

Bandon Notebook By Maggie B.

By Maggie B.

Hi, Neighbors! Sunday after church my hubby and I went to Hertford with friends for lunch. As we were leaving after a delicious meal, I noticed a small plaque on the wall went over to see what it said and liked it very much. Share it with me:

"There is a legend that a man was caught in a bed of quicksand. Confucius saw him and remarked 'There is evidence men should stay out of such places.' Buddha came by and said, 'Let that be a lesson to the rest of the world.' Mohammed said about the man, 'Alas, it is the will of Allah.' The Hindu said to the man, 'Cheer up, friend, you will return to earth in another form'.

But, when Jesus saw him He said, 'Give me your hand, brother, and I will pull you out'.

Isn't that just like our Savior? He is always there when we need Him most.

"This is the day the Lord hath made, rejoice and be glad in it!" On this Lord's Day, it was marvelous to be able to get up, walk outside and fill your lungs with fresh, clean air! Then, to be able to see all the beauty of God's creation and to hear the wonderful sounds of nature caused one to breathe a prayer of thanksgiving to our Heavenly Father for his countless blessings and for the great privilege we have in this country of worshipping God in the church of our choice.

The fine group gathered at Bandon Chapel to take advantage of this privilege were joyfully welcomed by Asst. Sunday School Supt., Meredith Barden, who commented that it was a real pleasure to see so many smiling faces. After a report of those on our Prayer List, he announced that Prayer Meeting will be Wednesday at 7 P.M. in Fellowship Hall with Dr. Bill leading the discussion. Choir practice follows at 8 P.M.

The ladies of the BCWG will meet Thursday from 10 A.M. until 3 P.M. Work on projects for the Bazaar will continue as well as whatever project individuals have underway. Come out and join in the fun and fellowship. Bring your lunch - we have coffee.

Prayer List: It has been said that "Prayer is a shield to the soul, a sacrifice to God, and a scourge to Satan." Please add our friends to your prayer list. Jessie Hitt is confined to

Riverside Hospital, Rm. 503, Clyde Morris Blvd., Newport News, Va.; Benny Twine has to go to Norfolk General Hospital five days a week for therapy. Friends and neighbors take turns in driving each day. I was talking to Benny Saturday night and he told me a man from New York takes therapy with him in the same room. When the New Yorker asked Benny where he lived, Benny told him and also how he got to the hospital each day. The New Yorker was absolutely amazed - almost unbelieving! He commented that his next door neighbor didn't even know that he was sick! How fortunate we are to live in a community where people DO care about each other and show it. When you attend Murray Nixon's Annual Fourth of July Fish Fry, please remember to make a donation for Benny. As always, the Fish Fry is absolutely free - but - there will be a Committee present to receive your donations. Thank you, Murray, for permitting the Committee to use your facilities for such a good cause. And folks, please keep Benny and his family in your prayers; Ronald Ellingwood is home now and improving but needs your prayers; please remember Brother Bob Harvey; Marion Phillips; Len Koraska; Margaret Alstead; Izzie and Meredith Barden; Jeannie Church; Wm. T. Webb; Hilda Strickland; Robin Adcock; Sylvia Johnson; our missionaries Nita Pride, David & Linda Smith; and our beloved pastor, Dr. Bill and his wife, Sarah.

"Wisdom for Decision Making", I Kings 3:3-14, was the subject for our adults, powerfully taught by Wm. F. (Butch) Smith. God's people should ask God for the wisdom they need to make important decisions.

"Happy Birthday" was sung, by all in honor of Raymond Taylor, Margaret O'Brien, David Lapham and John Ruff as their contributions were placed in our Birthday Bank.

Dr. W. J. B. Livingston's enlightening morning message was "What To Do With Sin", I Sam. 15:1-14, 32-33, with emphasis on vs. 33. The time had come for God's promise to Moses "I will utterly put out the remembrance of Amalek from under Heaven", to be fulfilled. The Amalekites "feared not God" and were

completely saturated with sin. Samuel told Saul that the Lord instructed him to utterly destroy the Amalekites and all that they had. Saul disobeyed God and spared the life of Agag, the king, and the best of the sheep, oxen, the fatlings, lambs and all that was good. The Lord repented that He had made Saul king over Israel. Vs. 33 says "And Samuel hewed Agag in pieces before the Lord in Gilgal".

