

Hayes Affiliated With Bank Chain

B. B. Townsend, vice president and senior trust officer of the Peoples Bank and Trust Company, has announced the association of G. Lewis Hayes, Jr., with the bank as a trust representative.

Hayes graduated from Roanoke Rapids Senior High School in 1963 and attended the University of North Carolina at Chapel Hill, where he graduated with an AB degree in economics. He comes to Peoples Bank from Chapel Hill, where he was em-

ployed by the University Television Network as film director.

Lewis is the son of Mr. and Mrs. George L. Hayes of Roanoke Rapids, a Presbyterian and an Eagle Scout. While at UNC he was a member of the honor system commission and a member of Delta Sigma Pi, national business fraternity. At the present time he serves as a member of the United States Marine Corps Reserve.

Walter Jones Reports

No one could disagree with his concern in this area, but on the other hand, I believe the majority of the American citizens are equally concerned with the increasing disregard for law and order resulting in aggravated assaults, robbery and mugging. It is this area that has caused many citizens to be fearful of traveling in certain areas of our cities. His message requested increased appropriations in the fight on crime, but if the money is to be used for more study and commission reports, then I will not support such, for already there are enough commission reports on this general subject to fill an average library. What is needed are funds to upgrade local police units, additional manpower, better salaries and scientific equipment, and along with this, a federal court system which will be equally sympathetic with the victim as they apparently are with the criminal.

SCHOOL DAYS

By MARY LIZZIE LANE

My school days they were fun,
I wish they had begun;
We were happy as could be
When recess came we had a jubilee.

And our lunch we did take,
Some had bread and some had cake;
We weren't selfish as you know,
Because we loved each other so.

I can remember the giant oak tree
That furnished a place for us to eat, you see;
Now the memories linger still
As we talked and ate our fill.

Then we would run and play, you see,
Until our face was red as could be;
When it was time for us to sweep our room
We had to forget our play and start real soon.

It was fun walking home when it was warm,
In the evening when we could see the sun,
In the spring we could see
The bursting buds of the trees.

And the honeysuckles were in bloom,
We knew summer was coming soon,
And the frogs they hollered loud,
We knew that fish were in the Sound.

And down the walk when we got home
We noticed the violets were blooming some,
And the first breath of spring,
It was blooming in full swing.

Now the years have swiftly passed,
But these memories will always last;
In those days way back there
Children were willing to help and willing to share.

Manager of Belk-Tyler Company of Edenton

Since coming to Edenton in February of 1962, my wife, my children and I have come to know and love Edenton probably as much as those that were born and raised here. Dear Voter:

The time is near for you to exercise your privilege and vote. In the midst of a heated campaign, the public sometimes is in a quandry as to which candidate is most qualified to serve the needs of ALL its people. In the Mayor's race, there are two other candidates, both outstanding community leaders, and personal friends of mine. But let us for a moment reflect on certain aspects of the qualifications of the candidates. I sincerely believe that I am the most qualified candidate for the following reasons:

THE ONLY CANDIDATE

1. That has taken an active governmental role in Edenton's unprecedented growth of the last 5 years.
2. That helped to instigate and develop Edenton's Public Housing Program for our underprivileged and aged citizens.
3. That has advocated and helped develop off-street parking, in the last 5 years, making Edenton a better shopping center.
4. That helped plan and draft Edenton's annexation and zoning regulation, that will enhance our future growth.
5. That has attended the Institute of Government School for city officials within the last several years.
6. That actively worked for the formation of a Planning Board for Edenton, that we might take advantage of various grant-in-aid Federal programs.

familiar being through the efforts of one man—one author. It is, rather, the efforts of many men, collected and composed through the ages, edited, translated, re-translated. The love of God and the hearts and minds of many men have gone into this most universal of all books in the world today. Through their inspired efforts comfort has been brought to the grieving; courage to the fearful; hope to the hopeless; guidance for the lost—indeed there is no one human emotion, event in the life of man, temptation, or dilemma that man has known that does not have an answer in this great Book.

Through assiduous study, no matter what befalls us as human beings in this life, if we will but apply its concepts to our daily living, God walks hand-in-hand with us here, and welcomes us to His House in the hereafter.
