DOWNTOWN SCENE OF YESTERYEAR—Chuck Benson at First National Bank of Eastern North Carolina has uncovered this old photo of The Citizens Bank, taken in the late 1920's. Wire cages protected the small trees out front and in recent weeks a beautification project has again put trees in the downtown area. To bring the picture back to the old days other action would be necessary, like installing the water fountain and removing the parking meters.

Cost Of Money Causes Concern

"During the past 12 months, continued inflationary pressures have resulted in a continued rise in the cost of money and restrictions in the supply of money," according to A. L. Wiggins, manager of the Federal Land Bank Association of Ahsokie, who has just returned from the annual conference for directors and managers of Federal Land Bank Associations held at the Marriott Motor Hotel in Atlanta. "After some easing in the early part of 1967, during recent months we have been facing an increasingly difficult money and credit situation for what appears to be an indefinite period ahead," Wiggins explained. "However, our association continues to cooperate with the nation's monetary policies and we feel that we will continue to meet the increasing sound, productive and constructive long-term credit needs of farmers." The Ahsokie association handles the making and servicing of loans for the Land Bank in Bertie, Camden, Chowan, Currituck, Gates, Hertford, Northampton, Pasquotank and Perquimans counties out of the association office in Ahsokie.
