Miss Bateman; Mr. Byrum Exchange Vows

Miss Lisa Fay Bateman and Mr. Randy Lee Byrum were united in marriage Saturday, at 3 P.M. in Ballards Bridge Baptist Church.

The bride's pastor, Rev. George Cooke, officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. David T. Bateman of Tyner. Parents of the groom are Mr. and Mrs. Joseph A. Byrum of Tyner.

Mrs. Delores Hollowell, organist, provided a program of traditional wedding music. Mrs. Brenda Harrell was soloist.

The church altar was decorated with a brass candle tree in the center and two brass candle trees on each side, with two large bouquets of white gladioli, white mums and white daisies on each side. There were two brass spirals and lush jade palms in the background. A large white pillar Candle was placed in the center of English Ivy cascading to the floor on a brass Candle stand. The bride and groom lit the candle with two tapers, that were given to them by the pastor.

The bride, escorted by her father and given in marriage by her parents, wore a formal length gown of white organza over white peau de soie. It was designed with a high neckline encircled with silk Venise lace that continued over the empire bodice. The full Bishop sleeves were enhanced with motifs of Venise lace. The A-line skirt extended into a chapel length train. Motifs of lace were scattered over the d train. She wore a finger-tip length mantilla of bridal illusion trimmed in matching Venise lace.

The bride carried a cascaded nosegay of white sweetheart roses, stepanotis and baker fern.

Miss Cathy Bateman of Tyner, sister of the bride, served as maid of honor. Bridesmaids were Mrs.

PREVENTING SPORTS INJURIES

No one would think of playing tackle football without wearing shoulder pads and helmet. Yet, far too many youngsters play contact sports, without wearing protection for their mouths. This results in all too many cases of split lips, broken, chipped and knocked out teeth. For example, fifty two per cent of all football injuries occur in unprotected faces and mouths.

The best way to prevent all this mouth damage, is to wear a mouth protector. Bars across football helmets don't do the same job. They don't protect the teeth and jaws from an upward blow on the chin - only from a blow straight against the face. Dental injuries to football wearing proper mouth protectors have been almost completely eliminated.

Most old-style mouthguards, such as those we see boxers using, are not very easy to wear because they are bulky. Talking is just about impossible. Many players prefer to talk and be comfortable and risk the chance of injury rather than wear one. However, a modern mouthguard, made to an accurate model of a boy's mouth doesn't interfere with mouth breathing, stays in place when the mouth is opened, allows clear speech and is comfortable.
