Bake at 350 degrees for 30 to 40 minutes until cake tests done. Cool completely. Prepare frosting, frost cooled cake and if desired sprinkle with almonds. ## A Thought to Remember

By MARVIN BARHAM

We have all read of the Victorian period of English history. The great changes that were made during this era are among the greatest in history.

Why? What was so wonderful about the Victorian era that brought about the changes?

A story related about Queen Victoria goes something like this:

A little child was sick in one of the humble cottages outside the royal home. No one knew how really sick she was. Her father had just come as an assistant gardener. The little child did not improve. Everyone was anxious. One day, commonly clad, came a matronly mother-soul, bringing a pitcher of fresh milk. She went into the little kitchen and made the fire and prepared the fresh milk, giving it to the little girl. She put the mother to bed, for she was worn and weary and could scarcely stand. The little girl recovered. Later when the mother and child attended a gala-day celebration, Queen Victoria passed by. "That's the lady who helped us when you were sick," declared the mother.

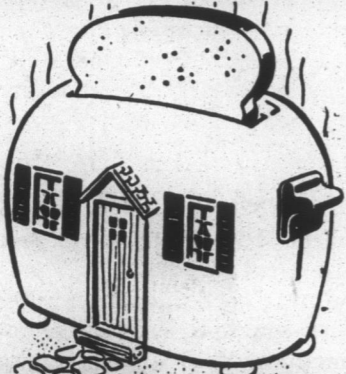

No wonder the Victorian period changed mankind's attitudes.
