

FISH FRY IS COMING—Members of the Chowan Shrine Club are now selling tickets for their third annual fish fry to aid crippled children. Willie Bunch, president, left; Kermit Layton, ticket chairman; and Bill Easterling, treasurer, are shown beside the vehicle local Shriners use in parades in the area. Layton said 2,500 pounds of fish have been ordered and it is anticipated that \$1,500 in profits can be given to the crippled children's hospital.

Garden Time

N. C. State University

Fall of the year is the better season for establishing the permanent lawn using the evergreen grasses such as fescue and bluegrass. Preparation of the soil is very important and, in many cases, is not thoroughly done. Some suggestions may be helpful.

A soil test is the best to determine the need for lime, phosphate and organic content of the soil. Since so few home owners will take the time for this test, we will go out on a limb and make suggestions without the test.

Prepare the soil to a depth of 4-6 inches of plowing, discing or rototilling. Then apply the following evenly over the prepared surface: 35 pounds of an 8-8-8 fertilizer (granular form better than pellets) per 1,000 square feet of area; then 60 pounds of dolomitic lime per 1,000 square feet; then about two inches of peatmoss, or very old sawdust. Work the lime, fertilizer and organic matter into the soil to a depth of at least four inches. This can be done with a tiller or disc harrow.

It is important that both lime and phosphate be incorporated in the soil root zone because neither of these important plant food elements, once applied, moves readily in the soil.

Now you are ready to prepare the soil for the seed bed. It should be raked smoothly and evenly and rolled, if possible, to firm the soil. If you are lucky enough to have a good shower, it will do the job of setting for you. Or you can irrigate.

After the job of settling the soil has been accomplished, rake lightly and you are ready for seeding. Seeding can be done by hand or with a hand (Cyclone) seeder. Regardless of the method used, the seeding should be uniform. This can best be accomplished by dividing the seed, for a given area, into equal parts. Sow half in one direction and cross-seed the other half.

For fescue, use about three pounds per 1,000 square feet; for bluegrass about 1½ pounds per 1,000 square feet. Rake seed in lightly mulch with clean grain straw and water.

Buy only certified seed and the best available.

Soil fumigation will pay dividends as you can practically eliminate weeds, "wiregrass," grubs, Japanese beetles and other soil-borne troubles. If you decide to fumigate, it should be done after the first steps of seed bed preparation—tilling, discing, etc., and before seeding. Follow the manufacturers' directions when fumigating the soil.

Roland Garrett Seal Chairman

GREENVILLE — Eastern North Carolina's "Number One Citizen of the Albemarle," Roland L. Garrett of Elizabeth City, has been named chairman of the annual Christmas Seal Campaign of Eastern Tuberculosis and Respiratory Disease Association.

Garrett was honored as "Mr. Albemarle" by the Elizabeth City Cosmopolitan Club, joined by other organizations and citizens in making the honor possible. Garrett, a retired postmaster, is president of the Albemarle Savings and Loan Association, on the board of directors of the Economic Development Council (serving 10 counties), a director of the Industrial Bank, chairman of the Pasquotank-Camden Public Library, treasurer of the Albemarle Orthopedic Clinic, a trustee and member of the board of deacons of the First Baptist Church, on the Red Cross and Kiwanis Club boards of directors, a member of the Salvation Army advisory board, and has been very active for many years with the work of both local and state tuberculosis and respiratory disease associations.

Garrett will take over his duties immediately, according to Dr. Karl VanHorn of Washington, N. C., president of the Eastern TB-RD Association.

"The Christmas Seal Campaign will be launched on November 10," Garrett said, "and this year we promise a real surprise when the Christmas Seal letter is opened."

The Eastern TB-RD Association, which serves Chowan County, is one of 10 such affiliates throughout North Carolina, is supported exclusively through the annual Christmas Seal sale and, of course, is a non-profit organization. The program emphasis is one of research and medical education against the growing rates of air pollution, emphysema, lung cancer, chronic bronchitis, asthma, the common cold and naturally works toward the eventual eradication of tuberculosis. As our climate becomes more and more polluted, the dramatic increases in all forms of respiratory diseases continue to soar.

