## The Bandon Notebook

By Maggie B.

Happy New Year, Neighbors! It seems that the years roll by faster and faster! Tomorrow will be January 1, 1981! A brand new year - a brand new chance to correct the mistakes we have made and to live 1981 much closer to God and to each other - a chance to freely forgive our friends, neighbors and families for some real or imagined offense if we expect God to forgive us for our sins. I hope that during this coming year, God will grant to you and me one of his greatest gifts - the gift of health. Further, the thoughts expressed in the Kleinknect Gems of Thought:

"That each of you in the New Year may have enough happiness to keep you tranquil; enough trials to keep you strong; enough sorrow to keep you human; enough hope to keep you happy; enough failure to keep you humble; enough friends to give you comfort; enough faith and courage to banish depression; enough wealth to meet your needs; and enough determination to make the new year better than the last!"

This Lord's Day at Bandon Chapel was a real blessing to all who attended. Flagg Campbell taught a beautiful lesson in Sunday School on "Jesus Begins His Ministry". Mike

Peters celebrated his birthday by placing his contribution in our Birthday Bank.

At our Worship Service, Rev. Frank Meyer brought us a wonderful message which was enlightening and enjoyed by all. Mrs. Bobbie Jean Holt sang a beautiful solo entitled "Cantique de Noel". She really made the rafters ring and sent chills up and down the spine. She puts her heart and soul in the music she sings.

Prayer List: Prayer is the most powerful force in this world today. Please remember all the fine folk named in last week's paper and add little 4 year old Jackie Revels who was transferred from Chowan Hospital to Kings Daughters Hospital in Norfolk on Saturday; Robert (Red) Pillar who is confined to Leigh Memorial Hospital in Norfolk and Louise Pillar, a heart patient; and pray for me.

1. Next Sunday Rev. Larry McClure will fill the pulpit. We are looking forward to hearing him again.

2. Watchnight Service will be held Wednesday night starting at 11 P.M. It is requested that those attending bring "goodies" to be enjoyed at the Fellowship Hour following the Service. 3. January 11th, 1981 is a very important date in

**Bleaching Discolored Teeth**

Discolored teeth can be restored to their original color. The discoloration may be caused by the death of the nerve. For whatever reason your tooth or teeth may be discolored, there is absolutely no reason to go through life hiding your smile. Such discolorations can be corrected by a simple process known as bleaching.

Bleaching agents are applied within the tooth to remove the stains that are in the dentin. Techniques employing concentrated oxidizing agents have been successful in most cases. This process is used for internal tooth discoloration and not for the removal of surface stains that may be polished off the enamel.

The bleaching process is usually successful but sometimes the discoloration may reappear after a few years and then another bleaching will be required. The process is quite harmless.

Of course, a more permanent cure for a discolored, or deformed tooth is an artificial crown or jacket (sometimes known as a cap).