This is the only case in history where God says to "wipe them out completely". Many people say "This is not like God. You just don't wipe out a whole race". This is true. But, sooner or later, when sin abounds throughout the land the people forget God, God will wipe out the whole nation. This applies to individuals, too.

There are nations now living on razor's edge of utter annihilation. In 1963, 32 Siberian Christians went to our Moscow Embassy seeking a way out of Russia, only to be turned away. They asked that "all brothers and sisters who believe in God to help them by prayer". So, just a few among the 215 million keeps the judgment of God at bay. God will not allow a nation, large or small, to continue when they all have turned into bandits and are saturated with sin. Prov. 14:30 tells us "Righteousness exalteth a nation, but sin is a reproach to any people". God requires obedience from nations and individuals. We all have to deal with Agag, who represents sin. We have to "hew Agag to pieces before God" - bring the Sword of the Lord on him. Samuel in justice executed Agag. It is time we all did the same with our "Agags" and obey God's commandments.

YEARS SPAN FROM HORSE AND BUGGY DAYS TO THE SPACE AGE - SEEING MEN ON THE MOON! A North Carolina native, Mrs. Ada Grant, celebrated her 100th birthday on June 10th at Little Lake Santa Fe, Fla. She is one of a very few people to have seen "history in action" over the years - the graduation from horse and buggy to the automobile, then to the airplane; to hear music coming out of the air by means of radio, then pictures of people and events when TV was born and finally, the landing of a man on the moon!

Mrs. Grant is very alert but admits she is not as spry as she was when younger. She loves to sing and loves music. Her favorite hymn is "The Old Rugged Cross". She enjoys fishing and makes the trip from Florida to visit her daughter in Roanoke, Va. every summer. She has never been hospitalized but once, then only overnight when she broke her leg many years ago! And although her eyesight is too dim for close handwork and she is now getting hard of hearing, she

still has her teeth!

She was born in Conway, N. C. on June 2, 1879 as Ada Britt. She married E. Scott Grant and moved to Putnam County, Fla. The couple had two sons and four daughters. Mr. Grant passed away in 1937. Mrs. Grant now has 13 grandchildren, 33 great-grandchildren and 23 great-great grandchildren. There were about 115 friends and relatives present, some coming from North Dakota and New Jersey. Naturally, North Carolina was well represented.

She received many birthday presents and congratulations from Sen. Lawton Chiles, Gov. Bob Graham and Wm. F. Poe, mayor of the City of Tampa - but - the gift she prized the most was a plaque from President and Mrs. Jimmy Carter.

Her advice for a long, happy life is "don't worry so much - do all you can to solve any problem, whatever it might be, then, take it to the Lord and leave it there".

Olga and Raymond Taylor have recently returned from the celebration. Mrs. Grant is Olga's aunt, her father's sister, and she was simply radiant when talking about her aunt and the very enjoyable time everyone had in celebrating her 100th birthday.

There were 11 members of the Clarence S. Barnes family for Sunday School and Church. Sure did look good to see such a fine looking group.

Holy Communion will be served next Sunday.

Letter To The Editor

Regarding your comments in The Chowan Herald "Public Parade" column of June 21 concerning the rockfish in the Albemarle Sound, a couple of very good suggestions have come to me which I hope you will pass on:

1. Have the National Fish Hatchery here in Edenton stock Albemarle Sound and its tributaries with fingerlings. They do this as far away as the Hudson River in New York.
2. Curtail the taking of spawning rockfish in the headwaters of the Roanoke River in the spring so that more fish could be hatched.

These suggestions are certainly not a cure all, but it is reasonable that they would help the commercial as well as sport fishermen and we would hope that Rep. Walter B. Jones and the State Wildlife Commission could be advised of these and any other suggestions. Thank you very much.

Sincerely,
Bill Easterling

Homemakers' Meeting Held On June 20

The Byrd Home Extension Club met June 20 at the home of Mrs. Ruth Overman, hostess with seven members present.

The President, Mrs. Ruth Comer gave the devotional reading from John 3:14-19. Mrs. Ruby Crawford led in prayer. Roll was called; minutes read and approved.

