**FIELD TRIP** - Pictured above are some Third Graders from White Oak Elementary School with their teachers and aides while visiting the Chesapeake (Va.) Planetarium.

## Visits Planetarium

Students from Mrs. Renner and Mrs. Fleming's Third Grades could not believe all that they were seeing at the Chesapeake Planetarium. It was a field trip which the students had been preparing for some time....research by students, oral presentations, space items made from paper mache, imaginary trips made by students into outer space and tape

recordings of their findings reported to Earth and many other items of preparation were done by the students. Comments by Julie Baker about her visit to the Planetarium are as follows: "It was fun. On the outside it looked small but when we got in we were amazed! It was gigantic inside! We loved the presentation. It was very good! Especially when he showed us Jupiter up close."

## Sell Newspapers

Sudan Temple Shriners will be out Friday and Saturday this week participating in the First Annual Sudan Temple "Shrine Paper Sale" according to Bob Hutchinson, President of the Chowan County Shrine Club.

The local Shriners are offering their newspapers to raise funds to operate their Shriners Hospitals for children. According to Sudan Potentate, John R. Godwin, it took in excess of \$47-million to operate the 18 orthopedic hospitals and three Burns Institutes in 1979. More than a quarter million children have benefited from these Hospitals since they begun in 1922 by the Shriners. No government funds support any of these hospitals and 100 per cent of the funds raised by the Shriners for their hospitals go for that purpose.

The newspapers will tell the story of the Shriners and their Hospitals. It will feature stories by patients and former patients and their parents. It will have photographs of these patients and from the Hospitals.

The Hospitals stand ready to take any child, regardless of race, color, or creed, who need help. Applications for admission to the Hospitals and Burns Institutes may be obtained from any Shriner or Sudan Temple, P. O. Drawer 490, New Bern, North Carolina 28560. Children from North Carolina are sent to the Shriners Hospital for Crippled Children in Greenville, South Carolina, or the Shriners Burns Institute in Cincinnati, Ohio.

President Hutchinson pointed out that the average cost for an orthopedic patients is about \$2500.00 and for a Burns patient about \$22,000, excluding physicians' fees. Not one cent has ever been charged for treatment at the Shriners Hospitals.

### IN MEMORIAM

In memory of my beloved husband, Floyd Cayton, who departed this life May 31, 1978.

You are gone but not forgotten, nor will you ever be, in my heart you will remain a precious memory. Your wife, Mary Cayton

## Swain Students Conduct Own Classes

Concentration was intense, attention the rule and applause plentiful from D. F. Walker's K-3 students last week as 47 4th and 5th grade students from Swain School held their spellbound. Twenty-two K-3 teachers had a chance to take a back seat and "Let George Do It" - have a chance to assume the teacher's role during a story telling hour.

As an outgrowth of a three weeks project in Mrs. Betty Bissette's G.T. classes, Swain students had an opportunity to put their learned communication skills into operation. Using a simple story, fairy tale or fable as the basis for their presentation, these students made lavish preparations to illustrate their stories.

Using flannel boards, overhead projectors, props of their making, finger and stick puppets, costumes, record players, pantomimes and other tools which called on their creative imagination, the 4th and 5th grade story tellers were well prepared for their final test.

In presenting their stories, the young teachers displayed skills in voice modulation, grammar, expression, poise, sentence structure, public speaking, and being entertaining.
