

### Seafood Park Director Is Chosen

Jack Cahoon, county manager for Dare County, will become the first director of the Wanchese Seafood Industrial Park effective January 1, 1980, according to N. C. Secretary of Commerce D. M. (Lauch) Faircloth.

Construction of the Wanchese project is underway, and includes deepening and enlargement of the harbor, docks and bulkheads. Construction of state owned facilities is expected to be completed in late 1980 or early 1981. The state wants to attract major seafood related companies to build facilities at the harbor.

Cahoon has been Dare County manager since 1973. Previously he was accounting and personnel manager for Westvaco in Manteo for 15 years.

He was graduated from East Carolina University in 1956 with a degree in business administration.

Cahoon is a member of the N. C. County Managers Association and National County Managers Association and several civic organizations. He is married and has two children.

"Jack Cahoon has the perfect combination of industry and government experience for this job," said Faircloth. "I'm sure he can help us turn the Wanchese Seafood Industrial Park into the finest facility of its type in the country."

### FBLA Shopping Basket

Reporters: Teresa Forehand, Jamie Lane and Rhonda Mizelle

Future Business Leaders of America at John A. Holmes High School are currently comparing costs at local supermarkets. The purpose of this survey is to make you, the consumer, more aware of the range of price differences in the various supermarkets and the percentage of increase and decrease in various goods through May, 1980. These prices will reflect the cost of goods to consumers on a selected day each month.

The prices in this survey reflect a base price effective October 11.

We have given careful attention to assure that these prices are accurate. Goods selected were based on 10 items we felt were bought weekly or biweekly. In November, we will begin analyzing various prices in more detail.

If you have any questions regarding this survey or desire to make any comments, please address: FBLA - The Shopping Basket, John A. Holmes High School, Woodard Street, Edenton, N. C. 27932 or call Rhonda Mizelle, 482-8356.

### Hege Returns From China

Stan Hege of Arrowhead Beach has returned home after a 17-day trip to China as a footwear consultant for Benco International of New York City.

The first week was spent in Peking where Hege met with Li Haoran, deputy of light industry with the Chinese government. They established principals and developed an understanding of what the American market can use as far as leather footwear from China

is concerned. Hege then visited several factories and placed orders for 532,000 pairs of leather shoes. Shipments are to start in March, 1980.

Hege said he noticed in the factories that a lot of old methods of handcraft is still practiced in China which results in a superior product.

Benco International has reached an agreement with the Republic of China to become the sole distributor in the United States for the types of footwear purchased by Hege.

Hege said the trip was a tremendous success and he is looking forward to follow up trips.

## Washington Report: Energy Programs Are Debated

By Congressman Walter B. Jones

The House continued debate on legislation authorizing energy programs for fiscal year 1980. In a vote that took the House leadership by surprise, an amendment lifting controls on retail gasoline prices and scrapping the controversial gasoline allocation system, was approved. Apparently, many Members felt that since controls are being lifted from domestic, unrefined crude oil, there is no real purpose in further controls on gasoline prices at the pump. In addition, there was a widespread feeling that the government's cumbersome

allocation rules contributed significantly to the shortage and long lines of last Spring. The matter is not resolved, as the Leadership is seeking for a reconsideration of this vote in the next few days. It is quite possible that with some switches and with the return of Members absent during the first roll call, gasoline price controls will be continued.

Eastern North Carolinians will be particularly interested in a provision in the Energy Bill which authorizes \$3.1-million for basic research and planning for a demonstration plant burning peat to produce electricity. There are vast

deposits of peat in Dare, Tyrrell and Washington counties. The North Carolina Electric Membership Corporation has proposed harvesting this peat to fuel a plant to supply electricity for the various rural electric co-ops throughout the State. The authorizing of federal assistance does not guarantee that this promising new technology will be used in North Carolina, but it is certainly a first step towards possible realization of that goal. Peat could be of significance to us because it is the only energy resource which occurs in the State. Current projections estimate the burning of peat to create electricity would be no more costly than using new coal or nuclear plants, and that pollution problems from peat can be expected to be much less severe than for burning coal.