Garrett explained his dedication to tuberculosis and respiratory disease work this way. Said Garrett, "Our national chairman for this year's drive, Gail Patrick Jackson, was the executive producer of the 'Perry Mason' show. Mrs. Jackson," said, "watched helplessly while Ray Collins, who played Inspector Tragg in the series, lost his appeal for life to emphysema. 'Later,' Garrett said, "Mrs. Jackson saw William Takman, who appeared as District Attorney Hamilton Berger, publicly blame cigarette smoking for his last mile. Gail Jackson chose to become our 1970 national honorary Christmas Seal chairman as the most fitting way she could pay tribute to her deep friendships with these two men." Garrett added, "What better reason could I name to choose to serve as Christmas Seal chairman for the Eastern TB and RD Association?"

Attest:
W. B. GARDNER,
Administrator.

best interest of the Town to extend its water and sewer systems and that in order to provide such extensions it is necessary to assess part of the cost thereof upon the real property abutting thereon;

Now, Therefore, be it resolved by the Town Council of the Town of Edenton as follows:

1. That the water and sewer systems of the Town of Edenton shall be extended by constructing water and sewer lines over, along and to the following property:

Water and sewer on Paxton Lane from Old Hertford Road, water and sewer on portions of West Albemarle Street and Twiddy Avenue; sewer on portions of Virginia Road (N. C. Highway 32); water and sewer on portions of Badham Road, Paradise Road, Dillard Avenue, Pruden and Vann Streets; water and sewer on portions of U. S. 17 South, Terry Avenue, Robin Lane and Williamson Road, Douglas Avenue.

2. That portion of the cost of said improvement be hereafter assessed upon the lots and parcels of land directly abutting upon the extensions hereinabove described according to the extent of their respective frontages by a rate of \$3.50 per lineal foot for sanitary sewer and \$2.00 per lineal foot for water, in accordance with authority vested in the Town by Section 160-241 of the General Statutes of North Carolina and by special legislation passed by the North Carolina General Assembly in Chapter 960 of the 1969 Session Laws of the State of North Carolina.

3. That the assessment herein provided for shall be payable in cash or if any property owner shall so elect and give notice of that fact to the Town Council in accordance with Section 160-247 of the General Statutes of North Carolina, he shall have the option and privilege of paying the assessment in ten (10) equal annual installments, said installments to bear interest at the rate of six per cent per annum.

4. That the Town Clerk is hereby directed to publish this Resolution in The Chowan Herald on the 10th day of September, 1970.

This the 8th day of September, 1970.

GEORGE A. BYRUM,
Mayor.

Want A Pen Pal Far Away?

Soon a letter dropped in some mailbox in the U.S. will mark the millionth pen-friendship arranged by Letters Abroad, Inc. since its founding in 1952 as a clearing house for Americans and persons in other lands wishing to exchange ideas.

"Right now we really need names from the United States, especially in the 15 to 30 group, to help fill the backlog from all over the world. People today seem more anxious to learn about our country than ever before," explains Mrs. William Marsh, vice president of the non-profit organization devoted to promoting international friendship and understanding.

Trained volunteers match would-be correspondents by age, interests and occupation. The group's files literally run from A to Z, with the over 100 countries covered ranging from

Algeria to Zambia and interests running from art to zoology.

New trends are apparent in pen friendship reports the unique service. As the world continues to shrink, friends send each other gifts, use the trans-oceanic telephone to cement ties and many pen-friends even travel to visit each

other here and abroad.

Anyone 15 years or older interested in beginning a rewarding pen correspondence can write to Letters Abroad, Inc., 209 East 56th Street, New York, N.Y. 10022, enclosing a stamped self-addressed envelope.

Illness Is Fatal To E. C. Smith

Elijah Coke Smith, 45, Route 1, Edenton, died in a Goldsboro hospital Saturday following an extended illness. He was a farmer.

Mr. Smith was born August 1, 1925, son of the late Octavious and Minnie Smith. He never married.

Surviving is a half brother, Eddie Smith of Edenton, and four half-sisters: Mrs. Carrie Baker and Mrs. Annie Brown, both of Norfolk, Va., Mrs. Lena Blanchard of Coinjock and Mrs. Leonia Williams of Edenton.

He was a member of Center Hill Baptist Church.

Funeral services were held at 3 P. M. Wednesday in Willford Memorial Chapel with Rev. M. B. Motts in charge. Burial was in Beaver Hill Cemetery.

Willford Funeral Home was in charge of arrangements.
