this week Catholics throughout the United States will begin to observe an Octave for Church Unity. "We here in Edenton," says Father Joseph J. Lash, pastor of St. Ann's Catholic Church, "will begin the observance with the 7 A. M. mass on Thursday of this week and continue with a daily mass schedule on through the following week, when on Thursday, January 25, the Feast of the Conversion of St. Paul, we will hopefully conclude in a spirit of ecumenism."

"We are also hopeful that the ministers of their respective churches will extend an invitation to their members to join the parishioners of St. Ann's Catholic Church in observing the Church Unity Octave Program. For this purpose we will plan an open house on Saturday, January 20, beginning with a mass at 8 A. M. and keeping the church open for your observation until 6 P. M."

Father Lash will be available throughout the day to help broaden knowledge about the teachings of the Catholic Church.

In addition, it may be plausible to point out that a Parish Mission is being planned for the week of February 25. This (re-ival as some will better know it) mission will be the finale to the Year of Faith Program which is being observed in the Raleigh Diocese this year. In respect to the mission more detailed information will be forthcoming in a later edition of this newspaper.

First Soloist — Did you notice how my voice filled the hall tonight?

Second Soloist — Yes, dear. In fact, I noticed several people leaving to make room for it.
