

Prices Static; Demand Light

For Peanuts

Southeastern Section—Demand for Southeastern grown runner type peanuts was fairly light during the week ending November 18. Trading was slow as many buyers attended a National Peanut Butter and Nut Salters Convention. Prices were about unchanged. An increase in inquiries for export was noted as news of the possible settlement of the prolonged dock strike was received. Most shipments for domestic consumption were made as scheduled. Prices paid per pound for Shelled Runner Type peanuts sold on an FOB shipping point basis for November through December delivery were for Jumbo mostly 36 cents; U.S. Splits mostly 30½ cents. Sales of other grades were too few to quote.

Virginia-North Carolina Section—Demand for Virginia and North Carolina grown peanuts was very light during the week ending November 18. Trading was slow but prices held a firmer undertone. Interest in stocks available for export increased as word of a possible settlement to the dock strike was received. The harvest was just about finished. The quality of the last diggings was quite variable. Most shipments for domestic consumption were made as scheduled. Prices paid per pound for Virginia type peanuts sold on an FOB shipping point basis for prompt shipment were for Unshelled Jumbo 36½ cents; Fancy 33½ to 34; Shelled Medium 38½ to 39; Number Ones 31 to 32; and Number Twos with 70 per cent split 27 to 27½.

Southwestern Section—Demand for Southwestern grown peanuts was light during the week ending November 18 due to the high prices and limited offerings. Trading was very slow. Only occasional sales were made, mostly for immediate shipment. Prices were unchanged. The harvest continued to progress at a moderate rate. Serious problems with Aflatoxin continued to trouble the crop in Central Texas. Prices paid per pound for Southwestern peanuts sold on an FOB shipping point basis for prompt shipment were for Spanish Number Ones 38¾ to 39 cents; and for Unshelled Valencias hand-picked 33 cents. Sales of Runner type and other grades of Spanish type were too few to establish the market.

To give cakes a soft and light texture, cream the butter and sugar very well. Bring ingredients to room temperature.

Thanksgiving Proclamation

The White House By the President of the United States of America A PROCLAMATION

Although the first years of America's struggle for independence were often disheartening, our forebears never lost faith in the Creator, in their cause or in themselves. Upon learning of the American victory at Saratoga in 1777, Samuel Adams composed the first national Thanksgiving Proclamation, and the Continental Congress called upon the governor of every state to designate a day when all Americans could join together and express their gratitude for God's providence "with united hearts." By their actions they extended a revered regional custom into a national tradition.

Precisely two centuries have now passed since that time. We have tamed a continent, established institutions dedicated to protecting our liberties and secured a place of leadership among nations. But we have never lost sight of the principles upon which our nation was founded. For that reason we can look to the future with hope and confidence.

NOW THEREFORE, I, Jimmy Carter, President of the United States of America, in accord with Section 6103 of Title 5 of the United States Code, do hereby proclaim Thursday, November 24, 1977, as Thanksgiving Day. I ask all Americans to gather on that day with their families and neighbors in their homes and in their houses of worship to give thanks for the blessings Almighty God has bestowed upon us.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of November, in the year of our Lord nineteen hundred seventy-seven, and of the independence of the United States of America the two hundred and second.
