

# Defendant Chooses Jail Over Support Payments

William A. Caudle chose to go to jail for 90 days, Tuesday rather than bring his child support payments up to date.

Judge Grafton G. Beaman found that Caudle had willfully failed to make weekly payments and was now more than \$400 behind. He revoked the 90-day suspended sentence but gave Caudle 10 days to bring the payments in line.

The defendant said he would be unable to come up with the money and didn't see how 10 days would make any difference.

In other cases called by Asst. Dist. Atty. Richard Parker the following other

action was taken:

William B. Bateman, drunk driving and no operator's license, 90 days, suspended upon payment of \$200 fine and costs.

James Henry McClees, improper equipment, costs.

Faith Hope Holbert, improper muffler, called and failed.

Annie Evans Bemby, speeding, costs.

Floyd Allen Goodwin, drunk driving, second offense, and operating to left of center line, 90 days, suspended upon payment of \$200 fine and costs; carrying a concealed weapon, 30 days, suspended upon payment of \$50 fine and

costs.

Robert Wayne Hill, drunk driving, and driving to left of center line, 60 days, suspended upon payment of \$110 fine and costs.

Raymond Hartwell Hughes, speeding, costs.

Lee Andrew Knight, drunk driving, 60 days, suspended upon payment of \$100 fine and costs.

Martin Edward Bateman, reckless driving, \$50 fine and costs.

John Albert Bonner, traffic violation, warrant ordered.

Otis Randolph Chappell, improper equipment, \$10 fine and costs.

James Edwin Davis,

speeding, warrant ordered.

Duane Lane Keeton, improper muffler, called and failed.

Larry Wilson Valentine, speeding, warrant ordered.

Clement McKay Washington, simple assault, 30 days, suspended upon payment of \$25 fine and costs.

Junior Alexander Cofield, assault and battery, 90 days, suspended upon payment of \$25 fine and costs; malicious damage to real property, 30 days, suspended upon payment of costs and make restitution; a second charge of malicious damage to real property, same judgment. He gave notice of appeal on

all three cases.

Bessie Marie Garrett, shoplifting, 60 days, suspended upon payment of \$65 fine and costs.

Michael Mizelle, public drunkenness, four days, suspended upon payment of costs; resisting arrest, 30 days, suspended upon payment of \$35 fine and costs.

Michael Nathan Bond, traffic violation, dismissed.

Elton B. Chappell was granted a divorce from Jean Tribou Chappell.

The proper method of reforming the world is by reforming yourself, not your neighbors.

# Cotton Acreage Contracting Up 12 Per Cent

RALEIGH — Forward crop contracting of 1976 crop cotton has been fairly active in North Carolina this spring, according to E. C. Hanson, officer-in-charge of the USDA's Cotton Classing Office.

Approximately 17 per cent of the estimated April planting intentions of 70,000 acres has been contracted through May 31. This represents an increase of 12 per cent over the 5 per cent reported through January 31. No contracting was reported through this date last year. Contracting figures were obtained through informal contacts with farmers, ginners, merchants and other cotton leaders.

Rising cotton prices of recent weeks attributed to the increase in contracting. Contract terms included prices up to 60 cents per pound for "all in grade", or up to 300 points off December future prices, basis grade 41, staple 34. CCC loan differentials apply to all other qualities on basis contracts. Cotton reduced in grade are discounted 100 points. Acceptable make range is 3.4 to 5.1, mostly 3.5 to 4.9. Merchants are currently offering up to 62 cents per pound for "all in grade" contracts. The upward price trend finds reluctant to accept these prices and most are now asking 65 cents per pound.

There are a number of smart people in the world but very few students.

# Stroud Eyes First District House Seat

Harold Stroud, former mayor of Pink Hill, announces his intentions to file for representative from the First Congressional District on the Republican ticket.

Stroud, 46, is a native of Lenoir County and is president of Har-Scott Inc. in Pink Hill and the Association of Lenoir County Manufacturers.

In making the announcement Stroud said, "I believe the people are tired of the same old Washington crowd and that it is time for the common man to step forward, just as he did in 1776, and asset himself in the best interest of his county."

"Young people with fresh ideas that are not worn out on the Washington treadmill

# Indictment Handed Dail For Burning

HERTFORD—Dion Barry Dale, 19, Route 2, Hertford, has been charged with unlawful burning of a building belonging to business interests in Edenton.

O. L. Wise, special agent of the State Bureau of Investigation, said the young Perquimans County man faces charges growing out of the burning of an old mill building at 300 Grubb Street in Hertford on the night of May 21. The building was owned by Habit, Habit and Dowd of Edenton.

Dale was indicted June 1 on the felony charge.

are badly needed," Stroud said.

Stroud cited recent threats to the Eastern North Carolina Tobacco Industry including the new Kennedy-Hart bill which would levy a burdensome federal tax on cigarettes to discourage their use. "It is time that when the tobacco industry is attacked our own representatives need to reciprocate in kind and let our opponents know that we won't sit still for it. The tobacco raising states are a distinct minority and must have aggressive leadership if tobacco is to remain a viable industry."

The right to work law which means a person is not required to belong to a union to get a job has come under increasing attacks from the pro-union elements of the country, according to Stroud. "I feel strongly that under our system of government a man or woman should not have to belong to a certain political party or union in order to get a job," he said.

Stroud says the fishing industry in Eastern North Carolina has long been neglected and a positive approach is needed to help the industry out of the "doldrums". "We need a representative that will look into all the ways and

possibilities that will help expand and utilize the entire capacity of the port at Morehead and to find ways to upgrade the standard of living on the North Carolina coast," he explained.

A former member of the Lenoir County School Board, Stroud has served as chairman of the Advisory Board for Occupational Education in Lenoir County Schools. "I believe that the

schools should get back to basics," he said. "It is important that all children receive a thorough knowledge of the three R's and the basic education to prepare them to function in today's ever increasing complex world."

Stroud is married to the former Violet Marie Craft, has four children and is a member of the Deep Run Baptist Church.

GOING IN TO GET OUT—These capped and gowned College of The Albemarle candidates for graduation were not many steps away from becoming alumni of the college when this picture was snapped Wednesday evening of last week. They were entering the gymnasium at COA to receive one of the 115 associate degrees of diplomas which was awarded during the 14th Spring Commencement exercises. (COA Photo).

# Bateman Requests Story Correction

Chowan County Commissioner David T. Bateman has asked The Chowan Herald to correct two items which appeared in last week's story concerning a budget session held a week earlier.

Bateman said a statement concerning Historic Edenton, Inc., becoming self-sustaining was actually made by Commissioner N. J. George.

At another point the commissioner was quoted

as disputing statements attributed to J. Clarence Leary, Jr., chairman of the Social Service Board. Bateman said Chairman C. A. Phillips was explaining a particular case which he (Bateman) knew about and knew the information to be "a lie".

Chairman Phillips later said it might not have been the case he and Leary discussed when talking about the Day Care Center at Chowan High School.
