

MRS. RICE'S KINDERGARTEN CLASS OF 1968

## Kindergarten Has New Home

Due to the overcrowded conditions at the Swain Elementary School, Mrs. Rice's kindergarten (formerly Mrs. Ross's kindergarten) is having to relocate. The new location will be in the Christian education facilities of the Immanuel Baptist Church, West Queen Street in Westover Heights.

The kindergarten operates from 8:30 A. M. until 11:30 A. M. Monday through Friday on the same dates as the public school system.

The program of the kindergarten includes: basic numbers, reading, readiness, phonetics, music, guided and purposeful play activities and field trips.

Registration day will be September 2, from 8:30 A. M. until 11:30 A. M. For further information and reservations, call 482-3567 or 221-4803.

## Dr. Shriver Here Sunday

In the absence of the pastor, Rev. R. N. Carroll, the pulpit of the Edenton Baptist Church will be filled by Dr. George H. Shriver, Jr., of Wake Forest on Sunday, August 10.

Having graduated from Stetson University and Southeastern Baptist Theological Seminary, Dr. Shriver also holds the Ph.D. degree from Duke University. His varied background includes interim pastorates, teaching fellowships, exchange scholarships, teaching fellowships and campus pastor at Ridgecrest.

His teaching experience includes instructorship in the undergraduate school of religion at Duke University. Since 1959 he has been associated with Southeastern Baptist Theological Seminary, where he is now professor of church history.

Dr. Shriver has enjoyed widespread travel in Europe and spent 1966 at the University of Geneva. In addition to teaching and preaching, he is an outstanding writer and literary critic, making contributions to numerous religious publications.

The morning service will be broadcast over radio station WCDJ for the benefit of those unable to attend and the supervised church nursery will be open for the benefit of parents with small children during both the morning and evening services.

The main reason for delays in receiving checks from the VA is that necessary papers are not received, or are improperly completed.

During its initial five years it sponsored the first nationwide survey of the status, opportunities and qualifications of business and professional women; it has been active in continuous research in these areas.

## 4-H'ers Aiding Egg Promotion

With summer vacation almost gone—many N. C. 4-H Club members are now busy participating in summer in-store egg promotions. The program began a couple of summers ago and was so well received that the North Carolina Egg Marketing Association and the North Carolina Agricultural Extension Service has continued to combine their efforts during the summer months to promote eggs.

According to many store managers—their egg sales increase during the period the 4-H'ers are on hand to promote and answer any questions the shoppers might have regarding eggs.

Besides answering the customers' questions, the 4-H'ers promote good nutrition and meal planning by providing mom with new recipe selections entitled "Eggcellent Ideas." The recipe folder contains suggestions such as Oriental Delight, Party Cherry Torte, Mexican Salad and also offers tips on egg cookery.

Eighteen counties across North Carolina are participating in the summer in-store egg promotions. In appreciation for their outstanding work—the North Carolina Egg Marketing Association will make a contribution to the 4-H Clubs to further their many worthwhile projects.

## A Thought to Remember

By MARVIN BARHAM

There is a story from Arabia that is worth repeating. A young man came to a wise old sheik, and asked, "What kind of people live in El Kamen? I would like to move my family from our village." "What kind of people live in your village now?" asked the sheik. "Unpleasant, selfish and unfriendly," stated the young man. "You will find them to be the same in El Kamen—they're unpleasant, selfish and unfriendly," advised the wise old sheik. In a few days another young man approached the old sheik with the same question about El Kamen. "What kind of people live in your village?" he again inquired. "Wonderful, thoughtful and considerate," the young man said. "The people in El Kamen are the same—wonderful, thoughtful and considerate," the old man smilingly replied. This is just a story—but isn't it true that by our attitudes we make life just about what it is? OUR THOUGHT TO REMEMBER: "TO HAVE A FRIEND—YOU MUST BE A FRIEND."

## James O. Perry, Jr. Wins Top Company Award

Some awards are really tough to win. Membership in our President's Roundtable is a good example.

Only a few top representatives meet the rigid requirements of sales leadership. Obviously, this kind of leadership doesn't just happen. To be a member of the President's Roundtable a man must have many qualities in addition to sales ability.

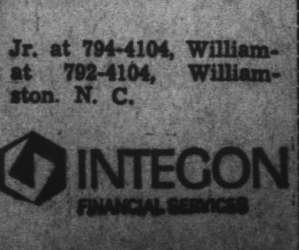

JAMES O. PERRY, JR. The Listener

Such as product knowledge, and training. And service. And a sincere desire to listen to his customers' needs.

Let an award winner help you with your life insurance and other financial needs.
