

Minutes Of The Edenton Town Council

November 1, 1977

The Town Council of the Town of Edenton met this day in special session at 8:00 P.M. at the Edenton Municipal Building.

Members present: Mayor Pro-tem James C. Dail, Allen L. Hornthal; W.H. Hollowell, Jr.; Jarry A. Spruill, Jr.; Errol Flynn; and Jesse L. Harrell.

Mayor Pro-tem James E. Dail called the meeting to order. Motion by Councilman Harrell, seconded by Councilman Spruill and unanimously carried accepting the low bid of Mitchell Distributing Co. of \$5100 for the furnishing of an Ingersol-Rand Air Compressor Model G-160.

The following members of the Planning Board then joined the Council for a joint meeting to discuss proposed changes to the text of the Zoning Ordinance: Joe Lee, Chairman; Henry Allen Powell; Worth Hare; Asa Griffin; Ralph Outlaw; Jimmy Parrish; Ralph Cole.

Mr. Judd Little went over in detail, the proposed changes to the text of the Zoning Ordinance. The changes were proposed by the Planning Board. The only change to the proposal was to put "Fish Market" as a special use in the proposed Local Commercial Zone. There was no further disagreement expressed after the above change was made.

Mayor Harrell then joined the meeting.

Administrator Gardner raised the three following points for the Council's consideration:

1. The need to prohibit the erection of "newspaper holders" on the public rights-of-

way.

2. The need for the Council and the Planning Board to consider establishing some classification in the extra-territorial area other than R-20 in order to be more realistic and to better plan for the orderly growth and expansion of the Town.

3. The urgent need for the Council and Planning Board to consider the practicality of the present Offensive Industrial Zones in Edenton. They are now, in two instances, surrounded by Residential zones and, in fact, have a large number of residences in them. If some one buys this land and requests a building permit for a permitted use, the Town will have no other choice but to issue same.

There being no further business, the meeting adjourned.

W. B. Gardner
Administrator
October 11, 1977

The Town Council of the Town of Edenton met this day in regular session at 8:00 P.M. at the Edenton Municipal Building.

Members present: Mayor Roy L. Harrell; James C. Dail; Allen L. Hornthal; W.H. Hollowell, Jr.; Jarry A. Spruill; Errol Flynn and Jesse L. Harrell.

Mayor Harrell called the meeting to order and Councilman Dail gave the invocation.

The Council determined that the lessee of the Cemetery Street area should erect whatever signs and other markings to control parking in the Cemetery Street area. If

this was done, then the police would enforce same.

Administrator Gardner reported on the completion of the resurfacing work and asked for guidance from the Council on just how the recently completed tree survey should be used when a request for removing trees was received. He informed the Council that two such requests had been received from Hallett Rountree and Logan Elliott. A committee consisting of Councilmen Flynn and Spruill, Administrator Gardner and Supt. Parks was appointed to look into the matter.

Letters to be sent to property owners in Morgan Park and parts of North Edenton were distributed to the Council for informational purposes. The letters informed property owners to remove any permanent items from the Town's right-of-way.

Administrator Gardner informed the Council that he had been working with the Chamber of Commerce on the erection of signs directing travelers into Edenton and requested Council's direction. Motion by Councilman Dail, seconded by Councilman Flynn, and unanimously carried that at least three special signs be purchased for erection by State forces at the City Limits. These signs will be made by the Prison Department. Motion by Councilman Harrell, seconded by Councilman Dail, unanimously carried that in lieu of the 20 per cent increase in dues requested by the Chamber of Commerce the Town agree to light the signs in our service area and directing the administrator to have the signs erected.

Motion by Councilman Hollowell, seconded by Councilman Spruill, unanimously carried adopting the following resolutions:

EXHIBIT A. PAGE 190
SPEED LIMITS

Administrator Gardner presented a petition for curb and gutter on North Granville Street. After discussion as to the financing of the project it was recommended that the Town agree to sign the petition of its property and that further action be withheld until the November council meeting, at which time means of financing the project would be discussed. The Council unanimously agreed.

Motion by Councilman Dail, seconded by Councilman Hornthal, unanimously carried that the Town of Edenton supports the passage of 1) the \$300 million Road Improvement Bond Issue, 2) the Clean Water Bonds, 3) Amendment No. 4 allowing municipalities to own portions of electric generating facilities.

