

# BROAD STREET BULLETIN

BY **Kate**

He waits, in his boat under the bridge  
With his lines and his fancy bait;  
While the little boy catches all the fish  
And the man just hopes and waits.

Many times, in fact just this week, we sat under the bridge in a boat with the live minnows for bait and watched people sitting at the end of the bridge catching fish with cane poles and worms. However, we did catch fish Saturday and just as many gnat bites as fish. However, the hot sunshine was wonderful.

One of the nicest couples who have moved to Edenton in the last year is the Lowell Weyants, who live on the Hertford highway on the edge of town. Carol and Lowell and their two boys have a lovely home, are Methodists and Lowell is employed at the Seabrook plant. They are fine folks and an asset to this community.

I hear that Bob and Charlotte Waller and family will soon be moving to

Ohio and, believe me, many of us will miss them. But here's wishing them the best of luck!

These days there seems to be danger signals for all sorts of illnesses, but here's five danger signals in Marriage, which I recently read about:

**Silence or Sniping:** Failure to communicate gripes at all or to shout them with venom and intention to hurt.

**Sublimation:** Over involvement with eating, children or whatever makes you forget your marriage.

**Apathy:** Boredom with husband, home or sex.

**Adultery:** Yours or his or continuous.

**Hostility:** Resentment of his job, fear you will be outgrown, distrust of his absences.

The solutions are, first to have healthy arguments,

specific and spontaneous objections to irritations, open-mindedness concerning personal relations. Stop pretending and keeping busy. In other words, be truthful and trusting.

I received a very nice letter this past week from Carol Raines, who is now living in Brooklyn, N. Y. Every now and then I get a letter from Carol and I do appreciate it very much. Here is one of the two recipes she sent to me:

**Spanish Pig Feet**  
Cook pig feet until half done. Change the water and add one can tomato sauce, three chopped onions, two diced white potatoes, salt, pepper and garlic salt to taste. Cook until tender. Very delicious.

Thanks a lot, Carol.  
Now here is a recipe for a delicious dessert, given to me by Carol Weyant, who says it is rich, fattening and delicious:

**Gobs**  
Cream together two cups sugar, 1/2 cup oleo or crisco and 2 eggs. Sift together 4 cups flour, 2 tsp. soda, 1/2 tsp. baking powder, 1 1/2 tsp. salt and 1/4 cup cocoa. Add alternately with flour and creamed mixture, 1 cup milk, 1 cup boiling water and 1 tsp. vanilla. Drop from tablespoons on ungreased baking sheet. Bake at 450 degrees for 5 minutes. Cool, then spread the following frosting: 2 tbsp. cornstarch, 1/2 cup milk, 1 cup crisco, 1 cup sugar, 1 cup confectioners' sugar and 1 tsp. vanilla. Cook over low heat, cornstarch and milk until thick. Cool. Cream crisco and sugar. Blend first mixture with creamed sugar and crisco, then add confectioners' sugar and vanilla. Spread on cooled cake.

We had a wonderful treat this week with gifts of dandelion from Pennsylvania and rhubarb from Maryland. Both were special with us, as it is Yankee food, which we both remember as having had lots of it in the spring of the year, when we were children. Our many thanks to Buff's nephew and my father.

## LETTER TO THE EDITOR

Every time I walk up to the door of the Swain Elementary School I feel a loving warmth steal into my heart and I find myself wondering how I may show the same self-giving love that I see demonstrated by these devoted and unselfish teachers. They daily minister with such patience and against such odds when the footsteps above are magnified like thunder in this well-worn building which is in such need of repair. But the most essential ingredients for teaching are present—in their friendly smile and the ever ready help.

My schoolmates reflect this same loving consideration; and in all the time I have attended the Learning Lab I just see more and more how people who have a dream can accomplish this dream by love and cooperation.

I couldn't think of anything to do to show my appreciation except to write a few words of appreciation and to encourage everyone who is a former dropout like myself to take advantage of this most wonderful opportunity to complete his or her education under the most pleasant conditions possible. It's never too late—I'm a grandmother myself!

I look forward to graduation and hope then to take some additional courses in creative writing and poetry. Let me express a personal word of thanks to Mrs. Britt, Mrs. Holmes and Mrs. Earnhardt, and to the College of the Albemarle — its faculty and staff.

A grateful student,  
**MARY SIDES**

# Beverly Ann Harrell In St. Mary's College May Court

RALEIGH—A tribute will be paid to alumnae of St. Mary's Junior College by years as president of the school's annual May Mary's, will address the Day pageant on campus alumnae luncheon, which Saturday at 4 P. M. will be followed by the annual Alumnae Day Alumnae Association meeting activities will also be Sat-ing.

Reigning over the pageant will be the May Queen, Mary Pride Clark of Fayetteville, a senior and vice president of student government association. She is a granddaughter of the school's first president,

Mrs. Ernest Cruikshank. The pageant will be staged by Orchesis and the Caperettes, the two dance groups at St. Mary's, under the direction of Mrs. Doris Bailey. Over 150 students will participate in the production, which will feature dances representative of eras during St. Mary's 127 years.

Other members of the May Court who will be presented are the Maid of Honor, Joanne Elizabeth McCall of Baltimore, Md.; Margaret Toccoa Gray of Whiteville; Mary Morrison Pennington of Tarboro; Patricia Ann Little of Greensboro; Wendy Jean Soper of Atlanta, Ga.; Beverly Ann Harrell of Edenton; Ann Taylor Mills

of Raleigh; Julia Hopkins Kirkland of Richmond, Va.; Elizabeth Ruth Capehart of Norfolk, Va.; Emma Lou Sanders of Wendell; Miriam Blount Manning of Williamston; Charlotte Ness Terry of Vero Beach, Fla., and Mary Melanie Beall of Lenoir.

The intelligent man learns from experience and is able to gauge the future by what has happened in the past.

Careful habits will often save someone's life and the interesting part of it is that it might be your life that is saved.
