### Holidays Cut Market Sales

**Southeastern Section** — Trading for peanuts grown in the Southeast was inactive due to holidays and generally light demand, especially for mediums. Movement of segregation three pack stock continued. Demand for Number One's improved but offerings were fairly light. Dealers continued to fill previous export commitments. There were too few sales to establish a market.

**Virginia-North Carolina Section** — In Virginia and North Carolina trading for peanuts was inactive due to holidays and generally light demand, especially for Fancy's and Mediums. Offerings of Number One's and Two's (for Peanut Butter) and Extra Large were light. Export trading was also slow. There were too few sales to establish a market.

**Southwestern Section** — In the Southwest, demand for Valencias was good but demand for Spanish and Runner types was generally light. Trading was moderate for Valencias and inactive for Spanish and Runners. Prices paid per pound for Southwestern grown peanuts sold on an FOB shipping point basis for prompt shipment were for Unshelled Valencias hand-picked 35. Sales of Runners and Spanish type were too few to establish a market.