A development plan for Queen Anne Park was presented to the Council with the explanation this was just the first idea on the park and could be changed at a future date. Councilman Hornthal stated that the Recreation Committee felt that the plan should be more of a "low profile". Councilman Flynn stated that he thought that the Council would make the final determination as to just what would go into the park. He was assured that this was the case. Mr. Gardner explained that it had been necessary to proceed with haste on the park design to meet grant deadlines and that grant requests had been made with two governmental agencies.

Motion by Councilman

Hornthal, seconded by Councilman Spruill and unanimously carried calling for the following public hearings on November 15, 1977 (the date for the November Council meeting):

1. A hearing on the petition of Messrs. Earnhardt and Burroughs to rezone ten (10) acres on the North side of N.C. 32 adjacent to the U.S. 17 Bypass from Highway Commercial (in litigation) to Highway Commercial.

2. A hearing on the petition of Messrs. Earnhardt and Burroughs to rezone ten (10) acres of the south side of N.C. 32 adjacent to the U.S. 17 Bypass from R-20 to Shopping Center.

3. A request of the Edenton Planning and Zoning Commission for the Council to consider certain changes to the text of the Zoning Ordinance.

It was decided to call a special joint meeting between the Planning Board and the Council to discuss the changes in detail.

A progress report in setting up the Department of Community Development was presented by Mr. Gardner with a special thanks to the Edenton Housing Authority for furnishing office space.

Motion by Councilman Dail, seconded by Councilman Hollowell, unanimously carried approving Town of Edenton bills in the amount of \$184,946.21 for payment.

There being no further business the meeting adjourned.

CRC Slates Nov. Meeting In Jacksonville

The N. C. Coastal Resources Commission will be holding its November meeting in Onslow County on November 29 and 30, at the Holiday Inn in Jacksonville.

The meeting is tentatively planned to follow the usual format, with an opening session beginning at 9:30 A.M., followed by standing committee meetings and concluding the day with task force sessions. There will be a closing session at 9 A.M. on Wednesday for reports and actions.

Various elements of the CAMA major and minor development permit programs will be discussed at this meeting. The CRC will establish preliminary procedures for: where and how the applicant can obtain, fill out and submit an application; how the CRC and its staff or the local permit officer will evaluate a project and decide whether or not to issue a permit; how the applicant may exercise the right to call for a hearing on the application, appeal a local permit officer's decision to the CRC, or seek a variance; and other important aspects of the permitting process that may affect the rights of citizens. These procedures will then be made available for public inspection for 30 days, after which a public hearing concerning them will be held in the coastal area.

The Brunswick County Implementation and Enforcement Plan will be reviewed, along with the revised Beaufort County and Washington County I & E Plans.

The commission will review the revised Carteret County Land Use Plan and will consider comments received from other state and federal agencies on the revised plan. A public hearing on the Carteret County Plan will be scheduled for the next CRC meeting in early January.

