

Church To Celebrate 110th Anniversary

By Rev. J. H. London, Pastor

The reason for America's strength and survival across two hundred years of turmoil and challenge has been trusting not in ourselves, our might, or our wisdom, but in the mercy, guidance, and help of Almighty God.

Approximately one hundred and ten years ago the members and friends of this congregation erected and dedicated the building in which we now worship.

During the past two or three years, under the guidance and direction of Almighty God our Heavenly Father, we have labored together to achieve the

purpose and goal of a yearbook to reflect, commemorate, and cherish our inheritance of this holy sanctuary plus planned programs which we invite you to attend beginning Saturday night, July 3, 1976 with a Social Hour and Banquet at 7 P.M. in the Hertford Grammar School Cafeteria. This marks the beginning of a series of planned activities to celebrate our 110th Anniversary. The Banquet Speaker will feature Mrs. Althea D. Daye of Ohio and Mr. G. N. Reid, Toastmaster Tickets for this affair are \$4.50. Please bring your ticket with you. Sunday, July 4, 1976,

Sunday School at 9:45 A.M. At 11:00 A.M. Worship Service, the Guest Minister, Rev. W. Lymon Lowe and Congregation of Mt. Sinai Baptist Church, Brooklyn, New York, comes to worship and to celebrate. Rev. Lowe is one of our only active pastoring Sons of First Baptist Church. We feel honored to have him who comes from a long line of courageous and dedicated family members of First Baptist Church. An old fashioned campground dinner will be served following the morning worship service.

Commencing at 4:30 P.M. there will be a Gospel Concert featuring the

Rev. W. Lymon Lowe outstanding Choir of Mt. Sinai Baptist Church in Brooklyn, New York. Other Choirs are welcomed to participate.

Bandon Notebook By Maggie B.

By Maggie B.

RING your bells Sunday, July 4th. All of us have a bell somewhere around the house - farm bell, dinner bell, etc. Break it out and no matter where you are join with our countrymen across the nation by joyously ringing your bell at precisely 2 P.M. on July 4. That was the day and hour 200 years ago when Declaration of Independence was proclaimed in Philadelphia. As the sound of the bells begin to fade, remember WHY our country was founded - let's rededicate ourselves to God, equality, justice and peace for all. Pray that God will heal our nation as He has promised in II Chronicles 7:14 "If my people who are called by my name humble themselves and pray and seek my face, and turn from their wicked ways, then I will hear from Heaven, and will forgive their sin and HEAL THEIR LAND."

picnic lunch for the family. The food will be combined, with POA furnishing drinks and ice - then all will eat and fellowship together.

Bible Study will be Tuesday at 7:30 P.M. in Fellowship Hall with Dr. Bill leading the discussion. Everyone is invited.

The BCWG meets from 11 A.M. to 3 P.M. on Thursday. Come on out and see what's going on.

Holy Communion will be observed Sunday, July 4th.

Our Junior Highs, taught by Mrs. Beth Perry, has as their subject, "Balancing The Load", based on Isaiah 55:3, Matt. 11:28-30; I Thess. 5:16-18. Through personal prayer, the Christian invites God to help him meet life's problems with confidence. Satan laughs at our failings, scoffs at our wisdom but trembles when we pray.

Mrs. Annie Cooke's Junior Class has as their subject "Waiting For An Answer", Ezra 1:6. Aim was that the pupil will recognize a time of waiting as a necessary part of the answer to some prayers.

"A little child shall lead them", said Jesus. Mr. and Mrs. Tom Gaki have taken this seriously. In addition to their adopted son, Emil, on Friday they took into their home and hearts two more little boys, one six and one eight years old. After a shopping spree Saturday, they were all at Sunday School Sunday morning, spic and span and beaming!

Tom and Dot Gaki are to be commended for their unselfish devotion to all children and to God. Each Sunday morning they faithfully make the rounds in their Van and pick up any child desiring to attend Sunday School and then return them to their respective homes.

Sunday morning the beautiful waters of the Chowan River were slick as glass, squirrels were scurrying across the yard, up and down trees, birds were chirping and busily feeding their young and the air was fresh and invigorating! A day to thank God for the privilege of being able to enter His house and feed on His Holy Word.

Following the opening exercises at Sunday School, Asst. Supt. Louise Water reviewed our prayer list and reported that Butch Smith was steadily improving and hopes to be back with us soon; Mrs. Katie Byrum is home now; Henry G. Quinn is in Norfolk General Hospital and Lois Valentine is in DePaul Hospital, Norfolk. Please remember these friends in prayer and add Marvin Lee Bunch, confined to Portsmouth General Hospital, Room 3330. Marvin is the son of Mrs. "Willie" Bunch of Rocky Hock. Also, remember our missionaries, Nita Pride, David and Linda Smith and our beloved pastor, Dr. Bill.

Mrs. Waters reported that the arrowhead Beach POA has planned a "family" picnic on Monday, July 5th. Entertainment has been planned for all age groups. The games begin at 10 A.M. Each family is to bring a

whether thou art come to the Kingdom for such a time as this?" The Queen interceded in behalf of her people and they were saved. Esther should be a symbol to all of us that when God speaks to us, we should obey.

Jesus did not flee the cross - He died for our sins. Good seeks us continually but we resist. However, if we continue to His word we shall know the truth and the truth shall set you free. Flee away from Self - flee to God. He is our Saviour and friend, our Judge and Ruler.

