

**Public Input  
 Is Solicited**

A series of public hearings has been announced by the South Atlantic Fishery Management Council to gain public input on a Fishery Management Plan for King and Spanish Mackerel. The Plan, which covers fisheries in the Gulf of Mexico and Atlantic Ocean from Texas to North Carolina, is being developed jointly with the Gulf of Mexico Fishery Management Council and is designed to produce an optimum yield within the 200 mile limit.

Among the issues at the hearings are:

- Minimum catch length of 12 inches of 12 inches for Spanish mackerel.

- No King mackerel under 25 inches in length may be sold.

- Use of Purse seines and trawls.

- Minimum gill net mesh size of 4 3/4 inches.

- Stipulation of quotas for commercial and recreational fishermen.

- Separation of gill netters and commercial hand liners in time and space to reduce conflict in the Fort Pierce area.

- Minimum catch length of 33 inches for cobia, which are taken frequently incidental to mackerel fishing.

In addition, the Council is recommending a mandatory catch reporting system for both commercial and recreational fishermen to provide accurate data to assist the Council in monitoring the effectiveness of management measures aimed at achieving the objectives specified in the plan.

Summary copies of the plan will be available for study in advance of the hearings at all Marine Advisory Offices, some Coastal County Extension Offices, Coastal Conservation Offices, and at Council headquarters, 1 Southpark Circle, Suite 306, Charleston, South Carolina.

The schedule of public hearings for North Carolina include Hatteras Civic Center, Hatteras, March 10, 7-10 P.M.; Carteret Technical Institute Auditorium, Morehead City, March 11, 7-10 P.M.; and Hilton Inn, Garden Room, Wilmington, March 12, 7-10 P.M.

**Mr. Clark  
 Is Accepted**

MURFREESBORO — Clifton C. Clark of Edenton and a senior at John A. Holmes High School has been accepted for admissions to Chowan College for the fall semester beginning August 24, 1980.

Chowan College is a two-year, co-educational, residential college. For students wishing to pursue the baccalaureate degree in senior colleges and universities. Chowan College offers thorough educational opportunities in most professional fields. Students whose formal education will not extend beyond the associate degree can enter the world of work in business, accounting, secretarial administration (legal and medical), merchandising management, newswriting, advertising, printing technology, photography, and communications art.

Chowan College has an enrollment of approximately 1,050 students representing 25 states and 14 foreign countries. Chowan offers opportunities in 12 professional fields: business, English, fine arts (music and art) graphic arts, photography, health and physical education, language, mathematics, religion and philosophy, science and social science.

Over 95 percent of all lung cancer patients are smokers.