Earl L. Holley

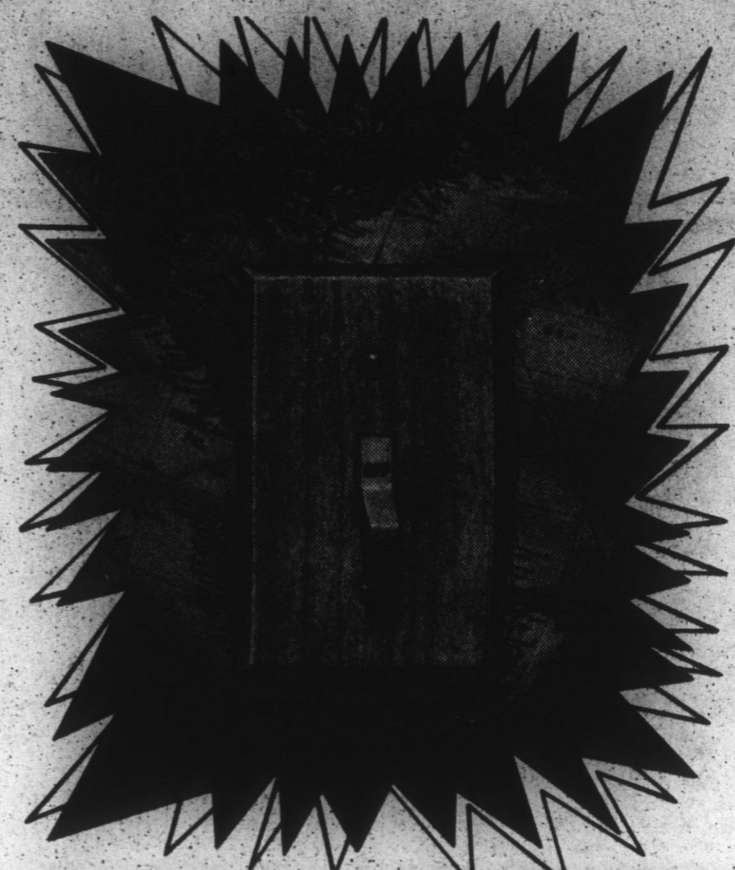

Earns Promotion

Mannheim, Germany—Earl L. Holley, son of Mrs. Bessie B. Burke, Edenton, N.C., recently was promoted to specialist four while serving as a legal clerk with the 15th Ordnance Battalion in Mannheim, Germany.

Spec. Holley entered the Army in June, 1976.

He is a 1976 graduate of John A. Holmes High School.

His father, Earl L. Holley, lives in Edenton.

John 3: 14-18

We all feel that way at times. And, tragically, there are some folks who feel that way much of the time.

But while the world in which we live leaves a lot to be desired, it's our world. And life in that world is pretty much what man himself has made of it.

The God who created us and our universe had some excellent plans for life as it should be. They are clearly set forth in the Bible whose writing He inspired. And they have become the spiritual blueprint of constructive living for millions of believers.

As the earth continues its endless turning, search for your goals in faith—not escape... in the Word of God—not the words of cynics.

Sunday School Lesson

AN EMPOWERED PEOPLE
International Sunday School Lesson
Scripture: Acts 2:22-41, Romans 1:14-17

By Mrs. Jesse Waller

"And you hath He quickened, who were dead in trespasses and sins" Ephesians 2:1.

What a wonderful new life Paul shared with those who had become followers of the "way." Together, as Jews and Gentiles alike, they could spread the good news, even in the face of persecution.

There were some things they must keep in mind, always, as they lived the new life, and showed others the way. They were not moving on their own strength, but they were being empowered by God's Spirit, who was with them at all times. If we have a conviction, and these early Christians did, we want to feel that someone is with us. The early Christians felt the urgency in their endeavors, that is lacking in some of our Christian groups today. They felt that Christ would return in their life time, and they must work while it was day. Their strength and numbers grew, as they prayed and worked together, with one mind and purpose.

They realized God's hope in calling them to work in His vineyard. God expected them to finish the work Jesus left in their hands. This was a task too big for any mortal imagination. Immortal tidings were left in their mortal hands. Christ had died, not only for them, but for all men everywhere. They must spread the good news. Now there was something for which to live. God had promised, and His word was true and faithful. They would give their lives, if necessary, and many were imprisoned, in chains, were burned at the stake, stoned, and beheaded, yes, and even crucified.

While visiting the great coliseum in Rome, I stood in awe, remembering that many of the early Christians had been eaten by hungry lions there in the center of that awesome structure. In my imagination, I could see a little group huddled there, men, women, and children, praying their last prayer. Their loyalty unmatched.

Their faithfulness would be rewarded. Beyond the veil of tears and persecution, their Father would be waiting. There would be no more separation from those we love. He promised an inheritance which fades not away. So with joy and confidence those faithful ones were faithful to the end. May we pass on the torch.

Closing thought: Paul was aware of God's power, was he? (Based on copyrighted Outline produced by the Committee on the Uniform Series and used by permission.)

Little Stories about
GREAT HYMNS

"PASS ME NOT"
"Fanny J. Crosby"

"Pass me not, O gentle Saviour,
Hear my humble cry,
While on others Thou art calling,
Do not pass me by."

Chorus:
"Saviour, Saviour,
Hear my humble cry,
While on others thou art calling,
Do not pass me by."

"Mrs. Fanny J. Crosby Van Alstyne, the blind poetess, in 1866 was asked by Dr. Wm. H. Doane to write a hymn on the theme "Pass me not, O gentle Saviour." Taking the theme as the first line, she wrote the hymn, and gave it to Dr. Doane, who composed the melody. It was popularized by Ir. D. Sankey in the meetings conducted by D. L. Moody."