First time visitors to Bandon this week were Mr. and Mrs. J. C. Call, Sr. of Newport News, Va., guests of Mrs. Dave Smith, and Mr. J. W. (Josh) Snell of Chesapeake, Va., guest of Mr. and Mrs. R. L. Mason. Welcome. We hope you enjoyed visiting with us and that you will return soon.

Bandon Chapel received a letter from David and Linda and Little Becky Smith in Guinea Bissau, West Africa. Such dedicated Christians. Will give you more details next week.

Funds-Use Report Is Published

A report summarizing how the state plans to spend \$27.8-million in federal revenue sharing funds allocated for the 1976-77 fiscal year was published in the June 24 edition of the Raleigh News and Observer.

The state and Local Fiscal Assistance Act of 1972, which established federal revenue sharing, requires that each government receiving revenue sharing funds submit "planned use report" to the Secretary of the Treasury for each entitlement period.

The law also requires that the state publish the entire report in an area newspaper of general circulation and advise other news media of the publication.

The \$27,815,603 North Carolina will receive is for the period from July 1 to December 31, when the present revenue sharing act expires. The state plans to spend a higher proportion of these funds on operating expenditures than it has in recent years, reflecting a slowdown of capital improvement spending due, in part, to the recession.

Of the total, \$21,112,043 will be utilized in operating expenses of public education: \$15,622,912 for the maintenance of school buses; \$3,589,047 for the purchase of replacement buses, and \$1,900,084 for textbooks.

The balance of the

entitlement \$6,703,560, will be used for capital projects in higher education, general government and human resources. Of the total allocation for capital improvement, \$834,468 will go to higher education for a campus pollution control project at the University of North Carolina at Chapel Hill. For general government expansion, the major projects will be government center mall development and the renovation of the Agriculture Building, for \$737,392 and \$536,285 respectively. For human resources, \$1,675,890 will be applied toward new dormitories at mental retardation centers, and \$469,249 will be used to build a new school facility at the Juvenile Evaluation Center at Swannanoa.

The remainder of the entitlement allocated to capital improvements will be utilized for maintenance projects and new small capital projects across the state.

The "planned use report" is available for public inspection at Room 512 of the Administration Building, 116 West Jones Street. For further information call Grant Godwin, Division of State Budget, 829-7061.

Office Lists Precautions For Tobacco Marketing

Market Flue-Cured Tobacco

The 1976 marketing season for flue-cured tobacco will be underway very soon. As farmers market their 1976 crop, there are certain precautions they need to observe to assure that their tobacco is properly identified. When farmers use their marketing cards correctly, they can save time, trouble, and possible payment of penalties.

When the marketing card is issued to the farmer, we suggest that he use the following simple guides to assure proper handling of his tobacco:

1. Upon receiving the card examine it carefully to see that it is correct. Check to see that the name, address, farm serial number, and quota are correct. (The poundage will be 110 per cent of the 1976 quota adjusted for under of overmarketing in previous years.)
2. Take the card to the warehouse when tobacco is to be weighed in. The cards is to be left with the warehouseman until the check is issued to the farmer. Do not leave the card at the warehouse or with a trucker between sales.
3. After each sale check the card carefully to see that the entries for that sale agree with the sale bill. Also check to see that the balance

is correct.

4. Report any error immediately to the marketing recorder at the warehouse or to the county ASCS office. The farmer is subject to penalty on any on any tobacco sold over 110 per cent of his quota. It is his responsibility to see that any error is corrected so that his balance is correct.
5. Do not allow tobacco from another farm to be sold on your card. This will result in a penalty to you.

By following the above suggestions, a farmer can be sure of getting his tobacco marketed properly and be assured of not being subject to penalties. Any farmer with further questions is invited to visit his local ASCS office.

Changes In Reporting Cotton Acreage

Listed below are changes in reporting cotton acreage for 1976:

1. Farm operators must list cotton tenants and the percentage share of the planted acres.
2. Farms which have an effective allotment, but didn't plant cotton, still need to report a "zero" acreage. If a zero acreage is not reported, the yield will be considered "zero" in determining the 1977 payment yield.

IMPORTANT REMINDERS:

1. July 1 final date to apply for a new grower wheat

allotment.

2. July 15 final date to report peanut and cotton acreage.
3. Before tobacco marketing cards are issued farmers will be required to

certify that discount tobacco was not planted and also that pesticide containing DDT, TDE, toxaphene or endrin was not used on tobacco after planting.

ECSU Receives Grant

Chancellor Marion D. Thorpe announces that Elizabeth City State University has now received a \$20,062 grant from the National Aeronautics and Space Administration (NASA). The NASA grant enables ECSU to continue its energy research project "on the Charge Transfer Excited States of Transition Metal Complexes."

According to Dr. Kumar K. Chatterjee, research director, the project at ECSU involves a "study of factors which catalyze photolysis of water by solar energy." Dr. Chatterjee reported that "This year we will also be engaged in a "study of photochromism of metal complexes and their

use in the construction of energy cells as an added feature of this year's project."

In addition to providing for the purchase of sophisticated equipment and materials, which also further strengthens the chemistry program, the NASA grant makes possible research opportunities for increased numbers of ECSU chemistry majors. Working with Dr. Chatterjee, this summer, as research assistants are two recent graduates, Ricky Bowe and Shirlette Cherry, and one special student Clarence Davis of Elizabeth City.

The art of living is the process of getting along with people you do not like.
