By MILDRED HUSKINS things to slip into the daily room. If you have this trouble at your house, try the quick and easy way with breakfast by looking in your frozen food counter for frozen prepared breakfasts. Keep some of these balanced meals in the freezer for those mornings when you oversleep and don't have time to prepare a good breakfast. It takes 20 minutes in a 450 degree oven. There is a choice of scrambled eggs, sausage patty and country style fried potatoes, pancakes and sausage or French toast and sausage patties.

You can use that 20 minutes to prepare an enticing treat—Orange Jucious. Just combine one cup vanilla ice cream, one cup orange juice and a dash of nutmeg and whirl until smooth in the blender or beat with a rotary beater. Makes four servings.

Then, there are those who want to carry a lunch rather than eat in the school cafeteria. These present additional problems. To get you over the lunch box hurdle, combine some of the popular snack bits and tuck Nutty Popcorn Cups in the lunch bag.