The pledge for the Internation Well was paid and Mrs. Gladys Smith was appointed to place it in the proper channel.

The reception for Mrs. Gladys B. White, retiring home economist extension agent, was discussed. A gift committee was appointed with Mrs. Ruby Crawford as chairperson.

The demonstration of inflation was given by Mrs. Gladys Smith who urged everyone to keep financial records and plan before purchasing any of the more expensive items.

The collect was repeated and social hour followed with delicious refreshments served by the hostess.

HOLIDAY EVENT - The Perquimans County Horse and Pony Club will hold a Horse Show on July 4 beginning at 1 P.M. The ring is located about four miles west of Hertford on the Joe Perry Farm.

Watts Elected To Post

CHARLOTTE - Dist. Atty. Tom Watts of Elizabeth City was elected president of the N. C. District Attorney's Association during the organization's 1979 annual meeting. Watts has previously served the organization, composed of all North Carolina prosecutors, as vice president and secretary-treasurer.

Watts succeeded Peter Gilchrist, III, Charlotte district attorney in the presidency.

Speaking to the organization, Watts promised to place priority upon securing legislative passage of a career compensation plan for assistant district attorneys. "A

career plan is necessary to retain the best qualified and most experienced assistant D A's," he said. "North Carolina expends more than \$250-million annually on law enforcement and corrections; we can only protect this heavy investment in crime control by increasing the professionalism of the assistant D A's who prosecute the vast majority of cases."

Dist. Atty. Joe Freeman Britt of Lumberton and Wade Barber of Chapel Hill, were elected association vice presidents. Asst. Dist. Atty. Ron Bowers of Salisbury was elected secretary-treasurer, succeeding Keith Teague of Elizabeth City.

BEGINNING JULY 2

They will be open on Monday, Wednesday and Friday at 1 P. M.

The manager will be Kevin Twine. The secretary is Charlene Evans and the auctioneer will be Toby Williford.

Around The Farms

By R. M. Thompson

County Extension Chairman With all the rains that we have had, some of the problems with peanuts are appearing in the form of chemical breakdown that we have depended on to control pests in the past.

The first sign that we saw was thrips in peanuts where Temik, Thimet, Furadan, or Di-Syston usually controls it this time of the year. For this reason, we are suggesting that you mix an insecticide with your leafspot control. These are Malathion 57EC at 4-5 quart per acre, or Sevin at the rate of one pound of actual per acre, which would be one quart of liquid. This mixed with your fungicide will give you leafspot control and insect control.

We have also seen breakdown of grass and weed control and we have labeled Enide 50W at the rate of 4 lbs./Acre that can be applied to the peanuts. This should be applied before the grass or weeds emerge as it will not do much to grass that is already up.

We have many materials that are available for leafspot control and we certainly urge you to get on a regular program and try to control leafspot. We believe alternating the chemicals will help considerably. Begin your control program now and continue at 14-day intervals for all materials until 6 or more applications are made. The materials and rates are as follows:

If you are concerned with southern stem rot and the history of the fields indicate that you might have it, we are suggesting an application of Terraclor in the first two weeks of July. One way to consider this would be 12 1/2 lbs. of 40 per cent Terraclor dust in July and 12 1/2 lbs. of Terraclor dust in August, or 20 to 25 lbs. of Terraclor dust in July and Vitavax applied about the middle of August.

If you have questions, please contact us at the County Extension Office.

Local Students On Dean's List

CHAPEL HILL - The following students from Chowan County have been named to the 1979 spring semester dean's list at the University of North Carolina here:

Pamela Joan Amick, daughter of Mr. and Mrs. George S. Amick, Route 1, Edenton; Joel Walter Hylton, Jr., son of Mrs. Frances Hylton of Edenton; Susan Inglis, daughter of Mr. and Mrs. Ross Inglis, Somerset Farm, Edenton; Grace Jacqueline Parker, daughter of Mr. and Mrs. Jack Parker, Morgan Park, Edenton; Robbie Nan Stutzman, daughter of Mr. and Mrs. R. Blair Stutzman, Country Club Drive, Edenton; and Cynthia Mae Hendren, daughter of Mr. and Mrs. Robert L. Hendren, Route 1, Tyner.