The House also passed a bill designed to upgrade Vocational Rehabilitation aid for service-connected disabled veterans. Not only will the subsistence rates be increased by 17 per cent to catch up with inflation over the past two years, but the vocational rehabilitation services will be expanded so that rehabilitation will be designed to help the severely handicapped attain

the maximum level of independence consistent with their physical capabilities. As those whose paychecks were threatened already know, Congress reached a last minute compromise on the appropriations bill which provides funding for government benefits and paychecks for federal employees and military personnel. I personally feel that it was irresponsible to hold these paychecks

hostage to the unrelated questions to Medicaid abortions and Congressional payraises. I was willing to compromise on these issues well before the beginning of the fiscal year on October 1, but I was in the minority on the House side. I am supporting efforts to amend Congressional rules to prohibit controversy over paychecks and benefits in future years.

### Library Notes

Shepard-Pruden Memorial Library has received the following books:

**Adult Fiction**  
 "Gold by Gemini" by Jonathan Gash; "Man from Lisbon" Thomas Gifford; "Enemies", Richard Harris; "The Spring of the Tiger", Victoria Holt; "Trade Imperial", Alan Lloyd; "Boudapesti 3", Desmond Lowden; "Lying Three: A Father Dowling Mystery", Ralph McInerney; "McKay's Bees", Thomas McMahon; "Virility Factor", Robert Merle; "Forty

Two Tales", Edgar A. Poe; and "Smooth Justice", Michael Underwood.

## Jewelry Jottings

—By R. W. Davis—

In the first century, Pliny the Elder, thought that a diamond had the power to protect its owner from madness and from fear of violence. He also believed that soaking a diamond in goat's blood made it easier to cleave.

We believe that our diamonds have the power to thrill anyone with their beauty. See our engagement sets. They're gorgeous!

# Facts About The BIBLE

BY JOHN LEHTI

A CASE OF "WOMENS LIB" OVER THREE THOUSAND YEARS OLD!

IT IS RECORDED IN JUDGES, CHAPTERS 4+5 THAT DEBORAH (CIRCA 1296 B.C.) "...THE WIFE OF LAPIDOTH, JUDGED ISRAEL AT THAT TIME". THIS WAS BEFORE THE ADVENT OF KINGS. WHOEVER JUDGED ISRAEL WAS ACCREDITED LEADER OF ALL THE PEOPLE. DURING THIS PERIOD, THE ISRAELITES WERE BEING SEVERELY PERSECUTED BY A CANAANITE KING, NAMED JABIN, AND THEY APPEALED TO DEBORAH TO RID THEM OF HIS DOMINATION....

...DEBORAH APPOINTED A MAN OF GREAT VALOR, BARAK, TO LEAD TEN THOUSAND ISRAELITES AGAINST THE VAUNTED ARMY OF SISERA, KING JABIN'S GENERAL, WHO HAD NINE HUNDRED CHARIOTS OF IRON! BARAK, KNOWING DEBORAH ALSO AS A GREAT PROPHETESS AND SEER, INSISTED SHE BE WITH HIM ON THE FIELD OF BATTLE AND, BECAUSE OF THIS, SHE SAID THAT SISERA WOULD DIE BY A WOMAN'S HAND AND NOT BY A MAN'S... FOLLOWING DEBORAH'S ADVICE, BARAK ATTACKED THE CANAANITES FROM THE HEIGHTS OF MT. TABOR, DRIVING SISERA'S ARMY HARD AGAINST THE BANKS OF THE KISHON RIVER, WHERE HIS CHARIOTS COULD NOT MANEUVER AND, IN FACT, WERE SWEEPED AWAY BY THE WATERS, GIVING ISRAEL A GREAT VICTORY!

THE GENERAL, SISERA, ESCAPED FROM THE BATTLE AND SOUGHT REFUGE BY HIDING IN THE TENT OF HEBER, THE KENITE. HERE, HEBER'S WIFE, Jael, SLEW HIM WHILE HE SLEPT—THUS FULFILLING DEBORAH'S PROPHECY AND PLACING HER NAME NEXT DEBORAH'S AS THE TWO PERSON'S MOST RESPONSIBLE FOR THE CRUSHING DEFEAT OF THE CANAANITES!
