

Thirteen Attend Reunion Of CHS Class Of 1933

The Class of 1933 of Chowan High School held its 44th class reunion at the Center Hill Community building May 7.

The president, Cotter B. White, gave the welcome. Mrs. Margaret P. Hoffer, gave the response. McAuley Byrum gave the invocation.

Mr. and Mrs. White gave the buffet dinner for the members and their spouse. The White's children, in-laws, and friends helped serve the meal.

The decorations, name tags, and programs carried out the class colors "Rainbow" and flowers "Sweet pea".

Thirteen of the 21 members were present. Only one member, Blanche Wiggins White, and one faculty member E.C. Woodard are deceased.

The program was "Highlights of Class Night-1933."

Miss Carrie Lee Hollowell gave the salutatory. Mrs. Jessie Mae Harrell Horan, read the opening song because the music could not be found.

Due to sickness of Mrs. Carrie C. Hurdle, the statistics were read by Mrs. Vivian Jordan, mascot.

McAuley Byrum, gift-

orian, gave each member a duplicate gift of 1933 as he carried out his part of the program.

Mrs. Alma Winslow Buck, read the prophecy in the absence of Lorinda Ward. The class poem was read by Jessie Tynch Pratt for Estelle Lane Garrett, who was taking care of a family during the arrival of a new grandchild.

The entire group sang the class song "Farewell Chowan", composed by Mrs. Lover Dail Bunch. Mrs. Alma W. Buck was the accompanist.

Mrs. Elizabeth Brinkley Benton read the valedictory address for Mrs. Elnora Copeland Smith. The president thanked the members and friends for their help in making the album and the reunion a success.

They were honored to have the chairman of the Edenton-Chowan Board of Education, Eugene Jordan, at the reunion. His wife, Vivian, was mascot for the Class of 1933.

After the program, the president shared with the group the album containing the history in picture and verse of the school he has compiled. The picture of the

school was the one before it burned February 12, 1936. Refreshments were served, while the group

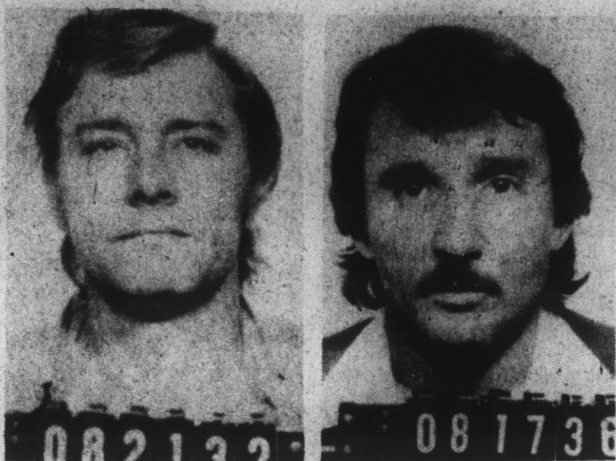

visited, made pictures, and looked at the History Album.

The group had such a good

time, and since several had not met in 44 years, they want to have an annual reunion.

Park Boat Ramp Closed

Pettigrew State Park near Creswell has announced the temporary closing of its boat launching facilities on Lake Phelps because of sedimentation problems.

A new boat ramp now under construction on the north shore is expected to be completed around the first week in June. Car-top boats such as canoes and "jon" boats that do not require a ramp for launching can put in at another park landing 10 miles away on the south shore of the lake.

Large boats can not be launched at all. Boaters are advised to call Pettigrew State Park in advance at (919) 797-4475 before planning a visit.

When buying shelled nuts in a transparent package, look for nutmeats that are plump and fairly uniform in color and size. Limp, rubbery, dark or shriveled kernels may be stale.

Operators serve you 24 hours a day.

WHEN you think of telephone service, who comes to mind first?

Operators, of course!

Operators are the telephone folks who have most contact with the telephone customers.

A good portion of the Operator's customer service involves the placing of long distance calls. Although customer direct distance dialing (DDD) is wide spread and economical, Operators are still a vital part of the telecommunications system with Credit Card and Person-to-Person calls, Charge-to-Third number and Collect calls.

When direct dial difficulties or wrong numbers occur, Operators are there to help complete the calls at the normal DDD charges.

In case of emergencies, operators have quick access to numbers for police, fire, hospitals, ambulances.

Operators also help customers with rate information and dialing instructions. They even perform the little-known service to handicapped people who either can't dial or can't see the dial.

The telephone Operator. Be nice to her. She's a good person to know.
