where the Spirit of the Lord is, there is liberty."—II Corinthians 3:17.

What is freedom? Certainly it is not the privilege of doing everything we want to do. Man's liberty ends when that freedom abuses one's neighbor. Liberty is not license. Freedom involves industry, honesty and self-control. To stand fast in one's freedom calls for a determined and persevering resistance to every influence that would bring one under any yoke of bondage.

Freedom and responsibility go together. Freedom is never easy to handle. It must be tempered by responsible love and service, rather than using others for our advantage.

The birthday of our nation is a time for celebration, and should also be a time of rededication. Let us dedicate ourselves to protect the heritage that is ours, and truly be "One nation, under God." The Spirit of the Lord makes this possible.
